RESOLUTION ON THE ANNUAL REPORT OF THE PORT OFFICER, CALCUTTA, FOR THE YEAR 1908-09.

No. 1945Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 11th August 1909.

RESOLUTION.

READ—

Letter from the Port Officer, Calcutta, No. 2868, dated the 12th July 1909, submitting the Annual Report of his Department for 1908-09.

THE strength of the Pilot service at the close of the year was 54 Pilots and 15 Leadsmen Apprentices, against 52 and 16 at the close of 1907-08.

During the year one Licensed Branch Pilot retired. Two Leadsmen Apprentices were removed from the service—one on account of incompetency and the other on account of bad health. Four Leadsmen Apprentices were recruited from England.

2. The number of vessels visiting the port increased during the year: 1,642 vessels with gross tonnage of 6,241,062 arrived, while 1,636 vessels with gross tonnage of 6,228,936 left. The corresponding numbers in the previous year were 1,567 with tonnage of 6,010,081 and 1,563 with tonnage of 5,985,547.

The average tonnage of vessels entering and leaving the port was 3,803. The pilotage receipts amounted to Rs. 13,88,898, against Rs. 13,49,151 in 1907-08.

3. The number of vessels drawing over 21 feet entering and leaving the port increased, being 349 and 914, against 334 and 896 in the previous year. Many vessels, chiefly in the coal trade, enter the port in ballast and leave fully loaded.

4. Only two vessels were neaped owing to insufficient water over the bars in the river channel. The Lieutenant-Governor is glad to note that no vessel was detained during the year for want of a Pilot.

5. The number of collisions and groundings during the year were 5 and 18, against 5 and 20 in the previous year. One collision and two groundings were held to be due to an error of judgment on the part of the Pilot.

6. Forty-eight preliminary enquiries were held by the Port Officer. Of these, one was referred to a Departmental Court and four to Special Courts of Enquiry. Besides the above, four Special Courts of Enquiry were held in connection with casualties which occurred to vessels in charge of Assistant Harbour Masters; one magisterial enquiry, under section 34 of the Inland Steam-vessels Act, 1884, was also held. No Court under Act XII of 1859 was held during the year.

7. Ninety-five candidates appeared at the examinations for the grant of Colonial and Home Trade certificates of competency, of whom 54 passed; 450 candidates appeared at the examinations for the grant of certificates of competency as Masters, Serangs, Engineers and Engine-drivers, under the Inland Steam-vessels Act, 1884, of whom 173 passed. There was no candidate for the license of a steam-tug pilot.

8. Mr. G. Robertson was First Engineer and Shipwright-Surveyor till the afternoon of the 30th October 1908, when he proceeded on 13 months' furlough. Mr. E. G. Venn, R.I.M., Second Engineer and Shipwright-Surveyor, has been acting as First Engineer and Shipwright-Surveyor since that date, and Mr. F. Olford, R.I.M., Third Engineer and Shipwright-Surveyor, as Second Engineer and Shipwright-Surveyor, while Mr. H. R. Stark has been acting as Third Engineer and Shipwright-Surveyor.

9. Commander St. L. S. Warden, R.I.M., presided over the Department during the year except for 90 days from 2nd July to 2nd October, when he was on privilege leave, Commander F. Dobson, R.I.M., acting for him. Lieutenant H. E. Harold continued as Assistant Port Officer and Shipping Master throughout the year.

By order of the Lieutenant-Governor of Bengal,

T. BUTLER,

Secy, to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF THE YEAR 1909-10.

No. 4168B., dated Calcutta, the 11th August 1909.

From—SRIGOPAL BHATTACHARJI, ESQ., M.A., B.L., Secretary to the Board of Revenue, L. P., Misc. Revenue Dept.,

To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the following report on the state of the salt market for the first quarter of the year 1909-10, comprising the months of April, May and June 1909.

Member in charge:
THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

2. The quantity of salt of every description cleared during the quarter amounted to 34,60,843 maunds, as compared with 28,12,147 maunds in the previous quarter, and 34,01,461 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 31,82,731 as against Rs. 25,85,126 in the previous quarter, and Rs. 30,57,387 in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

The stocks remaining in the golas at the close of the quarter were greater than those of the preceding four quarters.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 442 maunds, as against 2,197 maunds in the previous quarter and 1,711 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 5,810 maunds, as compared with 11,477 maunds* in the previous quarter and 4,398 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 34,000 tons. It is reported that the vessels noted in the margin are on the sea bound for Calcutta with cargoes of salt from Bremen. The quantity given against each ship is approximate only.

† These prices are exclusive of Port Commissioners' special toll of annas 4 per ton and Customs duty of Re. 1 per maund.

During the quarter the prices of Liverpool *panga,* Hamburg and Spanish *karkuch,* Aden and Salif crushed fell. The prices of Bombay *karkuch* fell at first but rose towards the end of the quarter. The general fall in prices is said to be due to competition between Liverpool and Spanish salt. No imports of Madras salt were made into the port of Calcutta during the quarter.

10. The quantity of sea-imported salt admitted into, and cleared from, bond at the inland warehousing station of Chandbali in the district of Balasore, during the quarter and the corresponding quarter of the previous year, is given below:—

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JULY 1909.

Character of the season.—The rainfall during the month under review was below the normal in all districts excepting Orissa and Darbhanga where it was in excess.

The usual rainfall table is appended.

Progress of agricultural operations.—Transplantation of winter rice continued during the month. Rain was needed in most districts of Lower Bengal and Chota Nagpur and also in Purnea and the Sonthal Parganas.

State of standing crops.—Sugarcane, jute and other autumn crops are doing well. The autumn crops in Bihar were greatly benefited by the break in the rains and by sunshine in the middle of the month.

Prospects and probable outturn of harvests.—Prospects of jute and other autumn crops are fair.

Damage to crops.—Some damage was done by insects to jute and autumn paddy in Nadia and to sugarcane in Murshidabad. Floods did some injury to jute on low lands in Purnea and to autumn crops in Shahabad.

Condition of agricultural stock.—The condition of cattle was on the whole fair. Rinderpest was reported from Sambalpur and ordinary cattle-diseases from Burdwan, Bankura, Nadia, Murshidabad, Jessore, Khulna, Patna, Gaya, Saran, Champaran, Muzaffarpur, Monghyr, Purnea, the Sonthal Parganas, Angul, Puri, Ranchi, Palamau and Manbhum.

Failure of pasturage and fodder.—The fodder and water supply was sufficient throughout the province.

Price of food-grains.—During the second fortnight of the month the price of common rice rose in four and fell in fifteen districts. Prices of food-grains are easier than in the corresponding period of last year.

Condition of labouring classes and agricultural population.—Prospects of harvests are good The condition of the labouring classes are better and relief operations have been closed in the affected districts.

General Summary.—Rain was general all over the Province. The fall was heavy in Darjeeling, Cooch Behar and in parts of Nadia and Khulna, moderate in Howrah, Jessore, Champaran and Muzaffarpur and light elsewhere. More rain is reported to be wanting in parts of the 24-Parganas, Murshidabad, Purnea, Angul, Hazaribagh and Singhbhum. Transplantation of winter rice continues. Harvesting of autumn paddy and jute has commenced. The condition of standing crops is generally fair, but they have been damaged to some extent by heavy rain in Jessore, Khulna and Darjeeling and by floods in Champaran. The price of common rice has risen in Nadia, Angul and Ranchi, and has fallen in Burdwan, Birbhum, Jessore, Patna, Gaya, Champaran, Darbhanga, Cuttack, Balasore, Sambalpur, and Manbhum and in the Bhagalpur Division excepting Darjeeling. Rinderpest is reported from Sambalpur, and ordinary cattle-diseases from Midnapore, Nadia, Jessore, Patna, Shahabad, Champaran, Muzaffarpur, Bhagalpur, Purnea, Angul, Ranchi and Palamau. The fodder and water supply is sufficient.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF JULY 1909.

During July, the rainfall was below the average in all districts of the Province, excepting Darbhanga, Sambalpur, Cuttack, Balasore and Puri, where it was in excess. The deficiency varied from – 0·18 inch in Khulna to – 7·43 inches in Purnea.

Expressed in percentage figures, South-West Bengal received 76 per cent., Bihar 75 per cent., Orissa 146 per cent. and Chota Nagpur 68 per cent. of the normal fall. Orissa was the only division where the fall was in excess.

In South-West Bengal the rainfall of the first seven months expressed as a percentage was 103 per cent., in Bihar 111 per cent., in Orissa 136 per cent. and in Chota Nagpur 89 per cent.

The following table compares the rainfall in the four divisions during the month of July with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past seven months of the year 1909:—

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; g, dark gloomy; t, thunder; p, passing temporary showers; K, thunderstorm.

In exercise of the powers conferred upon him by section 101 (2) (*b*) of the Bengal Tenancy Act, 1885 (VIII of 1885), as amended by Bengal Act III of 1898 and Bengal Act I of 1907, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands comprised in the said estate.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(a) the name of each tenant or occupant;
(b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not and whether his rent is liable to enhancement during the continuance of his tenure;
(c) the situation and quantity, and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the rent payable at the time the record-of-rights is being prepared;
(f) the mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the rights and obligations of each tenant and landlord in respect of—
  (i) the use by tenants of water for agricultural purposes, whether obtained from a river, *jhil*, tank or well or any other source of supply, and
  (ii) the repair and maintenance of appliances for securing a supply of water for the cultivation of the land held by each tenant, whether or not such appliances be situated within the boundaries of such land;
(i) the special conditions and incidents, if any, of the tenancy;
(j) any right of way or other easement attaching to the land for which a record-of rights is being prepared;
(k) if the land is claimed to be held rent-free, whether or not rent is actually paid and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(l) the name of each proprietor, with the character and extent of his interest, and the situation, quantity and one or more of the boundaries of each proprietor's private lands as defined in Chapter XI of the Act.

NOTIFICATIONS.

No. 1440Medl.—The 24th August 1909.—In exercise of the power conferred by section 2 of the Poisons Act, 1904 (I of 1904), and in supersession of this Government Notification No. 314Medl., dated the 4th February 1908, the Lieutenant-Governor is pleased to make the following rules to regulate the possession for sale, and the sale, of certain poisons, within the limits of Municipalities and Cantonments in Bengal:—

I.—In these rules "Poison" means Nux Vomica, Cyanide of Potash, and Stramonium (Dhattura); and the expressions "sell" and "sale" mean respectively "sell by retail" and "sale by retail."

II.—No persons shall possess any poison for sale except under a license granted in this behalf by the District Magistrate, and no person other than a person possessing such a license or an agent referred to in rule VII shall sell any poison.

III.—The grant or withdrawal of a license to any applicant shall be at the discretion of the District Magistrate, whose decision thereon shall be final.

IV.—A fee of Re. 1 per annum shall be charged for each license granted under Rule II, and shall be paid before the grant of such license; and the license shall be inscribed on a non-judicial impressed stamped paper of the appropriate value, provided that no fee shall be charged to any person who has already paid the annual fee for a license to possess poison for sale under the rules made under section 4 of the Poisons Act, 1904.

V.—Every license granted under Rule II shall terminate on the death of the license-holder.

VI.—The District Magistrate may, for any sufficient cause, revoke or cancel any such license.

VII.—A license-holder shall effect every sale of poison either in person or through an agent whose name, description and address shall be endorsed on the license over the signature of the District Magistrate.

VIII.—A license-holder or his agent as aforesaid shall not sell any poison to any person, unless the latter is personally known to him, or is identified to his satisfaction. He shall not sell any poison to any person who appears to him to be under the age of 18, or to any person who does not appear to him to be in full possession of his faculties, or to any wandering mendicant.

IX.—A license-holder or his agent as aforesaid shall not sell any poison of a quantity exceeding one ounce at any one time and to any one person.

X.—(1) A license-holder or his agent as aforesaid shall maintain a register in which he shall enter all sales of poison. (2) The following particulars shall be entered in such register in respect of each sale, namely :—

(a) Name of poison.
(b) Quantity sold.
(c) Date of sale.
(d) Name of purchaser.
(e) Address of purchaser.
(f) Purpose for which the poison is stated to be required.
(g) Signature of purchaser (or, where purchaser is illiterate, his thumb mark).
(h) Signature of vendor.

XI.—A license-holder or his agent as aforesaid shall maintain in respect of each poison a stock register which shall contain the following particulars, namely :—

(a) Serial number.
(b) Date.
(c) Amount received.
(d) Name and address of person from whom received.
(e) Amount sold.
(f) Balance in stock.
(g) Remarks.

XII.—Any Magistrate, any Police-officer of or above the rank of Sub-Inspector, any Revenue-officer of or above the rank of Kanungo or Naib-Tahsildar, any Excise officer above the rank of Sub-Inspector or any Medical Officer of or above the rank of Medical Assistant, may at any time visit and inspect the premises of a license-holder or his agent as aforesaid where poison is kept for sale, and may inspect all poisons found therein and the registers maintained under Rules X and XI.

XIII.—(1) All poisons shall be kept in a separate locked almirah or box, which shall have the word "Poison" in English and the vernacular painted on it in red letters. (2) Each small receptacle within such almirah or box shall be marked in paint with the name of the poison contained in it, and shall also have the word "Poison" in English and the vernacular painted upon it in red letters.

XIV.—Poison shall not be kept otherwise than in securely closed receptacles of glass, tin or earthenware.

XV.—When any poison is sold, it shall be securely packed in a packet, and every packet sold shall be labelled by the vendor with a red label bearing the name of the poison in the vernacular, the name of the vendor and the number and date of the entry in the register of sales.

XVI.—When a license-holder also deals in poisons wholesale, the stock maintained for sale by retail shall be kept entirely distinct from any stock maintained for the purpose of wholesale transactions.

XVII.—The powers conferred by these rules upon a District Magistrate may be exercised in the town of Calcutta, as defined in section 3 of the Calcutta Municipal Act, 18.9 (Ben. Act III of 1899), by the Commissioner of Police, and in a Cantonment by the Cantonment Magistrate.

No. 1441Medl.—The 24th August 1909.—In exercise of the power conferred by section 4 of the Poisons Act, 1904 (I of 1904), as extended by the Notification of the Government of India in the Home Department, No. 620, dated the 13th May 1908, and in supersession of this Government Notification No. 1259Medl. of the 20th July 1908, the Lieutenant-Governor is pleased to make the following rules to regulate the possession for sale, and the sale, of white arsenic and certain other poisons in Bengal.

I. In these rules—

(1) The said poisons means any of the following poisons, namely :—

(i) White arsenic.
(ii) Sulphides of arsenic—
  (a) Red sulphides (realgar).
  (b) Yellow sulphide (orpiment).
(iii) Impure sulphides of arsenic—
  (c) Black arsenic.
  (d) Impure orpiments—
    (1) White sulphuret.
    (2) Pink sulphide.
    (3) Brown sulphide.
(iv) Green arsenic—
  (e) Arsenite of copper (Scheele's green).
  (f) Aceto arsenite of copper (Schwinfurth's green).
(v) Aconite.
(vi) Perchloride of mercury (corrosive sublimate).

(2) "Sell" and "sale" mean respectively "sell by retail" and "sale by retail."

II.—No person shall possess any of the said poisons for sale, except under a license granted in this behalf by the District Magistrate, and no person other than a person possessing such a license or an agent referred to in rule VII shall sell any of the said poisons.

III.—The grant or withdrawal of a license to any applicant shall be at the discretion of the District Magistrate, whose decision thereon shall be final.

IV.—A fee of Re. 1 per annum shall be charged for each license granted under rule II, and shall be paid before the grant of such license; and the license shall be inscribed on a non-judicial impressed stamped paper of the appropriate value: provided that no fee shall be charged to any person who has already paid the annual fee for a license to possess any of the said poisons for sale under the rules made under section 2 of the Poisons Act, 1904.

V.—Every license granted under rule II shall terminate on the death of the license-holder.

VI.—The District Magistrate may, for any sufficient cause, revoke or cancel any such license.

VII.—A license-holder shall effect every sale of any of the said poisons either in person or through an agent whose name, description and address shall be endorsed on the license over the signature of the District Magistrate.

VIII.—A license-holder or his agent as aforesaid shall not sell any of the said poisons to any person, unless the latter is personally known to him, or is identified to his satisfaction. He shall not sell any of the said poisons to any person who appears to him to be under the age of 18, or to any person who does not appear to him to be in full possession of his faculties, or to any wandering mendicant.

IX.—A license-holder or his agent as aforesaid shall not sell any of the said poisons in a quantity exceeding one ounce at any one time and to any one person.

X.—(1) A license-holder or his agent as aforesaid shall maintain a register in which he shall enter all sales of any of the said poisons.

(2) The following particulars shall be entered in such register in respect of each sale, namely:—

(a) Name of poison.
(b) Quantity sold.
(c) Date of sale.
(d) Name of purchaser.
(e) Address of purchaser.
(f) Purpose for which the poison is stated to be required.
(g) Signature of purchaser (or, where the purchaser is illiterate, his thumb-mark).
(h) Signature of vendor.

XI.—A license-holder or his agent as aforesaid shall maintain a stock register, which shall contain the following particulars, namely:—

(a) Serial number.
(b) Date.
(c) Amount received.
(d) Name and address of person from whom received.
(e) Amount sold.
(f) Balance in stock.
(g) Remarks.

XII.—Any Magistrate, any Police-officer of or above the rank of Sub-Inspector, any Revenue-officer of or above the rank of Kanungo or Naib-Tahsildar, any Excise officer above the rank of Sub-Inspector or any Medical officer of or above the rank of Medical Assistant, may at any time visit and inspect the premises of a license-holder or his agent as aforesaid where any of the said poisons is kept for sale, and may inspect the stock found therein and the registers maintained under rules X and XI.

XIII.—(1) The said poisons shall be kept in a separate locked almirah or box, which shall have the word "Poison" in English and the Vernacular painted on it in red letters.

(2) Each small receptacle within such almirah or box shall be marked in paint with the name of the poison contained in it, and shall also have the word "Poison" in English and the Vernacular painted upon it in red letters.

XIV.—The said poisons shall not be kept otherwise than in securely closed receptacles of glass, tin or earthenware.

XV.—When any of the said poisons is sold, it shall be securely packed in a packet, and every packet sold shall be labelled by the vendor with a red label bearing the name of the poison in the Vernacular, the name of the vendor, and the number and date of the entry in the register of sales.

XVI.—A license-holder or his agent as aforesaid shall not sell powdered arsenic or powdered sulphide of arsenic to any person, unless the same is, before the sale thereof, mixed with soot, indigo or Prussian blue in the proportion of half an ounce of soot, indigo or Prussian blue at least to one pound of the arsenic or sulphide, and so in proportion for any greater or less quantity.

XVII.—When a license-holder also deals in any of the said poisons wholesale, the stock maintained for sale by retail shall be kept entirely distinct from any stock maintained for the purpose of wholesale transactions.

XVIII.—The powers conferred by these rules upon a District Magistrate may be exercised in the town of Calcutta, as defined in section 3 of the Calcutta Municipal Act, 1899 (Ben. Act III of 1899), by the Commissioner of Police, and in a Cantonment by the Cantonment Magistrate.

NOTIFICATION.

SUPPLEMENTARY ENTRANCE EXAMINATION.

A TEST Examination of private students for admission to the ensuing Supplementary Entrance Examination will be held from the 22nd to the 25th September 1909, in the Patna Collegiate School.

2. Candidates who were registered for the last Entrance Examination and who have not passed will be treated as private students and admitted to the Test Examination, if they have not read in any school recognised or unrecognised since the date of the last Entrance Examination.

3. Applications for permission to appear at the Test Examination should reach this office not later than the 10th September next. The information to be given and the documents to be appended are the following :—

(a) The name of the school in which the candidate last studied.

(b) The name, age, father's name and address of the candidate.

(c) The Registrar's receipt for the fee paid for the last Entrance Examination.

(d) A certificate that the candidate has not read in any school since the date of the last Entrance Examination, from the Head Master of the school in which he last read or from other reliable authorities.

(e) A certificate of good conduct.

4. Each private student will have to pay a fee of Rs. 4 to the Inspector of Schools, Patna Division. No private students will be admitted to the Test Examination, unless he is accompanied for the purpose of identification, by some person known to the Head Master of the Patna Collegiate School.

5. The application forms of the candidates, who satisfy the test, should be forwarded to this office by the Head Master, duly filled in and signed. They will then be sent to the candidates direct by this office after counter signature of the Inspector.

6. The fee for admission to the Supplementary Entrance Examination is Rs. 15. It should be sent to the Registrar by the candidates themselves, together with the countersigned application.

7. The Supplementary Examination will be held in or about the 2nd week of December 1909. The applications and fees for admission should reach the office of the Registrar on or before the 12th October 1909.

Advertisement of Sale.

MISCELLANEOUS CASE No. 886 of 1909-10.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government situated along the Railway, in the district of Balasore, will be put up to sale at 11 o'clock on 8th day of September 1909, corresponding with the 23rd Bhadra 1316 Fusli, at the Bhadrak Dák Bungalow or subsequent dates as may be postponed to.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sales.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

FINAL REPORT ON THE COTTON CROPS OF BENGAL, AUGUST 1909.

THE following report is published for general information.

C. G. H. ALLEN,
Offg. Chief Secy. to the Govt. of Bengal.

The 17th August 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FIRST REPORT ON THE COTTON CROPS OF BENGAL, AUGUST 1909.

(On an average of the five years ending 1907-08, the area under the cotton crop in the territory to which this forecast relates has represented some 0·85 per cent. of the total area under cotton in India).

Explanatory.—This report deals with the area sown and the prospects of the early crop and gives a brief summary of the progress of sowings of the late crop.

Character of the season.—The early crop is important in the Sonthal Parganas, Manbhum, Singhbhum, Sambalpur, Ranchi and Angul. The late crop is chiefly cultivated in North Bihar. Saran has an area under this crop amounting to almost half of the total late cotton area. Sowings of both varieties were effected in the normal season. The early crop which is generally sown before the rainy season is doing well. Fair progress has been made in sowings of the late crop in North Bihar, but in Bankura, Cuttack, Balasore and Angul the crop has not yet been sown. Some damage has been done to the crops in Shahabad by floods.

Area sown.—The area sown with the early crop is estimated at 34,193 acres as against 31,230 acres estimated last year.

Sowings of the late cotton crop have not yet been completed. The area sown up to now is reported to be 27,582 acres as against 28,760 acres given in the first forecast of the cotton crops issued in August last. The area under the crop as shown in the final cotton forecast of 1908 was 32,869 acres.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL FOR 1909.

THE following note is published for general information.

C. G. H. ALLEN,
Offg. Chief Secy: to the Govt. of Bengal.

The 18th August 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1909.

(On an average of the five years ending 1907-08, the area under sugarcane in the territory to which this forecast relates has represented some 18·1 per cent. of the total area under this crop in British India.)

Character of the season.—Sugarcane is grown chiefly in Bihar. In the districts north of the Ganges, it is grown without irrigation, while in those on the south of the river as also in other parts of the Province, frequent irrigation is generally necessary in the hot months. In Lower Bengal and Bihar, the rainfall was defective at the time of planting and at the early part of the growth of the crop. Planting in these tracts, though commenced in normal time, was retarded in places, and the growth of the crop was affected for want of timely rain. The rain that followed, however, improved its condition which is reported to be good at present. In Orissa and Chota Nagpur, the weather conditions were generally favourable.

Area planted.—The area planted with sugarcane this year is estimated at 353,700 acres against 375,200 acres estimated to have been cultivated last year. The normal area under the crop has been shown as 430,200 acres. The decrease in the area planted this year is due to want of moisture at the time of planting.

Outturn.—From the district reports attached to this note, it will be seen that in two districts, viz., Sambalpur and the Sonthal Parganas, crops of 105 per cent. are expected to be harvested. Balasore, Angul, Ranchi and Palamau estimate 100 per cent. crops. Eight districts report from 90 to 99 per cent. crops, five districts from 80 to 89 per cent. and eight districts from 70 to 79 per cent. crops. In the remaining six districts, estimates of outturn are reported as follows:—Saran (69 per cent.), Darjeeling (65 per cent.), Patna (63 per cent.), Champaran (62 per cent.), Birbhum (60 per cent.) and Murshidabad (54 per cent.).

According to these estimates the total outturn of the crop for the Province amounts to 81 per cent. of the normal against 62 per cent. estimated for last year.

Other sources of gúr.—The quantity of *gúr* likely to be obtained from the juice of the date palm is estimated at 1,346,137 cwts. and the output of sugar from the palmyra palm is estimated at 15,309 cwts.

FINAL FORECAST OF THE EARLY VARIETY OF THE SESAMUM (*TIL*) CROP OF BENGAL FOR THE YEAR 1909-10.

THE following note is published for general information.

C. G. H. ALLEN,

Offg. Chief Secy. to the Govt. of Bengal.

The 19th August 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE EARLY VARIETY OF THE SESAMUM (*til*) CROP OF BENGAL FOR THE YEAR 1909-10.

(On an average of the five years ending 1907-08, the area under *til* in the territory to which this forecast relates has represented some 5·7 per cent. of the total area under this crop in British India.)

Character of the season.—Of the 24 districts in which the crop is cultivated, Midnapur, Angul, Manbhum, Singhbhum, Jessore, Shahabad and Burdwan are the most important. In Angul, Singhbhum and also in Gaya, sowings begin generally in August and acreages sown with the crop in these three districts are not yet available. In most of the districts, it was found that the soil lacked moisture at the time of sowing. In Jessore only, a very small area could be sown and in Bhagalpur, the crop was not sown. The season was on the whole unfavourable.

Area sown.—The total area sown with the crop is estimated at 35,800 acres (exclusive of the areas in Gaya, Angul and Singhbhum for which estimates are not now available). The area sown last year amounted to 50,000 acres. The normal area under the crop is returned as 63,400 acres.

Outturn.—In Sambalpur alone, more than a normal crop is expected. The 24-Parganas report a 100 per cent. crop. In four districts, the crops vary from 90 to 99 per. cent. and in five districts, they are between 71 and 77 per cent. In nine districts, crops are estimated to be between 40 to 69

per cent. According to the returns of District Officers, the total outturn for the Province works out to 72 per cent. of a normal crop against 70 per cent., which was the estimate shown last year.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; t, thunder; d, drizzling rain; p, passing temporary showers.

POLICE.

NOTIFICATION.

No. 2999P.—The 30th August 1909.—The following revised rules for the recruitment of Sub-Inspectors of Police, which have been sanctioned by Government in supersession of all previous rules on the subject, are published for general information.

C. G. H. ALLEN,
Offg. Chief Secy. to the Govt. of Bengal.

RULES FOR THE RECRUITMENT OF SUB-INSPECTORS OF POLICE.

A.—By direct appointment.

1. The appointment of probationary Sub-Inspectors of Police will be made by the Inspector-General annually in December.

2. In the preceding August the Inspector-General will intimate to each Range Deputy Inspector-General and Superintendent of Police the number of vacancies allotted to each district to be filled by candidates appointed direct, and will call for three nominations for every two vacancies. He will also indicate what limitations, if any, are to be observed as to the appointment of any particular section of the community.

3. The Range Deputy Inspector-General will thereupon instruct each Superintendent of Police to publish freely in his district a notice in the annexed form. The notice states that applications will be received up to the end of September; that printed forms of application, P. C. Form 127B, can be obtained from the office of the Superintendent of Police; that a candidate must possess the qualifications specified in rule 15, and that, after filling in the application form, he must appear with it and his certificates, if any, before the Superintendent of Police, by whom he will be measured. The Superintendent of Police will then issue a verification roll in P. C. Form No. 111A, and it shall be verified by an officer of rank not below that of Inspector. The Superintendent will, if satisfied with the result of the verification and the candidate's physical and educational qualifications, send the candidate to the District Magistrate, and, with his approval, enter his name in the Register of candidates as eligible.

4. The Range Deputy Inspector-General will communicate a similar notice to any reputable local newspaper and freely seek the help and interest of Heads of Schools and Colleges in securing candidates of a good class.

5. A register* of candidates will be kept by the Superintendent of Police, and the names of all candidates will be entered in it. Against those who are not passed as eligible, the word "Rejected" will be clearly written, and they will be debarred from presenting themselves again for selection and should be informed accordingly.

* P. C. Form No. 127A.

6. Those candidates who are considered eligible will be warned that they will have to appear before the Nomination Committee on a date in October or November to be subsequently fixed and communicated to them.

7. Immediately on the expiry of the period allowed for filing applications, each Superintendent of Police will inform the Range Deputy Inspector-General of the number of candidates registered as eligible in his district and will classify them under the heads Hindu, Muhammadan, and special castes.

8. Selection in the districts will be made by the Superintendent of Police and the District Magistrate, who will call up the eligible candidates and select 50 per cent. in excess of the actual number of vacancies allotted to the district.

The District Committee will ordinarily nominate only candidates domiciled in its own district, but if in any district of Bihar sufficient suitable candidates are not available, the Committee may entertain applications from residents of another district of Bihar, or the United Provinces. Hindus and Muhammadans shall be selected, if eligible candidates are available, in the proportion which each class bears to the total population of the district as shown in the table attached. In Orissa as many suitable Uriyas as can be obtained should be selected. In Chota Nagpur and the Sonthal Parganas such suitable Kols, Mundas, Uraons and Sonthals, as are available, should be selected, but at present no proportion can be fixed. The Superintendent shall require selected candidates to produce health certificates in P. C. Form 110 from the Civil Surgeon, and shall then submit to the Range Deputy Inspector-General a list of the candidates selected, in order of selection, stating against each their qualifications and grounds of selection, and with this list, which should bear the District Magistrate's countersignature, he will also send :—

(i) The Register of the candidates.

(ii) The applications of candidates with their certificates and testimonials and recommendations in original.

(iii) The verification rolls of the candidates.

(iv) The health certificates of the candidates in P. C. Form 110.

9. The Deputy Inspector-General shall then re-examine these papers, and see that the rules are observed, and that the percentage of Hindus, Muhammadans and Uriyas is properly adjusted for each Division if not for each district. If the number of candidates in any district falls short of requirements, he may make good the deficiency by selection among

10. The selection of candidates must be completed by the 15th November in all districts, and the Deputy Inspector-General will submit to the Inspector-General by the 25th idem a list of the nominees in two parts, the first containing the names, district by district, of those most strongly recommended to fill the number of vacancies allotted to the division, the second containing the names of those who constitute the 50 per cent. reserve. With this list will also be submitted the application forms and certificates of all the nominees entered in it, together with their medical certificates in P. C. Form No. 110.

11. The Inspector-General, in consultation with the Deputy Inspectors-General, will personally inspect the nominees at convenient centres on dates which will be duly notified, and after any further examination which may appear necessary will appoint the required number of probationers, and send to each an appointment order directing him to report himself to the Principal, Police Training College, Ranchi, on the date mentioned.

A detailed list of the candidates appointed will at the same time be sent to the Principal, Police Training College, together with their nomination rolls, verification rolls, medical and other certificates.

These papers will form part of the cadet's appointment papers and will be sent to the Superintendents of Police of the districts to which they are subsequently posted.

12. The candidates appointed will undergo a course of one year's instruction at the Police Training College, Ranchi. The first term usually commences on the 2nd January.

13. At the end of the course those declared by the Examination Committee to have passed will be posted to districts as probationary Sub-Inspectors for a period of two years. At the end of that period those pronounced competent and fit will be confirmed by the Deputy Inspectors-General as Sub-Inspectors. The Inspector-General may discharge a probationary Sub-Inspector at any time prior to his confirmation, if he is satisfied that the probationer is not likely to make a satisfactory police officer.

14. During the period of instruction they will be subject to the rules and regulations of the College and will receive Rs. 25 a month as salary. On being passed out of the Training College, they will receive the full salary of the grade to which they are appointed.

15. The qualifications which a candidate for direct appointment must possess are the following:—

(a) He must be of good social standing and respectable parentage, and must ordinarily be a native of the Division.

(b) He must be of good moral character.

(c) He must be over 21 and under 25 years of age on 1st September.

(d) He must have passed the Entrance or Matriculation Examination of an Indian University or the final B or C class examination of a Zilla or High School. He must have a fluent knowledge of English.

[NOTE.—Preference will be given to graduates and under-graduates. A limited number of applicants who have obtained the B. L. degree will be appointed to a higher grade, and if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the rank of Court Inspector. Of the candidates selected, 5 per cent. will ordinarily be appointed in higher grades for special reasons, such as exceptional education, or social status or for standing first in the Final Examination.]

(e) He must be free from disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties.

[NOTE.—Stuttering or stammering is a defect which renders an applicant ineligible.]

(f) He must be not less than 5 feet 3 inches in height and 30 inches round the chest.

B.—Promotion of Head-Constables to the rank of Sub-Inspector.

16. The number of Sub-Inspectors appointed by promotion of head-constables will not exceed 15 per cent. of the total number to be appointed.

17. In August the Inspector-General will intimate to each Deputy Inspector-General (including the Deputy Inspector-General of Railways) the number of appointments to be allotted to each Division and to the Railways. The Deputy Inspector-General will make three nominations for every two appointments allotted after consultation with the District or Railway Superintendents of Police, as the case may be. In selecting head-constables for promotion, preference should be given to those who have passed through the Training College and who have received special commendation for integrity of character and good detective work.

18. Deputy Inspectors-General will submit their nominations to the Inspector-General during November, and state which of the nominees should be sent to the College. If accommodation is available at the College they will be sent along with the candidates recruited by direct appointment.

NOTICE.

THE Inspector-General of Police, Lower Provinces, is prepared to receive applications for appointments as Sub-Inspectors of Police from young men of respectable parentage who have passed the Entrance or Matriculation Examination of an Indian University, or the final "B" or "C" class examination of a Zilla or High School. Candidates must have a fluent knowledge of English. Preference will be given to graduates and under-graduates and to natives of a Commissioner's Division in filling up the appointments allotted to it. A limited number of applicants who have obtained the B.L. degree will be appointed to a higher grade, and, if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the post of Court Inspector.

No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest.

(NOTE.—"Stuttering or stammering" is a constitutonal defect, and represents a physical disqualification.

II.—That he is of good moral character.

III.—That he belongs to a repectable family and is of good social standing.

IV.—That he will be over 21 and under 25 years of age on 1st January 190 .

Printed forms of applications are obtainable in the office of all Superintendents of Police. Applications should be submitted to the Superintendent of Police of the district within which the candidate resides, Calcutta for the purpose of this rule being regarded as a part of the 24-Parganas district. Applications must reach the office of Superintendents of Police not later than the 30th September 190 .

Selected candidates will undergo a 42-weeks' course of instruction, commencing from 2nd January 190 , at the Police Training College. This course will include drill, riding, gymnastics, instruction in taking finger prints and Police portraits, elementary surveying and training in conducting prosecutions in Magistrates' Courts and in other practical duties of an investigating officer.

At the end of the 42 weeks, candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will be confirmed as Sub-Inspectors. During the period of instruction they will be subject to the rules and regulations of the Training College, and will receive Rs. 25 a month as salary. On being passed out of the Training College, they will receive the full salary of the grade to which they are appointed.

The position of selected candidates in the Range lists from which promotions are made will be determined by the places obtained at the final examination held at the conclusion of the Training College term.

The nomination-rolls of candidates rejected by the District Committee, the Deputy Inspector-General or the Inspector-General, will not be returned to them.

HIGH COURT NOTICE.

General Letter No. 12.

To

THE DISTRICT JUDGE / THE DISTRICT MAGISTRATE OF

Dated Calcutta, the 20th August, 1909.

HIGH COURT
ENGLISH DEPT
Civil / Criminal

SIR,

THE experience of the past year having shown that the rules prescribed in General Letter No. 5 (Civil), dated the 19th May, 1908, and General Letter No. 4 (Criminal), dated the 27th August, 1908, in regard to the registration of Pleaders' and Mukhtears' clerks, respectively, have been, in some instances, misunderstood, and that they require certain modifications, the Chief Justice and Judges have decided to issue a fresh set of rules applying to the clerks both of Pleaders and Mukhtears, and these I am now directed to forward for your information and guidance and for communication to the Subordinate Civil / Criminal Courts in your district.

2. It would clearly not be possible to place any restriction on the employment of clerks by legal practitioners save in so far as their employment necessitates their recognition as privileged persons by the Courts, and the amended rules aim at nothing more. They make it clear that only the recognised employés of Pleaders and Mukhtears are to be allowed access to the Courts and offices, and they give power both to the District Magistrate and to the District Judge to remove any such clerk from the register for sufficient reasons to be recorded in writing. It is hoped that the presiding officers of the Civil and Criminal Courts will see that full effect is given to the revised rules, and that it may now be found possible through them to deal more effectively with the evils resulting from the hitherto almost uncontrolled activities of persons who dishonestly obtain access to the Courts and their offices on the ground that they are Pleaders' clerks.

3. Officers presiding over Courts should be careful to explain to their subordinates the contents of the Bengal Judicial Department Circular, No. 2970-J., dated the 15th April, 1901. Due attention, it is feared, has not been paid to that Circular, and every effort should now be made to arrange for the structural alterations necessary to give effect to the requirements therein laid down.

4. General Letters No. 5 (Civil), dated 19th May, 1908, and No. 4 (Criminal), dated 27th August, 1908, are hereby cancelled.

I have the honour to be,

SIR,

Your most obedient servant,

A. W. WATSON,

Officiating Registrar.

Rules for Pleaders' and Mukhtears' Clerks.

1. In these rules, the expression "recognised clerk" means a clerk employed by a Pleader or Mukhtear and permitted, as such, to have access to the Courts in which his employer is authorised to practise, and to the offices attached thereto.

2. Not more than one clerk at a time in the case of a Mukhtear, and not more than two clerks in the case of a Pleader, shall ordinarily be recognised.

3. The District Judge shall maintain a register of *all* recognised clerks employed in the district, and to each recognised clerk shall be given, under his orders, a card in the form set forth as Appendix I to these Rules. These cards (which shall be strictly non-transferable) shall be recalled for renewal at the close of each year.

4. The register prescribed by rule 3 shall contain the name, father's name, and residence of each recognised clerk, the date of his registration, the name of the Pleader or Mukhtear by whom he is employed, the Courts in the district in which his employer is authorised to practise, and a column for remarks. It shall be kept in two parts, the first for Pleaders' clerks, and the second for Mukhtears' clerks, and copies of it shall be supplied

by the District Judge at the commencement of each year to the District Magistrate and to each Subdivisional Office and outlying Munsifi. Copies shall also, if necessary, be furnished to the various Courts at the Sadar Station.

5. No clerk employed by a Pleader or Mukhtear shall, as such, be allowed access to any of the Courts of the district, or to any of the offices attached thereto, unless he is for the time being a recognised clerk.

6. The District Judge in any case, and the District Magistrate in the case of Mukhtears' clerks, may—for reasons to be recorded in writing, and after hearing the clerk in his defence, if he so desires—order the removal from the registers of any recognised clerk and the cancellation of his card, and on the passing of such order, the clerk shall cease to be a recognised clerk. Every such order passed by the District Judge shall be communicated to the District Magistrate, and *vice versâ;* and the necessary steps shall be taken for the alteration accordingly of the register and the copies thereof.

N.B.—Proceedings taken against clerks under this rule, are administrative and not judicial proceedings.

7. No person, whose name has been struck off the register, shall be recommended for registration by any Pleader or Mukhtear at the same or any other station.

8. On or before the date on which these rules come into force, every Pleader or Mukhtear practising in any of the Courts subordinate to the High Court, other than the Calcutta Small Cause Court, shall report to the District Judge the names or name of the two clerks or clerk whom he desires to have recognised; and the register shall, in the first instance, be prepared accordingly.

9. When submitting his report under rule 8, the Pleader or Mukhtear shall certify that the persons or person proposed are, or is to the best of his belief, fit to be so employed and will be employed *bonâ fide* in his own service and for the purpose of his legal business. No clerk registered as the clerk of one Pleader or Mukhtear, shall do business in the Courts, or offices thereof, on behalf of any other Pleader or Mukhtear.

10. If on the death, retirement, or dismissal of any recognised clerk, a Pleader or Mukhtear wishes to entertain another clerk in his place, he shall apply for his recognition as required by rule 8, and the certificate required by rule 9 shall be furnished in regard to all such persons as may be recommended hereafter for recognition under these rules.

11. Nothing in these rules shall be deemed to authorise indiscriminate entry into the offices attached to the Courts or any violation of the orders contained in the Government of Bengal's Circular, No. 1259-J., dated the 13th February, 1901, which was published in the *Calcutta Gazette*, dated the 17th April, 1901, Part IVA, page 3, and is reproduced as Appendix II of these rules.

12. These rules shall come into force on the 1st January, 1910.

SIR,

I AM directed to say that the following rule has been issued by the Government for incorporation in the Revenue Officers' Manual :—

"With a view to the better conduct of business in Collectorate offices, the Lieutenant-"Governor has been pleased to order that at the entrance of each office-room occupied by "Clerks or Mohurirs or Copyists shall be placed a wicket gate with a spring. Inside each "such office is to be kept a list shewing who were the officers entitled to occupy the room. "Outside the entrance to the room should be hung in a conspicuous place a board, having "printed on it, both in English and Vernacular, 'No admittance for the public.' The "Collector and the Deputy Collector in charge of a department should visit at unstated "times during office hours the room occupied by its subordinates and call the roll; and, in "in the event of his finding any outsiders within the room, the ministerial head of the "department should be punished since he is to be held responsible that the public do not enter the room."

2. The Lieutenant-Governor desires that the above instructions should be followed by all Civil Courts for the better conduct of business in their offices, and I am to request that you will be so good as to issue the necessary orders in the matter.

WEDNESDAY, SEPTEMBER 1, 1909.

PART IA.

[*Reprinted from the "Gazette of India" of the 21st August 1909.*]

The following order, issued by the Government of India in the Home Department, is republished for general information.

O. G. H. ALLEN,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC.

Nos. 3052—3101.

Simla, the 16th August 1909.

RESOLUTION—By the Government of India, Home Department.

THE Rules issued under the Indian Arms Act, 1878, were originally published with the Home Department Notification No. 518, dated the 6th March 1879. As the result of successive amendments and additions during the past thirty years, these rules have become most intricate and confusing, and it is believed that in their present form they cause inconvenience to the officers who have to administer them as well as to the public, especially to those who are connected with the trade in arms and ammunition. The Governor-General in Council has therefore caused them to be codified in a clearer form. The revised rules have been circulated to Local Governments and Administrations for their opinions; and a large number of minor amendments suggested by them have been adopted. The rules as finally approved by the Governor-General in Council are now published for general information, in supersession of those hitherto in force. The changes which have been made in the rules are, for the most part, only such as are necessary in order to make them clear or in consequence of administrative changes, such as the formation of the North-West Frontier Province, the creation of new districts in the Punjab and the formation of the province of Eastern Bengal and Assam.

ORDER.—*Ordered* that the above Resolution and the rules be published in the *Gazette of India* for general information.

Ordered further that copies of the Resolution and the rules be forwarded to all Local Governments and Administrations, and to the Political Officers noted on the margin, for information; and also to all Departments of the Government of India, all Heads of Departments subordinate to the Home Department.

No. 3109.—In exercise of the powers conferred by sections 4, 10, 11, 17 and 27 of the Indian Arms Act, 1878 (XI of 1878), and in supersession of all previous Notifications on the same subject, the Governor-General in Council is pleased to make the subjoined rules relating to arms, ammunition and military stores.

Provided that all exemptions, exclusions or withdrawals made, all licenses or duplicates granted or renewed, all fees imposed, levied, remitted or reduced and all powers conferred by or under any Notification hereby superseded, and in force at the commencement of this Notification, shall, so far as they are consistent herewith, be deemed to have been respectively made, granted, renewed, imposed, levied, remitted, reduced or conferred hereunder.

THE INDIAN ARMS RULES, 1909.

CONTENTS.

THE RULES.

Short Title.

1. These rules may be called the Indian Arms Rules, 1909.

Interpretation.

2. In these rules, unless there is anything repugnant in the subject or context—

(*a*) all words and expressions, which are defined in the General Clauses Act, 1897, shall have the meaning respectively assigned to them thereby; and the provisions of sections 9, 10 and 13 to 19 of the said Act shall be deemed to apply as if these rules were an enactment made by the Governor-General in Council after the commencement of the said Act.

(*b*) all references to the "Magistrate of the District" shall, in the case of Aden, be construed as referring to the Assistant Resident.

Application of the Act.

Exemption, exclusion and withdrawal.

3. Under section 27,—

(*a*) the persons and classes of persons,
(*b*) the arms and ammunition, and
(*c*) the parts of British India,

specified or described in Schedules I to IV are, respectively, exempted, excluded and withdrawn to the extent there indicated, from the operation of prohibitions and directions contained in the Act.

Extension.

4. For the purposes of definition of "military stores" contained in section 4, all sections of the Act are extended, throughout British India, to all lead, sulphur and saltpetre.

Searching Posts.

Searching posts.

5. For the purposes of section 11, searching posts shall be established at the land custom-houses between British India and—

(*a*) the French Settlements on the eastern and western coasts, and
(*b*) the Portuguese Settlements on the western coast.

(*b*) articles designed for torpedo service,
(*c*) war-rockets, or
(*d*) machinery for the manufacture of arms or ammunition,

shall not be granted save under the signature of a Secretary to the Government of India in the Home Department or, so far as the district of Ajmer-Merwara, is concerned, in the Foreign Department.

(2) A copy of every license granted in accordance with sub-rule (1) shall be forthwith sent—

(a) where the articles are consigned to a Presidency-town or Rangoon, to the Commissioner of Police, or

(b) where they are consigned to any other place, to the Magistrate of the district in which such place is situated.

Restriction upon import of arms, ammunition and military stores from Portuguese India.

7. A license shall not be granted for the import of any arms, ammunition or military stores from Portuguese India.

Restriction upon import of certain rifles.

8. (1) A license shall not be granted for the import by sea or river or land—

(a) of rifles of ·303 or of ·450 bore or parts of or fittings for rifles of such bores or, save as otherwise provided by rule 31, of ammunition which can be fired from such rifles;

(b) save by special order certified under the signature of a Secretary to the Government of India in the Home Department or, so far as the district of Ajmer-Merwara is concerned, in the Foreign Department, of rifles, or parts of or fittings for rifles, of any other bore;

(c) of any fire-arms or ammunition into Burma through the medium of the Post Office.

(2) Nothing in sub-rule (1), clause (b), shall be deemed to limit or otherwise affect the power to grant, save as otherwise provided by rule 7, a license for the import of rifles, or parts of or fittings for rifles, which, in the opinion of the authority granting the license, are intended in good faith for sporting purposes.

Form II.

Import of arms, ammunition or military stores into certain ports.

9. (1) Save as otherwise provided by rules 6 to 8, a license may, subject to the provisions of sub-rule (2), be granted for the import by sea—

(a) of arms, ammunition or military stores, at any Presidency-town and at Rangoon by the Commissioner of Police;

(b) of arms, ammunition or military stores, at the ports of Calicut, Karachi and Aden by the District Magistrate;

(c) of saltpetre or lead, at the ports of Akyab and Moulmein by the District Magistrate; and

(d) of sulphur in reasonable quantities proved to the satisfaction of the Government of Madras to be required in good faith for medicinal, manufacturing or agricultural purposes, in respect of the port of Tuticorin by the said Government.

(2) All arms, ammunition or military stores imported into Aden shall be—

(a) landed at the Abkari Pier at Tawahi only, and

(b) removed thence by the importer to such Government warehouse as the Resident may, from time to time, appoint in this behalf.

Form II.

Import of arms, ammunition or military stores by sea from Madras, Rangoon or Bombay into certain ports.

10. Save as otherwise provided by rules 6 to 8, a license for the import by sea of arms, ammunition or military stores—

(a) from the port of Madras into the port of Tuticorin, Cochin, Bimlipatam, Coconada, Nagapatam, Mangalore, Gopalpore, Vizagapatam, Pamban or Masulipatam, or

(b) from the port of Rangoon into the port of Akyab, Moulmein, Sandoway, Kyaukpyu, Tavoy or Mergui,

(c) from the port of Bombay into the port of Cochin or Mangalore,

may be granted by the Magistrate of the district in which the port of import is situated.

Form III.

Import by land or river of arms, ammunition or military stores, otherwise than into Ajmer-Merwara.

11. (1) Save as otherwise provided by rules 6 to 8, and subject to the provisions of rule 33, sub-rule (2), a license for the import by land or river, otherwise than into Ajmer-Merwara, of arms, ammunition or military stores may be granted,

(a) where the arms, ammunition or stores are consigned to a Presidency-town or to Rangoon, by the Commissioner of Police, or

(b) where they are consigned to any other place, by the Magistrate of the district in which such place is situated.

(2) Where arms belonging to any person who—

(a) resides in a Native State in India, and

(b) is exempted under schedule I from the necessity for taking out a license in respect of such arms,

are imported solely for the purpose of repair, the Political Agent for such State may grant a similar license, which shall also cover the re-export to such State of such arms.

(3) Where the arms, ammunition or stores are imported from a Native State, a copy of the license shall be forthwih sent to the Political Agent for such State.

(4) Where the arms, ammunition or stores are imported by road or river and consigned to a district not on the frontier of British India, a copy of the license shall be forthwith sent to the Magistrate of the district into which they cross such frontier; and such Magistrate may, in his discretion, require the licensee to produce them for his inspection before allowing them to leave the district.

(5) Where the arms, ammunition or stores are imported by rail, a copy of the license shall be forthwith sent by the authority granting it to the railway authorities at the place to which such arms, ammunition or stores are consigned.

Import of arms, ammunition or military stores into Ajmer-Merwara.

12. (1) Save as otherwise provided by rules 6 to 8, a license for the import into the district of Ajmer-Merwara of arms, ammunition or military stores may be granted— Form IV.

(a) under the signature of the Secretary to the Government of India in the Foreign Department, or

(b) under the signature of a Secretary to the Government of Bombay, provided that the ammunition is *bona fide* required for the exclusive use of the Rajputana-Malwa Railway; and that the application for such license is made by a responsible officer of the said Railway, or

(c) by any other officer specially empowered by the Government of India in this behalf.

(2) A copy of every license granted under sub-rule (1) shall be forthwith sent to the Commissioner of the district of Ajmer-Merwara.

(3) Where the arms, ammunition or stores are imported by rail, a copy shall be forthwith sent by the officer granting the license to the railway authorities at the place to which such arms, ammunition or stores are consigned.

Scrutiny by railway authorities of consignments.

13. (1) The railway authorities, to whom a copy of a license has been sent under rule 11, sub-rule (5), or rule 12, sub-rule (3), shall require the consignee to produce the original license and shall satisfy themselves—

(a) That the arms, ammunition or stores claimed by him correspond with the description given in such license, and

(b) that such license is identical in substance with the copy sent to them.

(2) Where, in any case referred to in sub-rule (1)—

(a) the consignee fails to produce the original license, or

(b) the arms, ammunition or stores claimed by him do not correspond with the description given in such license, or

(c) the license is not identical in substance with the copy sent to the railway authorities,

such authorities shall not deliver the consignment and shall forthwith inform the nearest Magistrate.

Production and delivery of import licenses.

14. (1) The consignee of arms, ammunition or military stores imported under a license shall

(a) Where the consignment crosses the frontier by land or river, produce the license, within six days of such crossing, before the Magistrate of the district into which the consignment so crosses, or other officer empowered by him in this behalf; and

(b) in any case in which the consignment is imported by land or river, deliver the license, within six days of the arrival of such consignment at its destination—

(i) in any Presidency-town or Rangoon, to the Commissioner of the Police, or

(ii) in any other place, to the Magistrate of the district.

(2) Every officer before whom a license is produced or to whom a license is delivered under sub-rule (1) shall satisfy himself—

(a) that the arms, ammunition or stores correspond with the description given in the license; and

(b) that any deficiency is properly accounted for.

Export.

Restriction upon export by sea of cannon and certain rifles.

15. (1) A license shall not be granted, save by special order certified under the signature of a Secretary to the Government of India in the Home Department or, so far as the District of Ajmer-Merwara is concerned, in the Foreign Department, for the export by sea of—

(a) cannon or

(b) save as otherwise provided in sub-rule (2) rifles, or parts of or fittings for rifles.

(2) Nothing in sub-rule (1), clause (b), shall be deemed to limit or otherwise affect the power to grant a license for the export by sea of rifles, or parts of or fittings for rifles

which, in the opinion of the authority granting the license, are intended in good faith for sporting purposes.

Form V.

Export by sea of arms, ammunition or military stores from and to certain ports.

16. (*1*) Save as otherwise provided by rule 15, a license for the export by sea of arms, ammunition or military stores may, subject to the provisions of sub-rules (*2*) and (*4*), be granted—

(*a*) at the port of any Presidency-town or Rangoon, by the Commissioner of Police, or

(*b*) at the port of Calicut, Karachi or Aden, by the Magistrate of the district.

(*2*) Save as otherwise provided in sub-rule (*3*), every license granted under sub-rule (*1*) shall be for export either—

(*a*) subject to the provisions of rule 33, sub-rule (*2*), to such of the ports mentioned in clause (*a*) or clause (*b*) of sub-rule (1), or

(*b*) from the port of Madras to such of the ports mentioned in rule 10 (*a*), or

(*c*) from the port of Rangoon to such of the ports mentioned in rule 10 (*b*), or

(*d*) from the port of Bombay to such of the ports mentioned in rule 10 (*c*), or

(*e*) to such other place in His Majesty's dominions outside India,

as may be specified or described therein.

(*3*) A license may be granted at any of the ports mentioned in clause (*a*) or clause (*b*) of sub-rule (*1*) for the export by sea of saltpetre or lead to the ports of Akyab or Moulmein.

(*4*) A copy of every license of the nature referred to in clauses (*a*), (*b*), (*c*) and (*d*) of sub-rule (*2*) and in sub-rule (*3*) shall be forthwith sent—

(*a*) where the arms, ammunition or stores are consigned to any Presidency-town or Rangoon, to the Commissioner of Police, or

(*b*) where they are consigned to any other place, to the Magistrate of the district in which such place is situated.

Form VI

Export by sea of arms, ammunition or military stores from certain ports to ports in Native States or foreign territory.

17. (*1*) A license may be granted under the signature of the Secretary to the Government of India in the Foreign Department, or by the officers enumerated in column 1 of Schedule V from the ports mentioned in column 2 to the ports mentioned in column 3, and subject to the conditions mentioned in column 4 in each case, for the export by sea of arms other than—

(*a*) cannon, or

(*b*) such rifles or parts of or fittings for rifles as fall within the restriction imposed by rule 15,

or for the export by sea of ammunition or military stores from any of the ports of Madras, Bombay, Calcutta, Rangoon, Calicut, Karachi, or Aden—

(*i*) to any port in any Native State in India, or

(*ii*) subject to the provisions of sub-rule (*3*), to any port, other than a British port, in any other foreign territory.

(*2*) A license shall not be granted under sub-rule (*1*) for export to any such port on the sea-board of Arabia as is referred to in clause (*ii*) of that sub-rule, other than a port in the political charge of the Resident—

(*a*) at Aden,

(*b*) in the Persian Gulf, or

(*c*) in Turkish Arabia

(*3*) A copy of every license issued under this rule for the export of arms, ammunition or military stores to any port in a Native State in India or to any port in the political charge of the Resident at Aden or of the Political Resident in the Persian Gulf or of the Political Resident in Turkish Arabia shall be sent forthwith by the authority granting it to the Political Agent, Resident (unless the Resident at Aden be the authority granting the license), or the Political Resident concerned, and such Political Agent, Resident or Political Resident may, in his discretion, require the licensee or his agent to produce the arms, ammunition or military stores covered by such license for his inspection before permitting them or it to be delivered to the consignee.

(*4*) The authority granting a license under this rule shall also send a copy of such license to the agents or master of the vessel by which it is intended that the arms, ammunition or military stores covered by the license shall be shipped to the port of destination, and such agents or master shall not receive for despatch any case or package containing arms, ammunition or military stores unless such case or package is accompanied by the original license, and shall satisfy themselves or himself—

(*a*) that the arms, ammunition or stores correspond with the description given in such license, and

(*b*) that such license is identical in substance with the copy sent to them or him.

(6) Where in any case referred to in sub-rule (5)—

(a) the case or package is not accompanied by the original license, or

(b) the arms, ammunition or stores contained therein do not correspond with the description given in such license, or

(c) the license is not identical in substance with the copy sent to them or him, such agents or master shall not receive the consignment for despatch, and shall forthwith inform the nearest Magistrate.

Export by land or river of arms, ammunition or military stores, to Native States or out of Ajmer-Merwara.

Form VII.

18. (1) A license for the export by land or river—

(a) of arms, ammunition or military stores to any place beyond the frontier of British India, or

(b) of arms, ammunition or military stores out of the district of Ajmer-Merwara, may be granted—

(i) under the signature of the Secretary to the Government of India in the Foreign Department, or

(ii) by the officers enumerated in column 1 of Schedule VI for the places mentioned in column 2 and subject to the conditions mentioned in column 3 in each case.

(2) A license for the export by land or river of arms, ammunition or military stores to any Native State in the political charge of the Government of Madras, Bombay, Bengal, the United Provinces of Agra and Oudh, the Punjab or Eastern Bengal and Assam, or of the Chief Commissioner of the Central Provinces may be granted under the signature of a Secretary to such Government or such Chief Commissioner, respectively, or by such other officer as may be empowered by the Government of India in this behalf.

(3) Where any arms, ammunition or stores exported under a license granted under this rule are exported to a Native State, a copy of such license shall be forthwith sent to the Political Agent for such State.

(4) Where the arms, ammunition or stores are exported by road or river, a copy of the license shall be forthwith sent to the Magistrate of the district out of which they cross the frontier of British India; and such Magistrate may, in his discretion, require the licensee to produce them for his inspection before allowing them to leave the district.

(5) Where the arms, ammunition or stores are exported by rail, a copy of the license shall be forthwith sent by the authority granting it,—

(a) in the case of a consignment despatched from a Presidency-town or from Rangoon, to the Commissioner of Police, and,

(b) in all other cases, to the Magistrate of the district from which the consignment is to be despatched.

(6) The Commissioner of Police or Magistrate of the district shall forthwith send a copy to the railway authorities at the place from which the consignment is to be despatched; and the railway authorities shall not receive for despatch any case or package containing arms, ammunition or military stores unless accompanied by the original license and shall satisfy themselves—

(a) that the arms, ammunition or stores correspond with the description given in such license, and

(b) that such license is identical in substance with the copy sent to them.

(7) Where in any case referred to in sub-rule (6)—

(a) the case or package is not accompanied by the original license, or

(b) the arms, ammunition or stores contained therein do not correspond with the description given in such license, or

(c) the license is not identical in substance with the copy sent to them,

such authorities shall not receive the consignment for despatch, and shall forthwith inform the nearest Magistrate.

Delivery of export licenses.

19. (1) Where any arms, ammunition or military stores are exported by road or river,—

(a) the consignee, or

(b) if the arms, ammunition or stores are in charge of any person travelling with them, such person

shall, within six days of the arrival of the consignment in the district out of which it is to cross the frontier and before it so crosses, deliver the license to the Magistrate of such district or other officer empowered by him in this behalf.

(2) Every officer to whom a license is delivered under sub-rule (1) shall satisfy himself—

(a) that the arms, ammunition or stores correspond with the description given in the license, and

(b) that any deficiency is properly accounted for.

Transport.

Prohibition of transport of arms, ammunition or military stores otherwise than under license.

20. (*1*) Save as herein otherwise provided, the transport of any description of arms, ammunition or military stores is prohibited over the whole of British India, except under a license and to the extent and in the manner permitted by such license.

(*2*) Subject to the provisions of rule 33, nothing in sub-rule (*1*) shall be deemed to apply to—

(*a*) arms, ammunition or military stores which are covered by a license for their import or export and are being transported in accordance with such license—

(*i*) from the port of other place of import to the place of destination in British India;

(*ii*) from the place of despatch in British India to the port or other place of export;

(*iii*) in the port of import and re-export during transhipment.

(*b*) arms, ammunition or military stores transported—

(*i*) by any person, licensed to possess such articles or exempted from the liability to obtain such a license, in reasonable quantities for his own use from the premises of a licensed dealer, or

(*ii*) by a licensed dealer, in a case or package legibly addressed to such a person as is referred to in clause (*i*), in compliance with an order given by such person for the supply of such articles in reasonable quantities for his own use; or

(*c*) arms and ammunition transported, in reasonable quantities for his own use, by any person lawfully entitled to possess arms or to go armed.

Restriction upon transport of cannon and certain other articles.

21. (*1*) A license for the transport of—

(*a*) cannon,
(*b*) articles designed for torpedo service,
(*c*) war-rockets, or
(*d*) machinery for the manufacture of arms or ammunition,

shall not be granted save under the signature of a Secretary to the Government of India in the Home Department or, so far as the district of Ajmer-Merwara is concerned, in the Foreign Department.

(*2*) A copy of every license granted in accordance with sub-rule (*1*) shall be forthwith sent—

(*a*) where the articles are consigned to a Presidency-town or Rangoon, to the Commissioner of Police, or

(*b*) where they are consigned to any other place, to the Magistrate of the district in which such place is situated.

Transport of arms, ammunition or military stores.

22. (*1*) Save as otherwise provided by rule 21, and subject to the provisions of rule 33, sub-rules (*2*) and (*3*) and rule 36, sub-rule (*2*), a license for the transport of arms, ammunition or military stores may be granted—

(*a*) where the arms, ammunition or stores are consigned from a Presidency-town or from Rangoon, by the Commissioner of Police, or

(*b*) where they are consigned from any other place, by the Magistrate of the district in which such place is situated,

(*c*) where they are consigned from any place in Baroda to any other place in Baroda separated therefrom by British Indian territory, by the Resident or Assistant Resident in Baroda.

(*2*) A copy of every license granted under sub-rule (*1*) for transport beyond the local limits of the authority of the officer granting it shall be forthwith sent—

(*a*) where the arms, ammunition or stores are consigned to any Presidency-town or Rangoon, to the Commissioner of Police, or

(*b*) where they are consigned to any other place, to the Magistrate of the district in which such place is situated.

(*3*) A copy of every license granted under sub-rule (*1*) by the Magistrate of a district for transport within the limits of such district shall be forthwith sent to the subordinate Magistrate (if any) having authority at the place to which the arms, ammunition or stores are consigned.

(*4*) Where the arms, ammunition or stores are transported by rail, a copy of the license shall be attached to the way-bill or invoice, as the case may be, and telegraphic

advice of every such consignment shall be sent by the railway authorities from the forwarding to the receiving station; and the consignment shall not leave the railway premises unless the railway police or, if there are no railway police, the railway authorities have satisfied themselves that the arms, ammunition or military stores correspond with the description given in the license.

Delivery of transport licenses.

23. (1) The consignee of any arms, ammunition or military stores transported by land or river under a license, other than a general license granted under rule 32, sub-rule (2), shall deliver the license, within six days of the arrival of the consignment at its destination,—

(a) in any Presidency town or Rangoon, to the Commissioner of Police, or
(b) in any other place, to the District Magistrate having jurisdiction over the place of destination or such other Magistrate as he may appoint for this purpose.

(2) Any officer to whom a license is delivered under sub-rule (1) shall satisfy himself—
(a) that the arms, ammunition or military stores correspond with the description given in the license, and
(b) that any deficiency is properly accounted for,

and any subordinate Magistrate, to whom a license is delivered under clause (b) of that sub-rule, shall return it to the Magistrate of the district.

Manufacture and sale.

24. (1) A license—

Manufacture, conversion, sale and keeping for sale of arms, ammunition or military stores.

(a) to manufacture, convert, sell or keep and sell, or — Form XI.
(b) to keep and sell — Form XII.

any arms, ammunition or military stores may, save as otherwise provided by sub-rule (2), be granted—

(i) in any Presidency town or Rangoon, by the Commissioner of Police, or
(ii) in any other place, by the Magistrate of the district.

(2) A license—

(a) to manufacture, convert, sell or keep and sell, or — Form XIII.
(b) to keep and sell — Form XIV.

breech-loading rifles, rifle ammunition or military stores for rifles shall not be granted save—

(i) by the local Government, or
(ii) in Sind, by the Commissioner in Sind.

(3) The local Government or the Commissioner in Sind may, by licenses granted by it or him under this rule, authorize selected dealers to keep and sell a specified amount of ammunition for rifles of ·303 or of ·450 bore:

Provided that the licensee shall not sell from his stock to any person who does not hold—

(a) a license to possess such ammunition, or
(b) a license for the export of balled ammunition from a Native State granted by a Political Officer under the third proviso to the second paragraph of the Resolution of the Government of India in the Foreign Department, No. 3001 I.-A., dated the 27th June 1903.

(4) Every Magistrate and every Police officer not below the rank of Inspector, or, if the local Government so directs, of Sub-Inspector may, within the local limits of his authority,—

(a) enter and inspect any premises in which arms or ammunition or military stores, including sulphur, are manufactured, converted, sold, or kept and sold, and
(b) examine the stock and accounts of receipts and sales of arms, ammunition or military stores.

Possession.

25. (1) A license for the possession of— — Form I.

Restriction upon possession of cannon and certain other articles.

(a) cannon,
(b) articles designed for torpedo service,
(c) war-rockets, or
(d) machinery for the manufacture of arms or ammunition,

shall not be granted save under the signature of a Secretary to the Government of India in the Home Department or, so far as the district of Ajmer-Merwara is concerned, in the Foreign Department.

(2) A copy of every license granted in accordance with sub-rule (1), shall be forthwith sent—

(a) where the articles are to be kept in any Presidency-town or Rangoon, to the Commissioner of Police; or

(b) where they are to be kept in any other place, to the Magistrate of the district.

Form XV.

Possession of fire-arms, ammunition or military stores.

26. Save as otherwise provided by rule 25 and rule 33, sub-rules (2) and (4), a license for the possession only of fire-arms, ammunition or military stores may be granted by the Magistrate of any district, or in the Presidency-towns or Rangoon by the Commissioner of Police.

Possession and Going Armed.

Form XVI.

Possession of arms and ammunition and going armed for sport, protection or display.

27. (1) Save as otherwise provided in rule 25 and rule 33, sub-rules (2) and (4), a license for the possession of arms and ammunition in reasonable quantities and for going armed for the purposes of sport, protection or display may, subject to the provisions of sub-rules (4) and (5) of this rule, be granted—

(a) in any Presidency-town or Rangoon, by the Commissioner of Police, or

(b) in any other place, by the Magistrate of the district,

provided that no license shall be granted for the possession of rifles of the ·303 or ·450 bore or ammunition for the same, or for going armed with such rifles, unless such rifles and ammunition have been lawfully imported into British India.

(2) A license granted under sub-rule (1) shall on countersignature—

(a) by the Commissioner, or

(b) where there are no Commissioners, by such other officer as the local Government may empower in this behalf,

be valid for such divisions or districts within the Province as he may specify.

(3) In places to which section 15 applies, a license may be granted under sub-rule (1) to the heir or successor of any person to whom arms have been presented by or under the orders of the Government, in respect of such arms.

(4) A license may be granted under sub-rule (1) for the possession of reasonable quantities of balled ammunition which can be fired from rifles of ·303 or ·450 bore to any person lawfully in possession for sporting purposes of a rifle of such bore.

(5) On every license of the nature referred to in sub-rule (4), there shall be entered the amount of balled ammunition which the licensee may possess during the period of twelve months next ensuing.

Form XVII.

Possession of arms and ammunition and going armed for the destruction of wild animals.

28. Save as otherwise provided by rule 33, sub-rules (2) and (4), a license for the possession of arms and ammunition and for going armed for the destruction of wild animals which do injury to human beings or cattle may be granted by the Magistrate of any district.

Form XVIII.

Possession of arms and ammunition and going armed for the protection of crops.

29. Save as otherwise provided by rule 33, sub-rules (2) and (4), a license for the possession of arms and ammunition and for going armed for the destruction of wild animals which do injury to crops or cattle may be granted by the Magistrate of any district:

Provided that such license—

(a) shall only be granted to *bonâ fide* cultivators;

(b) shall be valid only for the place or tract specified in the license by the licensing officer.

Form XIX.

Going armed on a journey.

30. (1) Save as otherwise provided by rule 33, sub-rules (2) and (4), a license for going armed on a journey in or through any Province may be granted—

(a) in any Presidency-town or Rangoon, by the Commissioner of Police;

(b) in any other place, by the Magistrate of the district; or

(c) in the case of a person residing in any Native State in India, by the Political Agent for such State.

(2) Where a Commissioner of Police or Magistrate of a district receives an application for a license of the nature referred to in sub-rule (1) from any person who—

(a) is not resident within the local limits of his authority; or

(b) is not personally known to him, he shall, before granting the license, ascertain—

(i) When the applicant resides in any Presidency-town or Rangoon, from the Commissioner of Police,

(ii) when the applicant resides in any other place in British India, from the Magistrate of the district, or

(iii) when the applicant resides in any Native State in India, from the Political Agent for such State,

whether there is any objection to the grant of the license, unless, for reasons to be recorded, he considers this precaution to be clearly unnecessary.

Possession and Import or Transport.

Possession by dealers of certain balled ammunition with liberty to import.

31. (1) A licensed dealer authorized by the local Government under rule 24, sub-rule (3), to keep and sell a specified amount of balled ammunition for rifles of ·303 or of ·450 bore may be permitted—

(a) in any Presidency-town or Rangoon, by the Commissioner of Police, or

(b) in any other place, by the Magistrate of the district,

to import such ammunition up to such amount.

(2) Where application is made under sub-rule (1) for permission to import balled ammunition, the dealer shall produce his license and, if permission is granted, the authority granting it shall endorse on the license the quantity of balled ammunition for which, and the date on which, such permission was granted.

Possession and transport by cultivators and contractors of certain blasting material.

32. (1) A license may be granted—

(a) in any Presidency-town or Rangoon, by the Commissioner of Police, or

(b) in any other place, by the Magistrate of the district,

to any cultivator, contractor or other like person for the possession and transport of gunpowder, fuses, dynamite, blasting gelatine and detonating caps in reasonable quantities proved to the satisfaction of the authority granting the license to be required in good faith for blasting purposes. Form IX.

(2) A general license may be granted by similiar authority to dealers in explosives, contractors and mining agents for the transport of dynamite, blasting gelatine, detonating caps and other explosive material ordered or required by the consignee in good faith for blasting purposes. Form X.

(3) The provisions of rule 23, relating to the delivery of transport licenses and the scrutiny of articles transported, shall, so far as they can be made applicable, be deemed to apply in the case of gunpowder, fuses, dynamite, blasting gelatine and detonating caps transported under a license granted under sub-rule (1).

Applications for and grant of licenses.

Consent or previous sanction in certain cases.

33. (1) A license, having effect beyond the local limits of the authority of the officer granting it, shall not be granted for the export, import or transport of any arms, ammunition or military stores—

(a) to any Native State in India, without the consent of the Political Agent for such State;

provided that the consent of such Political Agent shall not be necessary in cases where the consignee is a European subject of His Majesty and a gazetted civil or commissioned military officer, and the consignment is intended for the personal use only of the consignee;

(b) to any Presidency-town or Rangoon, without the consent of the Commissioner of Police; or

(c) to any other place in British India, without the consent of the Magistrate of the district.

(2) Save by the Commissioner of Police in any Presidency-town or Rangoon, a license shall not be granted under rule 11, rule 16, sub-rule (2), clause (a), rule 22, rule 26, rule 27, rule 28, rule 29, or rule 30 in respect of any breech-loading rifle or balled ammunition without the previous sanction—

(a) in the Madras Presidency, of the Board of Revenue;

(b) in the province of Coorg, of the Chief Commissioner; or

(c) in any other place, of the Commissioner.

(3) Save as aforesaid, a license shall not be granted under rule 22 for the transport of any breech-loading rifle or balled ammunition to any place in—

(a) the North-West Frontier Province, or

(b) the Rawalpindi or the Dera Ghazi Khan or the Mianwali or the Attock District

without the previous sanction—

(*i*) of the local Government, or

(*ii*) where the rifle or ammunition is transported from Sind, of the Commissioner in Sind.

(*4*) A license shall not be granted under rule 26, rule 27, sub-rule (*1*), clause (*b*), rule 28, rule 29 or rule 30, sub-rule (*1*) by any Magistrate of a district in Burma without the previous sanction of the Commissioner.

(*5*) The consent or previous sanction referred to in this rule may be obtained either

(*a*) by the applicant for the license, or

(*b*) by the officer to whom application for the grant of such license is made.

(*6*) Where the consent or previous sanction is sought by the officer to whom application for the grant of the license is made, he shall send a copy of the proposed license to the authority whose consent or previous sanction is required; and, on receipt of the reply of such authority, he shall either grant the license or inform the applicant that his application is refused.

Particulars to be stated in applications.

34. (*1*) Every person who wishes to obtain a license under these rules shall apply in writing to the nearest authority empowered to grant such license and shall in such application furnish all such particulars as may be necessary to enable such license to be granted.

(*2*) In particular and without prejudice to the generality of sub-rule (*1*) every application for a license—

(*a*) for the import by land or river,

(*b*) for the export, or

(*c*) for the transport

of any arms, ammunition or military stores shall specify—

(*i*) the place of destination,

(*ii*) the route,

(*iii*) the time likely to be occupied in the journey, and

(*iv*) the quantity, description, average price and purpose of each kind of arms, ammunition or stores.

(*3*) Where the grant of the license requires the consent or previous sanction of some other authority specified in rule 33, the application shall state whether such consent or previous sanction has been obtained and, if so, shall be supported by evidence thereof.

Form and language of licenses.

35. (*1*) Every license shall be granted or renewed and every pass shall be granted, in the appropriate form set forth in Schedule VII and, save as therein otherwise expressly provided, the arms, ammunition or military stores specified and the persons named, in the license shall alone be covered thereby.

(*2*) Every such license shall be written or printed—

(*a*) where it is granted in a Presidency-town or in Rangoon or where it is granted in a district and is intended for use beyond the limits of such district, in English and, if the licensing officer so directs, in the vernacular, or

(*b*) where it is granted in a district and is intended for use within the limits of such district, in English or in the vernacular as the licensing officer may direct.

Duration and renewal of licenses.

36. (*1*) Save as herein otherwise provided, every license under these rules shall, unless previously forfeited, be in force for such period and expire on such day as, subject to any restrictions or limitations imposed by the appropriate form set out in Schedule VII, the authority granting it may enter thereon.

(*2*) A license for the transport of arms, ammunition or military stores shall not, save for special reasons to be recorded by the authority granting it, be granted for a period longer than twice the time likely to be occupied in the journey to the place of destination by the route indicated on the license.

(*3*) Every license may, at its expiration and subject to the same conditions (if any) as to consent or previous sanction, be renewed by the authority who granted it.

Discretion and control of authorities empowered to grant licenses.

37. (*1*) Every authority empowered to grant or renew a license or to give his consent or previous sanction to such grant or renewal may, in his discretion,—

(*a*) refuse to grant or renew such license or to give such consent or sanction, or

(*b*) refer the application for orders to the Government (if any) to which he is subordinate.

(*2*) Every such authority shall exercise all powers and perform all duties, conferred or imposed by these rules, subject to the control of the executive authorities to whom he is subordinate.

Obligation to produce licenses.

38. (*1*) Any person who—

(*a*) holds a license granted or renewed or a pass granted under these rules, or

(*b*) is acting under colour of such a license or pass,

shall forthwith produce such license or pass upon the demand of any Magistrate or of any Police officer of a rank not below that of officer in charge of a police-station.

(2) Nothing in sub-rule (1) shall be deemed to limit or otherwise affect the power of any authority empowered to grant or renew a license to grant or renew it upon any condition, not inconsistent with the said sub-rule, with respect to the production of such license.

Fees.

39. (1) Every license granted or renewed under these rules shall, save as herein otherwise expressly provided, be chargeable with the fee (if any) indicated on the appropriate form set forth in Schedule VII.

Fees payable for licenses.

(2) where any arms, other than—

(a) cannon, or
(b) rifles falling within the prohibition contained in rule 8,

or any ammunition or military stores are imported under a license into any British port and re-exported thence and re-imported into any of the ports specified in rule 9 or in rule 10, the necessary licenses for such re-export under rule 16 and for such re-import under rule 9 or rule 10 shall be respectively chargeable with a fee of one rupee only.

(3) The Government of India may, by general or special order, grant exemption from, or reduction of, the fee payable in respect of any license.

CONDITIONS.

1. This license is granted subject to the provisions of the Indian Arms Act, 1878 (XI of 1878), and the Indian Arms Rules, 1909.

2. He shall maintain registers of all arms, ammunition and military stores in stock and of all sales, in such form as the local Government may direct.

3. He shall exhibit his stock and his register on the demand of any Magistrate or any Police officer of a rank not below that of Inspector or, if the local Government so directs, of Sub-Inspector.

4. (*1*) He shall affix on a conspicuous part of his place of business or shop a signboard, on which shall be painted in large letters in English or in the Vernacular of the district his name and the words "Licensed to deal in arms, ammunition and military stores."

(*2*) He shall also affix in his place of business or shop a copy of section 28 in English or in the Vernacular of the district.

5. He shall at the time of purchase endorse upon the license of every purchaser holding a license in Form No. XVI, XVII, XVIII or XIX—

(*a*) the name, description and residence of the person who takes delivery of the articles sold,

(*b*) the nature and quantity of the articles sold, and

(*c*) the date of sale,

and shall sign the endorsement.

6. He shall not sell ammunition to any person licensed to possess or carry arms in excess of the maximum which may be fixed by the local Government for such person and which is endorsed on his license.

7. He shall not sell arms, ammunition or military stores elsewhere than at the place of business or shop specified in column 3.

8. He shall not sell arms, ammunition or military stores to a native officer, non-commissioned officer and soldier of the Indian army, unless he produces a written pass or permit signed by his Commanding Officer, and then only to the extent and on the conditions specified in such pass or permit.

9. He shall not keep Government arms, ammunition or military stores or, unless he is specially authorized in this behalf by the local Government, keep or sale revolvers manufactured out of India or magazine pistols.

Explanation.—For the purposes of this condition—

(*a*) "Government arm" means a firearm or other weapon which is the property of the Government; and

(*b*) "Government ammunition" and "Government military stores" mean ammunition and military stores manufactured in any Government factory, or prepared for and supplied to Government.

10. Where the license is granted in and for any local area in Eastern Bengal and Assam, the licensee shall not sell arms or ammunition, without a special permit from a Magistrate, to any member of a hill-tribe to which the Lieutenant-Governor may, from time to time, by notification apply this condition.

11. (*1*) Where the license is granted in and for any local area in Burma, the licensee shall not, save as herein otherwise provided, sell any arms, ammunition or military stores to or to the use of any person without the sanction in writing of the Magistrate of the district in which such person resides.

(*2*) Nothing in this condition shall be deemed to apply to sales to or to the use of—

(*a*) any Government official exempted under section 27 from certain prohibitions and directions contained in sections 13 to 16, or

(*b*) any person whose name is included in any list compiled by the Magistrate of the district for this purpose and who declares that he purchases for his own use.

12. (*1*) Where the license is granted in and for any local area in the North-West Frontier Province, or the Dera Ghazi Khan district or the Isa Khel tahsil of the Mianwali district of the Punjab, the licensee shall not, save as herein otherwise provided, sell arms, ammunition or military stores to or to the use of any person without the sanction in writing of the Magistrate of the district in which such person resides.

(*2*) Nothing in this condition shall be deemed to apply to sales to or to the use of—

(*a*) any person who is exempted under any of the articles (*1*) to (*5*), (*9*), (*13*), (*14*), or article (*18*), sub-head (*d*), of the table appended to schedule I from certain prohibitions and directions contained in sections 13 to 16, or

(*b*) any villagers residing in the North-West Frontier Province and exempted under articles (*22*) and (*23*) of the table attached to schedule I from certain prohibitions and directions contained in sections 13, 14 and 15 of the Act,

(*c*) any person whose name is included in any list compiled by the Magistrate of the district for this purpose and who declares that he purchases for his own use.

13. Save where the local Government directs the omission of this condition, the licensee shall forthwith give information at the nearest police-station of the loss or theft of any arms, ammunition or military stores covered by the license.

In the matter of the Writers' Building Provident Benefit Fund, Limited.

AT a Special General Meeting of the Members of the Writers' Building Provident Benefit Fund, Limited, held on the second floor over the Central Portico of the Writers' Buildings on Monday, the 30th August 1909, the following resolutions were duly passed and adopted:—

(1) That as the establishment of the Government General Provident Fund and the withdrawal of a large number of subscribers have greatly affected the financial position of the Fund which does not admit of its further continuance, it is resolved that under Rule 44 of the Revised Rules of the Fund the business of the Writers' Building Provident Benefit Fund, Limited, be wound up voluntarily and that from the 1st September 1909 no claim to bonus arising by the death or retirement of members will be recognised and no donation or contribution to the Fund will be accepted.

(2) That Rai Saheb Behary Lall Addy, Rai Chuni Lall Bose Bahadur, M.B., Babu Apurva Krishna Ghose, M.A., and Babu Chandi Charan Sen, B.A., be appointed as liquidators to wind up the business of the Fund within four months from the 1st September 1909 and that the said liquidators will collect the assets of the Fund, defray all necessary costs, discharge all liabilities, refund to each member the deposits with interest and profits accrued on his personal account, and divide the residue ratably according to the amount of donations paid by each among the members existing at the time.

(3) That some respectable firms of auditors be requested to audit the accounts of the Fund for the year 1908-1909 and five months of the current Financial year.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met in the Council Chamber on Wednesday, the 25th August, 1909, at 11 A.M.

Present:

THE Hon'ble SIR EDWARD BAKER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding.*
The Hon'ble MR. F. A. SLACKE, C.S.I.
The Hon'ble MR. W. C. MACPHERSON, C.S.I.
The Hon'ble MR. E. W. COLLIN.
The Hon'ble MR. F. W. DUKE.
The Hon'ble SIR CHARLES ALLEN, KT.
The Hon'ble MR. J. G. CUMMING.
The Hon'ble MR. H. WHEELER.
The Hon'ble MR. E. P. CHAPMAN.
The Hon'ble MR. F. L. HALLIDAY, M.V.O., C.I.E.
The Hon'ble SIR BIJAY MAHTAB, K.C.I.E., MAHARAJADHIRAJA BAHADUR OF BURDWAN.
The Hon'ble BABU DEBA PRASAD SARBADHIKARI, M.A., B.L.
The Hon'ble BABU RADHA CHARAN PAL.
The Hon'ble MR. M. S. DAS, C.I.E.
The Hon'ble RAI NALINAKSHA BASU BAHADUR.
The Hon'ble BABU KRISHNA SAHAY, B.L.
The Hon'ble MR. J. C. SHORROCK.

NEW MEMBERS.

The Hon'ble BABU KRISHNA SAHAY, B.L., and the Hon'ble MR. J. C. SHORROCK took their seats in Council.

THE CALCUTTA AND SUBURBAN POLICE (AMENDMENT) BILL, 1909.

THE Hon'ble MR. DUKE, by leave of the President, withdrew the following Motions, namely:—

(1) that the Report of the Select Committee on the Bill further to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, be taken into consideration,

(2) that the clauses of the Bill be considered in the form recommended by the Select Committee, and

(3) that the Bill, as settled in Council, be passed.

The Hon'ble Mr. Duke, by leave of the President, also moved that the Bill further to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, be recommitted to the Select Committee. He said:—

"The Motion which stands in my name is that the Bill to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, be passed. I do not propose, however, that this Motion should be put at present.

"The Council is aware that a great deal of criticism has been directed against the Bill. I cannot say that Government has been greatly impressed by the force of this criticism, indeed it cannot admit that much of it has been fair or well-informed.

"It is not moved, for instance, by assertions that there is no need for control over matters which are controlled in every great modern city and which notoriously require contol in Calcutta also.

"But I may freely admit that criticism has been more general, and the feelings of opposition disclosed by it stronger than was expected. We certainly did not anticipate that provisions which had long been in operation elsewhere without serious objection having been taken to them, should be characterised as dangerous or repressive, nor did we expect that we should be implored to consult the High Court as to the propriety of police provisions which form part of the law in another Indian Presidency.

"But the very fact that this state of mind is so general lends additional weight to the contention that the time allowed for consideration has been too short.

"The six weeks which have elapsed since the Bill was introduced in Council might have been expected to suffice for the criticism of so short a measure, but it may be that uncertainty as to the rate of progress of the Bill has prevented the criticisms which have been received from being so full or so well matured as a longer interval of reflection would have allowed. In any case we have this condition that there is a great deal of criticism, rather hostile than illuminating, and there is also a widely expressed desire for more consideration.

"The measure is not urgent, it is intended to secure better and more effective and convenient administration, it was not devised to deal with any present emergency or crisis. A delay of three or four months in passing it will not occasion any serious public loss, and if mature consideration will make it a more effective measure in itself, and above all if it will secure for it that increase of moral authority which laws derive from the approbation of the thoughtful sections of the community, the delay will be a small price to pay.

"I believe in the principles of the Bill, and that the more they are examined the better they will establish themselves, and therefore I think that Government will not suffer by agreeing to the widely expressed desire for fuller consideration, while if the opinion of the High Court can be obtained, it must be valuable.

"In order then that time may be given for the further consultation of persons and associations interested in the Bill, and particularly that opportunity may be taken to invite the opinion of the High Court, I beg to withdraw the Motion which stands in my name, and instead to move that the Bill be recommitted to the Select Committee."

The Motion was put and agreed to.

The Council was then adjourned *sine die.*

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF THE PURI LODGING-HOUSE ACT DURING THE YEAR 1908-1909.

MUNICIPAL DEPARTMENT—SANITATION.

Calcutta, the 26th August 1909.

RESOLUTION—No. 1510San.

On the working of the Puri Lodging-house Act during the year 1908-09.

THE town of Danton, in the district of Midnapore, was withdrawn from the operation of the Lodging-house Act with effect from the 1st November 1908. In other reports the Act continued in force in the same towns and areas as in 1907-08. The law was amended during the year, with the view of preventing overcrowding in lodging-houses and improving their sanitary condition.

2. There was an increase both in the total number of licensed lodging-houses and in the number of lodgers for whom accommodation was provided, the figures rising from 1,746 and 66,818 to 2,492 and 107,569, respectively, as compared with the previous year. The increase in the district of Puri, however, from 717 houses to 1,118, was only apparent. The usual licenses were issued on the 1st April 1908 for one year; but as the Lodging-house Act was subsequently amended, the licenses already given were treated as

having expired at the end of the calendar year, and new licenses were issued from the 1st January 1909. In Gaya, the number of lodging-houses rose from 474 in 1907-08 to 871 in 1908-09, accommodation being provided for 51,388 pilgrims against 26,156 in the preceding year. There was a large falling off both in the number of lodging-houses and of lodgers at Naihati, which is accounted for by the fact that there was an extraordinary gathering there in the preceding year on the occasion of the *Ardhodoy Jog*. The two great festivals at Puri (viz., the Car and the *Dol*) were attended by 32,244 and 36,167 pilgrims, respectively.

3. Three hundred and forty cases under the Act were disposed of during the year in comparison with 408 in the previous year. The number of convictions was 317 against 383, and the total amount of fines imposed and realized was Rs. 6,594 against Rs. 5,934.

4. The total income of the funds (excluding the opening balance of Rs. 59,925) was Rs. 1,02,978 as compared with Rs. 83,009 in the preceding year. The increase was most noticeable in Puri and Gaya. In both places it was due to the issue of new licenses in accordance with the amended Act, and in the former also to the settlement of roadside lands by auction at higher rates.

5. The total expenditure incurred fell from Rs. 90,768 in 1907-08 to Rs. 86,162 in 1908-09. The decrease was largest in Gaya, Naihati and Nadia. In Gaya alone it was over Rs. 10,000, but in the previous year a large contribution was made to the water-works scheme. In Naihati, as already stated, fewer lodgers had to be provided for; the fluctuation in Nadia has not been explained.

6. No case of plague occurred among the pilgrims during the year, but cholera was prevalent in Gaya and Puri, though in a less virulent form than in the previous year, the number of deaths from this cause being 36 and 102 respectively, against 93 and 256 in 1907-08. The total mortality amongst the pilgrims was 404 as compared with 636 in the previous year. In Puri alone the total number of deaths was 372, to which cholera and dysentery contributed more than half. The sanitary arrangements of the lodging-houses were reported to be satisfactory on the whole, while the water-supply was good and sufficient.

7. The thanks of the Lieutenant-Governor are due to the District Officers and Health Officers concerned with the working of the Act during the year.

ORDER.—Ordered that a copy of the Resolution be submitted to the Government of India in the Home Department, and that copies be forwarded to the Commissioners of the Presidency, Patna, Bhagalpur and Orissa Divisions, for information.

Ordered also that a copy of the Resolution be communicated to the Sanitary Commissioner and to the Sanitary Board, Bengal, for information, and that it be published in the *Calcutta Gazette* for general information.

By order of the Lieutenant-Governor of Bengal,

H. WHEELER,
Secy. to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT ON THE WORKING OF THE CO-OPERATIVE CREDIT SOCIETIES IN BENGAL FOR THE YEAR 1908-1909.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 26th August 1909.

RESOLUTION—No. 3192Agri.

READ—

The Report on the working of Co-operative Credit Societies in Bengal for the year 1908-09.

THE report deals with the working of Co-operative Credit Societies for a period of nine months only, because in place of a year ending on the 30th June it has been decided to adopt the ordinary financial year ending on the 31st March. Throughout the year Mr. Buchan held the post of Registrar and Babu Jamani Mohan Mitra that of Personal Assistant. The report was written by the former officer before his departure on leave in April last; and the latter officer has prepared and reviewed the returns.

2. Since the passing of Act X of 1904 progress in Bengal has been along very simple and uniform lines. No attempt has been made to experiment with different forms of rural societies, and attention has been concentrated on the Raiffeisen type only. The earliest societies were disconnected units, formed sporadically where opportunity offered. Subsequent additions were in many cases due to the exertions of individual organisers of the older societies, whose personality served as a connecting link between them. This year a further step has been taken, and such groups of societies have been combined in self-administered unions. The policy has been followed of developing compact areas in each district and extending from these as centres, with the object of avoiding the waste of power which would follow from the dissipation of attention over single scattered societies.

3. The societies in Bengal are of two types. In the first the liability is limited, and for the most part the societies are urban; in the second the liability is unlimited and they are rural; and it is this second class which demands the particular attention of the Registrar.

4. During the past year the number of societies in the Province has risen from 350 to 395 or by 13 per cent. The membership has increased from 12,094 to 14,640 equivalent to 21 per cent. while the capital has risen from Rs. 2,25,437 to Rs. 3,65,086 or by 62 per cent. All the town societies have made considerable strides during the year. There has been no large increase in their number; but the co-operative spirit in them has developed greatly. Confidence is now thoroughly established, and they are financed almost entirely by share capital and the deposits of their members. It is anticipated that this form of co-operation will spread without much further assistance from the Registrar amongst the mercantile firms in Calcutta and the government offices throughout the Province. A new form of society of an interesting type has been formed under the patronage of Sir Daniel Hamilton with the object of reclaiming waste lands in the Sundarbans. The joint capital will be employed in clearing the jungle and raising embankments, and the society will make advances to its members to enable them to cultivate the land and to settle tenants thereon. The progress of this society will be watched with much interest.

5. The development of co-operative credit in the mufassal has reached a critical stage. There are now 359 rural societies being an increase of 33 during the year, and the Registrar and his Personal Assistant are no longer able to do more than visit each society once or perhaps twice in a year. It is on efficient control that the success of the existing societies hinges, and their future prospects depend upon the ability of the Registrar to evolve a satisfactory system of control.

6. The real work of forming societies and educating the members must devolve on local voluntary helpers, and the Lieutenant-Governor agrees with

the Registrar in the opinion that unless and until it is adopted in earnest by the people themselves, the movement will be confined within the very definite limits of a kindly but ineffective official experiment. During the past year the press has given a small measure of increased attention to co-operation, and there are signs that some who have it in their power to assist are beginning to realise the possibilities for good which the movement possesses; but on the whole evidence of popular interest has been disappointing. The second condition of any substantial success is the creation of some higher form of organization. During the year the Registrar has given his attention to this problem on the lines laid down at the last Conference of Registrars, when it was decided to aim at federation into unions on a joint stock basis. In such unions societies are to be the only shareholders, and the unions will be restricted to dealings with their shareholders only. Two such unions were formed during the year, one at Raruli in Khulna and the other at Khelar in Midnapore. In the opinion of the Registrar the progress made so far is encouraging, and the experience gained tends to prove that the combination of societies into unions is not only theoretically sound, but is also quite practicable in existing circumstances in Bengal. The Midnapore union has already become financially independent of the help of the Registrar, and can now secure funds locally without any difficulty.

7. The sources from which the working capital of the societies is obtained are analysed in paragraph 8 of the review of the statistics. Only 4 per cent. of the capital has been advanced by Government and the Court of Wards, 21 per cent. has been advanced by large zamindars to societies among their raiyats (the larger part by the Maharaja Bahadur of Darbhanga); while 48 per cent. has been invested by the outside public. The amount of capital invested by the members and the local public is still very small, amounting to only 13 per cent. The Registrar should do all he can to encourage members to deposit, and his opinion is approved by Government that it would be well to widen the basis of membership so as to take in some of the more well-to-do villagers, provided that this can be done without pressure from outside. While the success of a society cannot be judged entirely from the amount of money deposited by its members, the fact that they have a stake in it greatly increases its stability and its attraction for local capital.

8. The analysis of the purposes to which loans taken from societies have been applied is of interest. Repayment of debts accounts for 37 per cent., cultivation and the purchase of cattle for 36 per cent., and marriage expenses for only 1·4 per cent. It would appear, therefore, that it is a sound principle to leave to the discretion of the panchayat the purpose for which loans can be given. The important distinction is not between productive and unproductive expenditure, but between expenditure which is necessary and that which is not; and the panchayat is the best judge of what is necessary.

9. The experiment was continued of trying to employ the large grain *golas* of the Sonthal Parganas as central agencies for village grain societies, and appears to have met with a moderate amount of success. The Registrar is probably correct in holding that village grain banks will be successful only if kept on a small scale, and that as their utility is limited, they will tend as soon as they are successful to develope into cash societies.

10. The Lieutenant-Governor desires to acknowledge the energy and tact displayed by Mr. W. H. Buchan, the Registrar, and his Personal Assistant, Babu Jamini Mohan Mitra, in the performance of their duties, and to acknowledge the work of the officials referred to by Mr. Buchan in his report. To the honorary organisers in particular his special thanks are due, both for what they have accomplished, and still more for the example they have set to others in a work of which the ultimate success is dependent on the self-sacrifice and enthusiasm of private individuals.

By order of the Lieutenant-Governor of Bengal,

C. G. H. ALLEN,

Offg. Chief Secy. to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT OF THE BENGAL VETERINARY COLLEGE AND OF THE CIVIL VETERINARY DEPARTMENT, BENGAL, FOR THE YEAR 1908-09.

REVENUE DEPARTMENT—AGRICULTURE.

Calcutta, the 31st August 1909.

RESOLUTION—No. 3268Agri.

READ—

The Annual Report of the Bengal Veterinary College and of the Civil Veterinary Department, Bengal, for the year 1908-09.

On the 1st of April 1908 the charge of the Civil Veterinary Department was separated from that of the Bengal Veterinary College. Throughout the year Colonel F. Raymond, F.R.C.V.S., has been in charge of the College and the administration of the Glanders and Farcy Act in Calcutta and the suburbs, while Mr. D. Quinlan, I.C.V.D., has held charge of the Civil Veterinary Department.

2. *The Bengal Veterinary College.*—The college has been very ably managed by Colonel Raymond throughout the year. The bulk of the students naturally belong to Bengal, but 53 are from Eastern Bengal and Assam, and 10 from other Provinces. The high percentage (86·2) of the third-year students who passed the diploma examination testifies to the efficiency of the instruction. The health of the students has been good throughout the year; but a hospital is being organized in connection with the hostels to provide against any outbreak in the future. The Principal reports that the conduct of the students has been excellent. On the occasion of the prize-giving last year the Lieutenant-Governor expressed his satisfaction with this feature of the college, and sanctioned a special grant for the preparation of an athletic ground, in order that the students might have increased facilities for athletic exercise.

The expansion of the college has been again postponed for want of funds, but it has been found possible to provide a sufficient amount for the Assistant Professor's quarters, so that this officer may always be in residence.

3. The provisions of the Glanders and Farcy Act have been more strictly enforced during the year, and the efficient administration of the Act has not been attended by any increase of friction. Horses, mules and donkeys in Calcutta increase in number every year and now amount to over 13,000 animals. During the year the staff was able to inspect 4,007 stables, in 90 of which glanders was detected, and the necessity for the work is shown by the fact that out of 296 animals seized one-half had to be destroyed because they were suffering from contagious disease. Colonel Raymond has introduced the plan of paying small sums in compensation to those whose livelihood depends on the animals destroyed, and it has been found that this has greatly facilitated the administration of the Act at a very slight expense.

4. With the college report is incorporated the first annual report of the Raymond Research Laboratory. This institution, which was commenced in 1906, now comprises a central building with a working room for the pathologist, a bacteriological laboratory, a chemical laboratory, a micro-photographic and drawing-room and a dark room. There is also a cellar for the storage of biological products; and attached to the establishment are *post-mortem* and inoculation rooms. Valuable work has been done in diagnosing diseases in connection with the Glanders and Farcy Act, in rabies, and in more obscure cases admitted into the hospital for treatment or *post-mortem* examination. To the Civil Veterinary Department assistance was rendered in the diagnosis of diseases in the mufassal. By means of the laboratory much valuable instruction has been given to the senior students about the infectious diseases of India. Colonel Raymond has organized a post-graduate course for officers of the Department.

5. The number of cases treated at the hospital shows a steady increase from 4,132 to 5,144. This is satisfactory, as indicating the increasing confidence of the public in the institution, and as affording enlarged facilities for the practical training of the students.

6. *Civil Veterinary Department.—Diseases.*—As stated in last year's resolution the information about deaths from contagious diseases is not very reliable, and the figures require scrutiny. Cases of *surra* and *dourine* are reported from the Sonthal Parganas concerning which the Superintendent has no information. According to the table two districts, namely, the Sonthal Parganas and Puri, account for half the total mortality in the Province: but no special outbreaks of a serious nature in these two districts are referred to by the Superintendent. It is necessary that more attention should be given in future to the preparation of this statement; and where figures call for special comment careful inquiries should be made by the Superintendent before the submission of his report. From the statistics it is impossible to come to any conclusion about the prevalence of cattle-diseases during the past year. It is noted with satisfaction that the number of animals inoculated has increased by 100 per cent. It is understood that the remarkable falling off in inoculation work to which attention was drawn in last year's resolution was due to the inclusion of figures for Eastern Bengal in 1906-07 and their exclusion in 1907-08. The Lieutenant-Governor agrees with the Superintendent in thinking that the members of the Agricultural Association might render very useful help to the Veterinary Department by promptly reporting serious outbreaks which come to their notice, and he is glad to see that a commencement has been made in this direction.

7. *Veterinary Dispensaries.*—There are now 27 veterinary dispensaries in Bengal, 2 new ones having been opened during the year, one at Chapra and the other at Bhagalpur. There has been a considerable decrease in the total number of patients admitted to the provincial dispensaries during the year, and in many cases the residents appear to take only a lukewarm interest in them.

8. *Breeding Operations.*—The Lieutenant-Governor is pleased to notice that some progress has been made in the distribution of bulls to public bodies and private individuals. An outbreak of rinderpest has unfortunately greatly weakened the Siri herd at Kalimpong.

9. *General.*—During the year the inspecting staff was considerably strengthened. There are now four Inspectors appointed under the reorganization scheme and 52 Veterinary Assistants in the Province. The reorganization scheme has not yet been introduced so far as the Assistants are concerned. The replies of the local bodies consulted in the matter are at present under consideration.

10. The Lieutenant-Governor desires to acknowledge the efficiency of Colonel Raymond's administration. His service has been extended for a period of three years, and he has received special promotion in recognition of his work. The Lieutenant-Governor also acknowledges the energy with which Mr. Quinlan, the Superintendent of the Civil Veterinary Department, has carried out his duties. He endorses the opinion expressed by these officers concerning their assistants.

By order of the Lieutenant-Governor of Bengal,

C. G. H. ALLEN,

Offg. Chief Secy. to the Govt. of Bengal.

* The report is for the week ending the 31st August 1909.

GENERAL SUMMARY.—The rainfall during the week was general all over the Province. The fall was very heavy in South-West Bengal and also in parts of Purnea, Darjeeling, Hazaribagh and Gaya; moderate in North Bihar, the Sonthal Parganas, Cuttack, Puri, Sambalpur and Singhbhum and light in the rest of the Province. Some damage has been done by excessive rain in Jessore, Khulna, Shahabad, Champaran, Monghyr and Darjeeling. On the other hand, more rain is reported to be wanting in parts of Shahabad, Angul and Sambalpur, and in the last named district autumn paddy has suffered to some extent for want of sufficient moisture. Transplantation of winter paddy still continues. Harvesting of jute, autumn paddy and *marua* is going on. Sugarcane is doing well. Prospects are fair. The price of common rice has risen in Purnea, Angul and Hazaribagh, and has fallen in Jessore, Saran, the Sonthal Parganas, Ranchi and Manbhum. Cattle-disease is reported from Burdwan, Nadia, Jessore, Patna, Gaya, Champaran, Darbhanga, Bhagalpur, Purnea, Angul, Sambalpur, Hazaribagh and Palamau. The fodder and water supply is sufficient throughout the Province.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

DECLARATION.

No. 2739J.—The 6th September 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz, for such portion of the Bhowra Branch of the Bengal-Nagpur Railway as lies between, on the Eastern side, the centre of the culvert at chains 4,145, and, on the Western side, the line of fault near the culvert at chains 8,133, and whereas coal mines are situate under the said land, and wherеas the Eastern Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 11 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Eastern Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Eastern Coal Company, Limited, in the manner and subject to the restrictions below specified, viz:—

(a) No coal shall be worked in any place where the distance from the top of the working (if made) to the natural surface of the ground would be less than 60 feet.

(b) In other places, galleries may be driven not more than 12 feet wide and not more than 12 feet high, with centres not less than 42 feet apart in the direction of the strike of the strata, and not less than 52 feet apart in the direction of

the rise and dip, forming pillars not less than 30 feet wide and not less than 40 feet long to be left unworked for the support of the acquired land.

(c) Manholes not exceeding 6 feet high, 3 feet wide, and 4 feet deep, may be made when required by any rule made under the Indian Mines Act.

(d) Any inrush of water, quicksand, or soft material, shall be reported to the Chief Inspector of Mines without delay.

(e) The above restrictions shall apply to No. 11 seam only, and to the area edged with pink on the plan, and the Eastern Coal Company, Limited, shall give notice under Section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land,

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked LAMA No. 142 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

FEES.

Elementary Department and Industrial Arts Department.—Rs. 3 per month; entrance fee, Rs. 3.

Sons of artizans are admitted at a reduced fee of Re. 1 per month and an entrance fee of Re. 1.

Draftsmen's Department, Teachers' Department, and Fine Arts Department.—Rs. 5 per month; entrance fee, Rs 5.

All fees are due on the first day of each month and must be paid in advance. Any student whose fees remain unpaid beyond the tenth day of the month for which they are due will be considered to have left the school. In order to be re-admitted, he must again send in a form of application and pay a fresh entrance fee.

ADMISSION.

Every student will be considered a probationer for the first six months from the date of his entering; at the end of that time, if it should be found that he does not possess sufficient aptitude for the study upon which he has entered to ensure his success in it as a profession, notice to that effect will be given to his parents or guardians, in order that he may enter upon some other pursuit for which his abilities may be better fitted.

FREE STUDENTSHIPS AND SCHOLARSHIPS.

Free admission is given to a limited number of deserving students, preference being given to the sons of artizans who intend to become art craftsmen. Scholarships to the total amount of Rs 75 per month are allowed by Government. These will be awarded mainly on the results of the annual examinations. Free studentships and scholarships will be principally given in the Elementary and Industrial Arts Departments; in the other Departments they will not be awarded except in very special cases of students with small means who show marked talent.

EXAMINATIONS AND CERTIFICATES.

Examinations in all Departments will be held annually, and certificates will be granted to successful students. A special diploma, stating the student's qualifications and other information, will be awarded to each candidate who completes successfully the full course of any one Department of the School.

BENGAL ACT No. V OF 1909.

An Act to consolidate and amend the Excise Law in Bengal.

WHEREAS it is expedient to consolidate and amend the law in Bengal relating to the import, export, transport, manufacture, possession and sale of intoxicating liquor and intoxicating drugs;

AND WHEREAS, the Acts mentioned in Part I of the Schedule having been passed by the Governor General of India in Council, the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

CHAPTER I.—PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Excise Act, 1909;

(*2*) It extends to the whole of Bengal; and

(*3*) It shall come into force on such date as the Local Government may, by notification, direct.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "beer" includes ale, stout, porter and all other fermented liquor made from malt;

(*2*) "Board" means the Board of Revenue for Bengal;

(*3*) to "bottle" means to transfer liquor from a cask or other vessel to a bottle or other receptacle for the purpose of sale, whether any process of rectification be employed or not; and includes re-bottling;

(*4*) "Calcutta district" means—

(*a*) the area within the local limits of the ordinary original civil jurisdiction of the High Court of Judicature at Fort William in Bengal;

(*b*) the Suburbs of Calcutta, as for the time being defined by notification published under section 1 of the Calcutta Suburban Police Act, 1866, and the Municipalities of Howrah and Bally, or such part of those areas as the Local Government may, by notification, direct, or, if the Local Government by notification so directs, no part of any of those areas; and Ben. Act II of 1866.

(*c*) any other areas, in the vicinity of those referred to in sub-clauses (*a*) and (*b*), which the Local Government may, by notification, declare to be included in the "Calcutta district";

(*5*) "Collector" means,—

(*i*) in the Calcutta district, the person appointed under section 7, clause (*b*), to exercise all the powers and to perform all the duties of the Collector in that district, and

(*ii*) elsewhere, the chief officer in charge of the revenue administration of a district;

(*6*) "denatured" means effectually and permanently rendered unfit for human consumption;

(*7*) "excisable article" means any liquor or intoxicating drug as defined by or under this Act;

(*Chapter I.—Preliminary.—Sections 3, 4.*)

(*8*) "Excise Commissioner" means the officer appointed under section 7, clause (*a*);

(*9*) "Excise Officer" means the Collector or any officer or other person appointed or invested with powers under section 7;

(*10*) "excise-revenue" means revenue derived or derivable from any duty, fee, tax, payment (other than a fine imposed by a Criminal Court) or confiscation imposed or ordered under this Act or any other law for the time being in force relating to liquor or intoxicating drugs;

(*11*) "export" means to take out of Bengal;

(*12*) "import" means to bring into Bengal;

(*13*) "intoxicating drug" means—

(i) *ganja, bhang* or *siddhi, charas* and every preparation of the hemp plant (*Cannabis sativa*),

(ii) every admixture of, and every intoxicating drink made from, any article referred to in sub-clause (i) of this clause, and

(iii) any other intoxicating drink or substance which the Local Government may specify in this behalf by notification, with every preparation or admixture of the same,

but does not include opium or anything which is included in "opium" as defined in the Opium Act, 1878; I of 1878.

(*14*) "liquor" means intoxicating liquor, and includes spirits of wine, spirit, wine, *tari, pachwai*, beer, all liquid consisting of or containing alcohol, and any substance which the Local Government may, by notification, declare to be liquor for the purposes of this Act;

(*15*) "manufacture" includes—

(*I*) every process, whether natural or artificial, by which any excisable article is produced or prepared (including the tapping of *tari*-producing trees and the drawing of *tari* from trees),

(*II*) re-distillation, and

(*III*) every process for the rectification, flavouring, blending or colouring of liquor;

(*16*) "*pachwai*" means fermented rice, millet or other grain, whether mixed with any liquid or not, and any liquid obtained therefrom, whether diluted or undiluted; but does not include beer;

(*17*) "place" includes building, house, shop, booth, vessel, raft and tent;

(*18*) expressions referring to "sale" include any transfer otherwise than by way of gift;

(*19*) "spirit" means any liquor containing alcohol obtained by distillation, whether it is denatured or not;

(*20*) "*tari*" means fermented or unfermented juice drawn from any cocoanut, palmyra, date or other kind of palm tree; and

(*21*) "transport" means to remove from one place to another within Bengal.

Provision supplemental to the definition of "intoxicating drug."

3. The Local Government may, by notification, declare what shall be deemed to be *ganja, bhang* or *siddhi*, or *charas*.

Power to declare what shall be deemed to be "country liquor" and "foreign liquor," respectively.

4. The Local Government, with the previous sanction of the Government of India, may, by notification, declare what, for the purposes of this Act or any portion thereof, shall be deemed to be "country liquor" and "foreign liquor," respectively.

(Chapter I.—Preliminary.—Chapter II.—Establishments, Control, Appeal and Revision.—Sections 5-7.)

Definition of retail and wholesale.

5. (*1*) The Board may, by notification, declare, with respect either to the whole of Bengal or to any specified local area, and as regards purchasers generally or any specified class of purchasers, and either generally or for any specified occasion, what quantity of any excisable article shall, for the purposes of this Act, be the limit of a retail sale.

(*2*) The sale of any excisable article in any quantity in excess of the quantity declared in respect thereof under sub-section (*1*) shall be deemed to be a sale by wholesale.

Saving of certain Acts.

6. (*1*) Nothing contained in this Act shall affect the provisions of—

(*a*) the Calcutta Suburban Police Act, 1866, or — Ben. Act II of 1866.

(*b*) the Calcutta Police Act, 1866, or — Ben. Act IV of 1866.

(*c*) the Sea Customs Act, 1878, or — VIII of 1878.

(*d*) the Cantonments Act, 1889, or — XIII of 1889.

(*e*) the Indian Tariff Act, 1894 (except section 6 thereof). — VIII of 1894.

(*2*) All references to Act XXI of 1856 in the said Calcutta Suburban Police Act, 1866, and all references to Act XI of 1849 in the said Calcutta Police Act, 1866, shall be construed as references to this Act.

Ben. Act II of 1866.
Ben. Act IV of 1866.

CHAPTER II.—ESTABLISHMENTS, CONTROL, APPEAL AND REVISION.

Establishments, and delegation and withdrawal of powers.

7. (*1*) The administration of the Excise Department and the collection of the excise-revenue within a district shall ordinarily be under the charge of the Collector.

(*2*) The Local Government may, by notification applicable to the whole of Bengal or to any specified local area,—

(*a*) appoint an officer who shall, subject to such control as the Local Government may direct, have the control of the administration of the Excise Department and the collection of the excise-revenue;

(*b*) appoint any person to exercise all or any of the powers, and to perform all or any of the duties, conferred and imposed on a Collector by or under this Act, either concurrently with, or in subordination to, or to the exclusion of, the Collector, and subject to such control as the Local Government may direct;

(*c*) appoint officers of the Excise Department, of such classes, and with such designations, powers and duties, as the Local Government may think fit;

(*d*) order that all or any of the powers and duties assigned by or under this Act to any officer appointed under clause (*c*) of this section shall be exercised and performed by any Government officer or any other person;

(*e*) delegate to the Board, the Commissioner of a Division or the Excise Commissioner all or any of the powers conferred upon the Local Government by or under this Act, except the power conferred by section 85 to make rules;

(*f*) withdraw from any officer or person all or any of the powers or duties conferred or imposed upon him by or under this Act; and

(*g*) permit the delegation by the Board, the Commissioner of a Division, the Excise Commissioner or the Collector, to any persons or classes of persons specified in such notification, of any powers conferred or duties imposed upon it or him by or under this Act.

(Chapter II.—Establishments, Control, Appeal and Revision. —Chapter III.—Import, Export and Transport.— Sections 8-12.)

Control, appeal and revision.

8. (*1*) The Collector shall, in all proceedings under this Act, be subject to the control of the Excise Commissioner, and shall, in such matters as the Local Government may direct, be subject also to the control of the Commissioner of the Division.

(*2*) Orders passed under this Act or under any rule made hereunder shall be appealable in such cases, to such authorities and under such procedure as may be prescribed by rule made under section 85, clause (*c*).

(*3*) The Board may revise any order passed by a Collector, the Excise Commissioner or the Commissioner of a Division.

CHAPTER III.—IMPORT, EXPORT AND TRANSPORT.

Restrictions on import

9. (*1*) No excisable article shall be imported unless—

(*a*) the Local Government has given permission, either general or special, for its import;

(*b*) such conditions (if any) as the Local Government may impose have been satisfied; and

(*c*) the duty (if any) imposed under section 27 has been paid, or a bond has been executed for the payment thereof.

(*2*) Sub-section (*1*) shall not apply to any article which has been imported into British India and was liable, on such importation, to duty under the Indian Tariff Act, 1894, or the Sea Customs Act, 1878.

VIII of 1894. VIII of 1878.

(*3*) Clauses (*a*) and (*b*) of sub-section (*1*) shall not apply to liquor manufactured in British India and declared under section 4 to be foreign liquor.

Restriction on export or transport.

10. No excisable article shall be exported or transported unless—

(*a*) the duty (if any) imposed under section 27, or

(*b*) if the article was previously imported, the duty (if any) imposed on its importation under the Indian Tariff Act, 1894, or the Sea Customs Act, 1878,

VIII of 1894. VIII of 1878.

has been paid, or a bond has been executed for the payment thereof :

Provided that the Board may, subject to such conditions (if any) as it thinks fit to impose, exempt any excisable article from the provisions of this section.

Power to prohibit import, export or transport.

11. The Local Government may, by notification,—

(*a*) with the previous sanction of the Government of India, prohibit the import or export of any excisable article into or from Bengal or any part thereof, or

(*b*) prohibit the transport of any excisable article.

Passes for import, export or transport.

12. (*1*) No excisable article exceeding such quantity as the Local Government may prescribe by notification, either generally or for any specified local area, shall be imported, exported or transported, except under a pass :

Provided that, in the case of duty-paid foreign liquor other than denatured spirit, such passes shall be dispensed with unless the Local Government, by notification, otherwise directs with respect to any local area.

(*2*) The passes required by sub-section (*1*) may be granted by the Collector.

(*3*) Such passes may be either general for definite periods and particular kinds of excisable articles, or special for specified occasions and particular consignments only.

(*Chapter IV.—Manufacture, Possession and Sale.— Sections 13-17.*)

CHAPTER IV.—MANUFACTURE, POSSESSION AND SALE.

License required for manufacture.

13. (*a*) No excisable article shall be manufactured,

(*b*) no hemp plant (*Cannabis sativa*) shall be cultivated,

(*c*) no portion of the hemp plant (*Cannabis sativa*) from which an intoxicating drug can be manufactured or produced shall be collected,

(*d*) no liquor shall be bottled for sale,

(*e*) no distillery or brewery shall be worked, and

(*f*) no person shall use, keep or have in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*,

except under the authority and subject to the terms and conditions of a license granted in that behalf by the Collector:

Provided that any *tari*-producing tree may be tapped, and *tari* may be drawn from any tree, without a license under this section, by the person in possession of the tree,—

(*i*) for the purpose of being used in the manufacture of *gur* or molasses, or

(*ii*) up to a limit of four seers, for the domestic consumption of the said person.

Drawing of *tari* in notified areas.

14. (*1*) Notwithstanding anything contained in the proviso to section 13,—

(*a*) no *tari*-producing tree shall be tapped, and
(*b*) no *tari* shall be drawn from any tree,

in any local area specified in this behalf by the Local Government by notification, except under the authority and subject to the terms and conditions of a license granted in that behalf by the Collector:

(*2*) Provided that, when any exclusive privilege of manufacturing *tari* has been granted under section 22, the Local Government may declare that the written permission given by the grantee to draw *tari* shall have the same force and effect as a license granted by the Collector under sub-section (*1*) of this section:

(*3*) Provided also that, in any local area specified by notification under sub-section (*1*), the Local Government may, by notification, declare that that sub-section shall not apply to trees tapped or *tari* drawn under such special conditions as the Board may prescribe.

Establishment of distilleries, breweries or warehouses.

15. (*1*) The Excise Commissioner may—

(*a*) subject to any restrictions imposed by the Local Government, establish, or authorise the establishment of, distilleries or breweries, in which liquor may be manufactured under a license granted under section 13;

(*b*) discontinue any such distillery or brewery;

(*c*) establish, or authorize the establishment of, warehouses, wherein any excisable article may be deposited and kept without payment of duty; and

(*d*) discontinue any such warehouse.

(*2*) No distillery, brewery or warehouse as aforesaid shall be established except by, or under the authority of, the Excise Commissioner.

License required for depositing or keeping excisable article in warehouse or other place of storage.

16. No person shall, except under the authority and subject to the terms and conditions of a license granted in that behalf by the Collector, deposit or keep any excisable article in any warehouse or other place of storage established, authorized or continued under this Act.

Payment of duty on removal from distillery, brewery, warehouse or other place of storage.

17. No excisable article shall be removed from any distillery, brewery, warehouse or other place of storage licensed, established, authorized or continued under this Act, unless the duty (if any) imposed under section 27 has been paid or a bond has been executed for the payment thereof.

(Chapter IV.—Manufacture, Possession and Sale.—Sections 18-20.)

Possession of excisable articles not obtained from a licensed vendor.

18. *(1)* No person shall have in his possession any excisable article which has not been obtained from a licensed vendor of the same.

(2) Sub-section *(1)* shall not apply to—

(a) any excisable article lawfully deposited or kept in a distillery, brewery, warehouse or other place of storage licensed, established, authorized or continued under this Act, or

(b) any excisable article lawfully in the possession of a licensed vendor of the same, or

(c) any excisable article in the possession of a person who has lawfully imported it, or who is authorized by the Collector to possess it, or

(d) any foreign liquor in the possession of any common carrier or warehouseman as such, or purchased at a sale authorized by clause *(a)* of proviso *(3)* to section 20, or

(e) *tari* intended to be used in the manufacture of *gúr* or molasses, or

(f) *tari* intended to be used in the manufacture of bread by a person holding a permit to use *tari* for that purpose, or

(g) *tari*, up to a limit of four seers, when in the possession of the person possessing the tree from which it was drawn and intended to be used for his domestic consumption, or

(h) intoxicating drugs in the possession of any person licensed to cultivate or collect the plants from which such drugs were produced, when such possession is in accordance with the conditions of his license.

Possession of excisable articles generally.

19. *(1)* No person not being licensed to manufacture, cultivate, collect or sell any excisable article shall have in his possession any quantity of any excisable article in excess of such quantity as the Board has, under section 5, declared to be the limit of a retail sale, except under a permit granted by the Collector in that behalf.

(2) Sub-section *(1)* shall not apply to—

(a) any foreign liquor (other than denatured spirit) which is in the possession of any common carrier or warehouseman as such, or

(b) any foreign liquor which has been purchased by any person for his *bonâ fide* private consumption and not for sale, or

(c) *tari* intended to be used in the manufacture of *gúr* or molasses.

(3) A licensed vendor shall not have in his possession at any place other than that authorized by his license any quantity of any excisable article in excess of such quantity as the Board has, under section 5, declared to be the limit of a retail sale, except under a permit granted by the Collector in that behalf.

(4) Notwithstanding anything contained in the foregoing sub-sections, the Local Government may, by notification, prohibit the possession by any person or class of persons, either in Bengal or in any specified local area, of any excisable article, either absolutely, or subject to such conditions as it may prescribe.

License required for sale.

20. No excisable article, and no portion of the hemp plant (*Cannabis sativa*) from which an intoxicating drug can be manufactured or produced, shall be sold except under the authority and subject to the terms and conditions of a license granted in that behalf by the Collector:

Provided as follows:—

(1) a license for sale in more than one district shall be granted only by the Excise Commissioner;

(2) a cultivator or owner of any hemp plant (*Cannabis sativa*) may sell, without a license, those portions of the plant from which an intoxicating drug can be manufactured or produced, to any person licensed under this Act to deal in the same, or to any officer whom the Excise Commissioner may authorise to purchase or

(Chapter IV.—Manufacture, Possession and Sale.—Sections 21-25.)

(3) no license shall be required for any of the following sales, namely :—

(a) the sale of foreign liquor lawfully procured by any person for his private use—when such sale is made by such person himself or on his behalf upon his quitting a station, or on behalf of his representatives in interest after his decease;

(b) the sale of *tari*, by a person in possession of the tree from which it was drawn, to a person licensed under this Act to manufacture or sell *tari* ;

(c) the sale of *tari* intended to be used in the manufacture of *gúr* or molasses; or

(d) the sale of *tari* intended to be used in the manufacture of bread to a person holding a permit to use *tari* for the purpose of making bread.

Manufacture and sale of liquor in or near cantonments.

21. Within the limits of any military cantonment, and within such distance from those limits as the Local Government may in any case prescribe, no license for the manufacture or sale of liquor shall be granted, except with the previous consent of the Commanding Officer.

Grant of exclusive privilege of manufacture and sale of country liquor or intoxicating drugs.

22. (1) The Local Government may grant to any person, on such conditions and for such period as it may think fit, the exclusive privilege—

(a) of manufacturing, or supplying by wholesale, or
(b) of manufacturing, and supplying by wholesale, or
(c) of selling, by wholesale or retail, or
(d) of manufacturing or supplying by wholesale and selling retail, or
(e) of manufacturing and supplying by wholesale and selling retail,

any country liquor or intoxicating drug within any specified local area :

Provided that public notice shall be given of the intention to grant any such exclusive privilege, and that any objections made by any person residing within the area affected shall be considered before an exclusive privilege is granted.

(2) No grantee of any privilege under sub-section (1) shall exercise the same unless or until he has received a license in that behalf from the Collector.

Transfer of exclusive privilege.

23. (1) A grantee of an exclusive privilege under section 22 shall not let or assign the same or any portion thereof unless he is expressly authorized, by a condition made under that section, to do so.

(2) Such letting or assignment shall be made only to a person approved by the Collector or (if the letting or assignment extends to more than one district) the Excise Commissioner.

(3) The lessee or assignee shall not exercise any rights as such unless and until the Collector has, upon his application, granted him a license to do so.

Maintenance and use of measures, weights and instruments by licensed manufacturers and vendors.

24. Every person who manufactures or sells any excisable article under a license granted under this Act—

(a) shall supply himself with such measures, weights and instruments as the Excise Commissioner may prescribe, and shall keep the same in good condition; and,

(b) when such measures, weights and instruments have been so prescribed, shall, on the requisition of any Excise Officer duly empowered by the Collector in this behalf, measure, weigh or test any excisable article in his possession, at such time and in such manner as such Officer may require.

Employment of children or women by licensed vendors.

25. (1) No person who is licensed to sell foreign liquor or country spirit for consumption on his premises shall,

during the hours in which such premises are kept open for business,

employ or permit to be employed, either with or without remuneration, any child under the age of fourteen years,

in any part of such premises in which such liquor or spirit is consumed by the public.

(*2*) No person who is licensed to sell foreign liquor for consumption on his premises shall, without the previous written permission of the Board,

during the hours in which such premises are kept open for business,

employ or permit to be employed, either with or without remuneration, any woman,

in any part of such premises in which such liquor is consumed by the public.

(*3*) The Local Government may, by notification, declare that sub-section (*2*) shall apply also, in any specified area, to persons licensed to sell country spirit for consumption on their premises.

(*4*) Every permission granted under sub-section (*2*) shall be endorsed on the license, and may be modified or withdrawn.

Power to close shops temporarily.

26. (*1*) The District Magistrate or a Sub-divisional Magistrate, or (in Calcutta) the Chief Presidency Magistrate or the Commissioner of Police, may, by notice in writing to the licensee, require that any shop in which any excisable article is sold shall be closed at such times or for such period as such Magistrate or Commissioner of Police may think necessary for the preservation of the public peace.

(*2*) If any riot or unlawful assembly is apprehended or occurs in the vicinity of any shop in which any excisable article is sold, any Magistrate, or any Police Officer above the rank of constable, who is present, may require such shop to be kept closed for such period as he may think necessary.

(*3*) When any Magistrate or Police Officer makes a direction under sub-section (*1*) or sub-section (*2*), he shall forthwith inform the Collector of his action and his reasons therefor.

CHAPTER V.—DUTY.

Power to impose duty on import, export, transport and manufacture.

27. (*1*) A duty, at such rate or rates as the Local Government may direct, may be imposed, either generally or for any specified local area, on—

(*a*) any excisable article imported, or

(*b*) any excisable article exported, or

(*c*) any excisable article transported, or

(*d*) any excisable article (other than *tari*) manufactured under any license granted in respect of clause (*a*) of section 13, or

(*e*) any hemp plant (*Cannabis sativa*) cultivated, or any portion of such plant collected, under any license granted in respect of clause (*b*) or clause (*c*) of section 13, or

(*f*) any excisable article manufactured in any distillery or brewery licensed, established, authorised or continued under this Act.

Explanation.—Duty may be imposed on any article under this sub-section at different rates according to the places to which such article is to be removed for consumption, or according to the varying strengths and quality of such article.

(*2*) A duty, at such rate or rates as the Local Government may direct, may be imposed, either generally or for any specified local area, on any *tari* drawn under any license granted under section 14, sub-section (*1*).

(*3*) Notwithstanding anything contained in sub-section (*1*),—

(*i*) duty shall not be imposed thereunder on any article which has been imported into British India and was liable, on such importation, to duty under the Indian Tariff Act, 1894, or the Sea Customs Act, 1878; and

VIII of 1894.
VIII of 1878.

(Chapter V.—Duty.—Sections 28, 29.)

(*ii*) any duty imposed thereunder on beer or denatured spirit manufactured in India shall, unless the Local Government, with the previous sanction of the Government of India, otherwise directs, be equal to the duty to which beer or denatured spirit, as the case may be, when imported into British India by sea, is liable under the Indian Tariff Act, 1894, or the Sea Customs Act, 1878.

VIII of 1894.
VIII of 1878.

Ways of levying such duty.

28. Subject to any rules made under section 86, clause (*12*), any duty imposed under section 27 may be levied in any of the following ways:—

(*a*) on an excisable article imported,—

(i) by payment (upon or before importation) in Bengal or in the province or territory from which the article is brought, or

(ii) by payment upon issue for sale from a warehouse established, authorized or continued under this Act;

(*b*) on an excisable article exported,—

by payment in Bengal or in the province or territory to which the article is sent;

(*c*) on an excisable article transported,—

(i) by payment in the district from which the article is sent, or

(ii) by payment upon issue for sale from a warehouse established, authorized or continued under this Act;

(*d*) on intoxicating drugs manufactured, cultivated or collected,—

(i) by a rate charged upon the quantity manufactured under a license granted in respect of the provisions of section 13, clause (*a*), or issued for sale from a warehouse established, authorized or continued under this Act, or

(ii) by an acreage rate levied on the cultivation or collection of the hemp plant (*Cannabis sativa*) under a license granted in respect of the provisions of section 13, clause (*b*) or clause (*c*);

(*e*) on spirit or beer manufactured in any distillery or brewery licensed, established, authorized or continued under this Act,—

(i) by a rate charged upon the quantity produced in or issued from the distillery or brewery, as the case may be, or issued for sale from a warehouse established, authorized or continued under this Act, or

(ii) in accordance with such scale of equivalents, calculated on the quantity of materials used, or by the degree of attenuation of the wash or wort, as the case may be, as the Local Government may prescribe; and

(*f*) on *tari* drawn under a license granted under section 14, sub-section (*1*),—by a tax on each tree from which the drawing of *tari* is permitted:

Provided that, where payment is made upon the issue of an excisable article for sale from a warehouse, it shall be at the rate of duty in force on the date of issue of such article from such warehouse:

Provided also that no tax shall be levied in respect of any tree from which *tari* is drawn only for the manufacture of *gur* or molasses and under such special conditions as the Board may prescribe.

Payment for grant of exclusive privilege.

29. Instead of, or in addition to, any duty leviable under this Act, the Local Government may accept payment of a sum in consideration of the grant of any exclusive privilege under section 22.

CHAPTER VI.—LICENSES, PERMITS AND PASSES.

Preparation of list of places for which it is proposed to grant licenses for the retail sale of spirit.

30. Before the expiration of every period for which existing licenses for the retail sale of spirit are in force, the Collector shall prepare a list, in a form prescribed by the Board, showing what licenses it is proposed to grant for the retail sale of spirit, for consumption on the vendors' premises, for the next period of settlement.

Publication of such list.

31. (*1*) The Collector shall—

(*a*) cause to be conspicuously affixed upon the site of each shop referred to in the said list a notice to the effect that it is proposed to grant a license for the retail sale of spirit thereat, or in the vicinity, for the next period of settlement;

(*b*) if any site referred to in the said list is not at the time used for the retail sale of spirit, cause a notice, to the effect that it is proposed to grant a license for the retail sale of spirit thereat, or in the vicinity, for the next period of settlement, to be proclaimed in the locality by beat of drum;

(*c*) send to the Chairman of each Municipality an extract reproducing so much of the said list as relates to shops in the Municipality; and

(*d*) cause the said list, or any portion thereof, to be published in such other methods (if any) as may be prescribed by rule made under section 85, clause (*j*).

(*2*) When an extract is sent to the Chairman of any Municipality under clause (*c*) of sub-section (*1*), he shall—

(*i*) cause a copy of the extract to be conspicuously affixed at the central office of the Municipality; and

(*ii*) send to each member of each Ward Committee (if any) a copy of so much of the extract as relates to shops situated in his Ward.

Time for preparation and publication of such list.

32. The list mentioned in section 30 shall be prepared, and shall be published under section 31, at such time as may be prescribed by rule made in this behalf under section 85, clause (*j*).

Submission of objections and opinions to Collector.

33. (*1*) Objections to any proposal contained in any list prepared under section 30 may be received, at any time prior to the date prescribed by rule made in this behalf under section 85, clause (*i*), from—

(*a*) persons paying municipal rates and residing in any Municipality to which such proposal relates, or (if any such Municipality is divided into Wards) in the Ward to which such proposal relates or in any Ward adjoining such Ward; or

(*Chapter VI.—Licenses, Permits and Passes.—Sections 34, 35.*)

(*b*) (in the case of shops not situated in any Municipality) persons owning or occupying land, or residing, in the vicinity of the shop to which such proposal relates; or

(*c*) the District Magistrate.

(*2*) Such objections must be submitted to the Collector, or, in any Municipality, either to the Chairman of the Municipality or to the Collector.

(*3*) Every Chairman of a Municipality to whom an extract has been sent under section 31, clause (*c*), shall send to the Collector, by a date prescribed by rule made in this behalf under section 85, clause (*j*),—

(*i*) all objections (if any) to proposals contained in the extract which may be received by the Chairman, from persons paying municipal rates, before that date, and

(*ii*) any opinion which the Chairman or the Municipal Commissioners may wish to record on the said proposals.

Grant of licenses by Collector, and submission of list, objections and opinions to Excise Commissioner.

34. (*1*) After the date prescribed for the receipt of objections and opinions submitted under section 33, the Collector shall consider the same, and shall, if necessary, revise the said list, and shall decide for what places licenses for the retail sale of spirit shall be granted, and may, in his discretion, grant licenses accordingly.

(*2*) The Collector shall then forthwith submit the said list, as so revised, and the said objections and opinions, and his own opinion,—

(*a*) in the case of shops outside the Calcutta district, to the Commissioner of the Division, for transmission to the Excise Commissioner, and

(*b*) in the case of shops in the Calcutta district, to the Excise Commissioner.

(*3*) The Commissioner of the Division shall consider the list, objections and opinions so sent to him, and shall forward them, with his own opinion and recommendations (if any), to the Excise Commissioner.

Finality of decision of Excise Commissioner or Board.

35. The Excise Commissioner shall consider the list, objections and opinions so sent to him, and may modify or annul any order passed or license granted by the Collector; and, notwithstanding anything contained in section 8, his orders shall be final:

Provided that, if there be any difference of opinion between—

(*a*) the Excise Commissioner, and

(*b*) the Commissioner of a Division, the Chairman of the Corporation of Calcutta or the Corporation of Calcutta (if the opinion of the Municipal Commissioners of Calcutta, referred to in sub-clause (*ii*) of section 33, has been recorded at a meeting of the Corporation),

the matter shall be referred by the Excise Commissioner to the Board, whose decision shall be final.

(Chapter VI.—Licenses, Permits and Passes.—Sections 36-42.)

Application of sections 30 to 35 to licenses for retail sale of excisable articles other than spirit.

36. The provisions of sections 30 to 35 as to licenses for the retail sale of spirit shall apply also in respect of licenses for the retail sale, in any local area specified in any order made by the Board in this behalf, of any other excisable article specified in such order.

Exemption of certain licenses from sections 30 to 36.

37. Sections 30 to 36 shall not apply in the case of any license which it is proposed to grant—

(*a*) to any person, for the retail sale of any excisable article during any period not exceeding six months; or

(*b*) to any person, for the retail sale of any denatured spirit; or

(*c*) to any person, for the retail sale of any excisable article, in substitution for a license which has been cancelled or surrendered before the expiration of the period for which it was granted; or

(*d*) to any medical practitioner, chemist, druggist, apothecary or keeper of a dispensary, for the retail sale of any excisable article for medicinal purposes.

Fees for, terms, conditions and form of, and duration of, licenses, permits and passes.

38. (*1*) Every license, permit or pass granted under this Act—

(*a*) shall be granted—

(*i*) on payment of such fees (if any), and

(*ii*) subject to such restrictions and on such conditions, and

(*b*) shall be in such form and contain such particulars,

as the Board may direct.

(*2*) Every license, permit or pass under this Act shall be granted for such period (if any) as may be prescribed by rule made by the Local Government under section 85, clause (*e*).

Continuance of licenses granted under former law.

39. Every license which was granted under any section of the Bengal Excise and Licensing Act, 1878, and is in force at the commencement of this Act, shall be deemed to have been granted under the corresponding section of this Act, and shall (unless previously cancelled, suspended, withdrawn or surrendered under this Chapter) remain in force for the period for which it was granted.

Ben. Act VII of 1878.

Counterpart agreement by licensee, and security or deposit.

40. Any authority granting a license under this Act may require the grantee to execute a counterpart agreement in conformity with the tenor of his license, and to give such security for the performance of such agreement, or to make such deposit in lieu of security, as such authority may think fit.

Technical defects, irregularities and omissions.

41. (*1*) No license granted under this Act shall be deemed to be invalid by reason merely of any technical defect, irregularity or omission in the license or in any proceedings taken prior to the grant thereof.

(*2*) The decision of the Excise Commissioner or (where a reference is made to the Board under section 35) the Board, as to what is a technical defect, irregularity or omission, shall be final.

Power to cancel or suspend license, permit or pass.

42. (*1*) Subject to such restrictions as the Local Government may prescribe, the authority who granted any license, permit or pass under this Act may cancel or suspend it—

(*a*) if it is transferred or sublet by the holder thereof without the permission of the said authority; or

(*b*) if any duty or fee payable by the holder thereof be not duly paid; or

(Chapter VI.—Licenses, Permits and Passes.—Sections 43, 44.)

(*c*) in the event of any breach by the holder thereof, or by any of his servants, or by anyone acting on his behalf with his express or implied permission, of any of the terms or conditions thereof; or

(*d*) if the holder thereof is convicted of any offence punishable under this Act or any other law for the time being in force relating to revenue, or of any cognizable and non-bailable offence, or of any offence punishable under the Merchandise Marks Act, 1889, or under any section which has been introduced into the Indian Penal Code by section 3 of that Act; or

IV of 1889.
XLV of 1860.

(*e*) if the holder thereof is punished for any offence referred to in clause 8 of section 167 of the Sea Customs Act, 1878; or

VIII of 1878.

(*f*) where a license, permit or pass has been granted on the application of the holder of an exclusive privilege granted under section 22,—on the requisition in writing of such holder; or

(*g*) if the conditions of the license, permit or pass provide for such cancellation or suspension at will.

(*2*) When a license, permit or pass held by any person is cancelled under clause (*a*), clause (*b*), clause (*c*), clause (*d*) or clause (*e*) of sub-section (*1*), the authority aforesaid may cancel any other license, permit or pass granted to such person under this Act, or under any other law for the time being in force relating to Excise, or under the Opium Act, 1878.

I of 1878.

(*3*) The holder of a license, permit or pass shall not be entitled to any compensation for its cancellation or suspension under this section, or to the refund of any fee paid or deposit made in respect thereof.

Power to withdraw licenses.

43. (*1*) Whenever the authority who granted any license under this Act considers that the license should be withdrawn for any cause other than those specified in section 42, it shall remit a sum equal to the amount of the fees payable in respect thereof for fifteen days, and may withdraw the license either—

(*a*) on the expiration of fifteen days' notice in writing of its intention to do so, or

(*b*) forthwith, without notice.

(*2*) If any license be withdrawn under clause (*b*) of sub-section (*1*), the said authority shall, in addition to remitting such sum as aforesaid, pay to the licensee such further sum (if any), by way of compensation, as the Excise Commissioner may direct.

(*3*) When a license is withdrawn under sub-section (*1*), any fee paid in advance, or deposit made, by the licensee in respect thereof shall be refunded to him, after deducting the amount (if any) due to the Government.

Surrender of license.

44. (*1*) Any holder of a license granted under this Act to sell an excisable article may surrender his license on the expiration of one month's notice in writing given by him to the Collector of his intention to surrender the same, unless the license is liable to cancellation or suspension under section 42.

(*2*) Sub-section (*1*) shall not apply in the case of a license for the sale of any country liquor or intoxicating drug in the exercise of an exclusive privilege granted under section 22.

Explanation.—The words "holder of a license," as used in this section, include a person whose tender or bid for a license has

(Chapter VII.—Departmental Management or Transfer.—Chapter VIII.—Offences and Penalties.—Sections 45-48.)

CHAPTER VII.—DEPARTMENTAL MANAGEMENT OR TRANSFER.

Power of Collector to take grants under management, or to transfer them.

45. If any holder of a license granted under this Act, or any person to whom an exclusive privilege has been granted under section 22, contravenes any provision of this Act or any rule made hereunder, or makes default in complying with any condition imposed upon him by such license or privilege, or

if any holder of a license granted under this Act surrenders the same under section 44,

the Collector may (in the case of a license, after the cancellation or surrender thereof, and, in the case of an exclusive privilege, at any time)—

(*a*) take the grant under management, at the risk and loss of the person to whom it was made, or

(*b*) transfer the unexpired portion of the grant, at the risk and loss of the said person, to any other person:

Provided that, if the Excise Commissioner is satisfied that there is sufficient reason for surrendering a license, he may remit such loss as may accrue in consequence of the surrender, or any portion thereof.

CHAPTER VIII.—OFFENCES AND PENALTIES.

Penalty for unlawful import, export, transport, manufacture, possession, sale, etc.

46. If any person, in contravention of this Act, or of any rule, notification or order made, issued or given, or license, permit or pass granted, under this Act,—

(*a*) imports, exports, transports, manufactures, possesses or sells any excisable article, or

(*b*) cultivates any hemp plant (*Cannabis sativa*), or

(*c*) collects or sells any portion of the hemp plant (*Cannabis sativa*) from which an intoxicating drug can be manufactured or produced, or

(*d*) bottles any liquor for purposes of sale, or

(*e*) works any distillery or brewery, or

(*f*) uses, keeps or has in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*, or

(*g*) establishes any distillery, brewery or warehouse, or

(*h*) removes any excisable article from any distillery, brewery, warehouse or other place of storage licensed, established, authorised or continued under this Act,

he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to one thousand rupees, or to both.

Presumption as to offence where possession is not satisfactorily accounted for.

47. In prosecutions under section 46 it may be presumed, unless and until the contrary is proved, that the accused person has committed an offence punishable under that section in respect of—

(*a*) any excisable article, or

(*b*) any still, utensil, implement or apparatus whatsoever for the manufacture of any excisable article other than *tari*, or

(*c*) any materials which have undergone any process towards the manufacture of an excisable article, or from which an excisable article has been manufactured,

for the possession of which he fails to account satisfactorily.

Penalty for attempting to render denatured spirit fit for human consumption.

48. If any person attempts to render fit for human consumption any spirit, whether manufactured in British India or not, which has been denatured,

or has in his possession any spirit in respect of which he knows or has reason to believe that any such attempt has been made,

he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to one thousands rupees, or to both.

(*Chapter VIII.—Offences and Penalties.—Sections 49-52.*)

Penalty for adulteration by licensed manufacturer or vendor or his servant.

49. If any licensed manufacturer or licensed vendor, or any person in his employ and acting on his behalf,

mixes, or permits to be mixed, with any excisable article manufactured, sold or kept or exposed for sale by him, any noxious drug or any article prohibited by rule made under section 86, clause (9), sub-clause (i), and such mixing does not amount to an offence punishable under section 272 of the Indian Penal Code, XLV of 1860.

he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to one thousand rupees, or to both.

Penalty for fraud by licensed manufacturer or vendor or his servant.

50. If any licensed manufacturer or licensed vendor, or any person in his employ and acting on his behalf,—

(*a*) sells, or keeps or exposes for sale, as foreign liquor, any liquor which he knows or has reason to believe to be country liquor, and such sale does not amount to an offence punishable under section 417 or section 418 of the Indian Penal Code, or XLV of 1860.

(*b*) marks any bottle, case, package or other receptacle containing country liquor, or the cork of any such bottle, or

deals with any bottle, case, package or other receptacle containing country liquor,

with the intention of causing it to be believed that such bottle, case, package or other receptacle contains foreign liquor,

and such marking or dealing does not amount to an offence punishable under section 482 of the said Indian Penal Code, XLV of 1860.

he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to five hundred rupees, or to both.

Penalty for certain unlawful acts of licensed vendors or their servants.

51. (*1*) If any licensed vendor, or any person in his employ and acting on his behalf,—

(*a*) in contravention of section 25, employs or permits to be employed, in any part of his licensed premises referred to in that section, any child or woman; or

(*b*) sells any excisable article to a person who is drunk or intoxicated; or

(*c*) sells or delivers any spirit or intoxicating drug to any child apparently under the age of fourteen years, whether for consumption by such child or by any other person, and whether for consumption on or off the premises of such vendor; or

(*d*) permits drunkenness, intoxication, disorderly conduct or gaming on the premises of such vendor; or

(*e*) permits any persons whom he knows, or has reason to believe, to have been convicted of any non-bailable offence, or who are reputed prostitutes, to meet, or any such person to remain, on the premises of such vendor, whether for the purposes of crime or prostitution or not,

he shall be liable to fine which may extend to five hundred rupees.

(*2*) When any licensed vendor, or any person in his employ and acting on his behalf, is charged with permitting drunkenness or intoxication on the premises of such vendor, and it is proved that any person was drunk or intoxicated on such premises, it shall lie on the person charged to prove that the vendor and the persons employed by him took all reasonable steps for preventing drunkenness or intoxication on such premises.

Penalty for possession of excisable article in respect of which an offence has been committed.

52. If any person, without lawful authority, has in his possession any quantity of any excisable article, knowing the same to have been unlawfully imported, transported or manufactured, or knowing that the prescribed duty has not been paid thereon, he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to one thousand rupees, or to both.

(Chapter VIII.—Offences and Penalties.—Sections 53-58.)

Penalty for consumption in chemist's shop, etc.

53. (*1*) If any chemist, druggist, apothecary or keeper of a dispensary allows any excisable article which has not been *bonâ fide* medicated for medicinal purposes to be consumed on his business premises by any person not employed in his business, he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to one thousand rupees, or to both.

(*2*) If any person not employed as aforesaid consumes any such excisable article on such premises, he shall be liable to fine which may extend to two hundred rupees.

Penalty for certain acts by licensee or his servant.

54. If any holder of a license, permit or pass granted under this Act, or any person in his employ and acting on his behalf,—

(*a*) fails to produce such license, permit or pass on the demand of any Officer empowered by the Local Government, by notification, to make such demand, or

(*b*) in any case not provided for in section 46, wilfully contravenes any rule made under section 85 or section 86, or

(*c*) wilfully does any act, in breach of any of the conditions of the license, permit or pass, for which a penalty is not prescribed elsewhere in this Act,

he shall be liable, in case (*a*), to fine which may extend to two hundred rupees, and in case (*b*) or case (*c*) to fine which may extend to five hundred rupees.

Manufacture, sale or possession by one person on account of another.

55. (*1*) When any excisable article has been manufactured or sold or is possessed by any person on account of any other person, and such other person knows or has reason to believe that such manufacture or sale was, or that such possession is, on his account, the article shall, for the purposes of this Act, be deemed to have been manufactured or sold by, or to be in the possession of, such other person.

(*2*) Nothing in sub-section (*1*) shall absolve any person who manufactures, sells or has possession of an excisable article on account of another person from liability to any punishment under this Act for the unlawful manufacture, sale or possession of such article.

Criminal liability of licensee for acts of servant.

56. When any offence punishable under section 46, section 49, section 50, section 51, section 52 or section 54 is committed by any person in the employ and acting on behalf of the holder of a license, permit or pass granted under this Act, such holder shall also be punishable as if he had himself committed the offence, unless he establishes that all due and reasonable precautions were exercised by him to prevent the commission of such offence.

Imprisonment under section 55 or section 56.

57. No person other than the actual offender shall be punished under section 55 or section 56 with imprisonment, except in default of payment of a fine.

Penalty on Excise Officer making vexatious search, seizure, detention or arrest, or refusing duty, or being guilty of cowardice.

58. If any Excise Officer,—

(*a*) without reasonable grounds of suspicion, searches, or causes to be searched, any place, under colour of exercising any power conferred by this Act, or

(*b*) vexatiously and unnecessarily seizes any property of any person on the pretence of seizing or searching for any article liable to confiscation under this Act, or

(*c*) vexatiously and unnecessarily detains, searches or arrests any person, or,

(*d*) without lawful excuse, ceases or refuses to perform, or withdraws himself from, the duties of his office, unless expressly allowed to do so in writing by the Collector, or unless he has given to his immediate superior two months' notice in writing of his intention to do so, or

(*e*) is guilty of cowardice,

he shall be liable to imprisonment for a term which may extend to three months, or to fine which may extend to five hundred rupees, or to both.

(*Chapter VIII.—Offences and Penalties.—Sections 59-65.*)

Penalty for offences not otherwise punishable.

59. If any person is convicted of any act in contravention of any of the provisions of this Act, or of any rule, notification or order made, issued or given under this Act, for which a penalty is not prescribed elsewhere in this Act, he shall be liable to fine which may extend to two hundred rupees.

Penalty for contempt of Court.

60. Every proceeding under this Act before a Collector, or before any officer, of such rank as the Local Government may, by notification, prescribe, who is exercising powers of a Collector, shall be deemed to be a "judicial proceeding" within the meaning of section 228 of the Indian Penal Code. XLV of 1860.

Penalty for attempt to commit offence.

61. Whoever attempts to commit any offence punishable under this Act shall be liable to the punishment provided for such offence.

Enhanced punishment after previous conviction.

62. If any person, after having previously been convicted of an offence punishable under section 46, section 52 or section 53, or under similar provisions in any enactment repealed by this Act, subsequently commits and is convicted of an offence punishable under any of those sections, he shall be liable to twice the punishment which might be imposed on a first conviction under this Act.

What things are liable to confiscation.

63. (*1*) Whenever an offence has been committed which is punishable under this Act, the exciseable article, materials, still, utensil, implement and apparatus in respect of or by means of which such offence has been committed shall be liable to confiscation.

(*2*) Any exciseable article lawfully imported, transported, manufactured, had in possession or sold along with, or in addition to, any exciseable article which is liable to confiscation under sub-section (*1*),

and the receptacles, packages and coverings in which any such exciseable article as first aforesaid, or any such materials, still, utensil, implement or apparatus as aforesaid, is found,

and the other contents, if any, of such receptacles or packages,

and the animals, carts, vessels, rafts or other conveyances used in carrying the same,

shall likewise be liable to confiscation :

Provided that no animal, cart, vessel, raft or other conveyance as aforesaid shall be liable to confiscation unless the owner thereof is proved to have been implicated in the commission of the offence.

Confiscation by Magistrate or Collector.

64. (*1*) When, in any case tried by him, the Magistrate decides that any thing is liable to confiscation under section 63, he may either order confiscation or give the owner of such thing an option to pay, in lieu of confiscation, such fine as the Magistrate thinks fit.

(*2*) Whenever any thing is liable to confiscation under section 63, and the offender or the person entitled to possession is not known or cannot be found, the case shall be inquired into and determined by the Collector, who may order confiscation:

Provided that no such order shall be made until the expiration of one month from the date of seizing the thing intended to be confiscated, or without hearing any person who may claim any right thereto and the evidence (if any) which he produces in support of his claim:

Provided, further, that if the thing in question is liable to speedy and natural decay, or if the Collector is of opinion that its sale would be for the benefit of its owner, the Collector may at any time direct it to be sold; and the provisions of this sub-section shall, as nearly as may be practicable, apply to the net proceeds of the sale.

Power to compound offences and to release property liable to confiscation.

65. (*1*) The Collector, or any Excise Officer specially empowered by the Local Government in this behalf, not below the rank of Deputy Collector,—

(*a*) may accept from any person whose license, permit or pass is liable to be cancelled or suspended under clause (*a*), clause (*b*) or clause (*c*) of section 42, or who is reasonably suspected of having committed an offence punishable under section 49, section 51, section 54 or section 59, payment of a sum of money, not exceeding two hundred rupees, in lieu of such cancellation or suspension or by way of composition for such offence, as the case may be; and

(Chapter IX.—Detection, Investigation and Trial of Offences, and Procedure.—Sections 66-69.)

(*b*) in any case in which any property has been seized as being liable to confiscation under section 63, may, at any time before the Magistrate has passed an order under section 64, sub-section (*1*), release the property on payment of any sum not exceeding the value thereof as estimated by the Collector or such Excise Officer.

(*2*) When the payments referred to in sub-section (*1*) have been duly made, the accused person, if in custody, shall be discharged, and the property seized (if any) shall be released; and no further proceedings shall be taken against such person or property.

CHAPTER IX.—DETECTION, INVESTIGATION AND TRIAL OF OFFENCES, AND PROCEDURE.

Power to enter and inspect, and power to test and seize measures, etc.

66. Any of the following officers, namely,—

(*a*) the Excise Commissioner, or

(*b*) a Collector, or

(*c*) any Excise Officer not below such rank as the Local Government may, by notification, prescribe,

may, subject to any restrictions prescribed by the Local Government by rule made under section 85,—

(*i*) enter and inspect, at any time by day or night, any place in which any licensed manufacturer carries on the manufacture of, or stores, any excisable article; and

(*ii*) enter and inspect, at any time during which the same may be open, any place in which any excisable article is kept for sale by any licensed person; and

(*iii*) examine, test, measure or weigh any materials, stills, utensils, implements, apparatus or excisable article found in any such place as aforesaid; and

(*iv*) examine or test and seize any measures, weights or testing instruments, found in any such place as aforesaid, which he has reason to believe to be false.

Power to arrest without warrant, to seize articles liable to confiscation, and to make searches.

67. Any of the following persons, namely,—

(*a*) any officer of the Excise, Police, Salt, Customs, Opium or Land-revenue Department, or

(*b*) any person empowered by the Local Government in this behalf, by notification,

may, subject to any restrictions prescribed by the Local Government by rule made under section 85,—

(*i*) arrest without warrant any person found committing an offence punishable under section 46, section 48, section 52 or section 53; and

(*ii*) seize and detain any article which he has reason to believe to be liable to confiscation under this Act or any other law for the time being in force relating to the excise-revenue; and

(*iii*) detain and search any person upon whom, and any vessel, raft, vehicle, animal, package, receptacle or covering in or upon which, he may have reasonable cause to suspect any such article to be.

Power of Collector to issue warrant of arrest.

68. The Collector may issue a warrant for the arrest of any person whom he has reason to believe to have committed any offence punishable under section 46, section 48, section 52 or section 53.

Power to issue search-warrant.

69. If any Collector or Magistrate, upon information received, and after such inquiry (if any) as he thinks necessary, has reason to believe that any offence punishable under section 46, section 48, section 52 or section 53 has been, or is likely to be, committed,

he may issue a warrant to search for any excisable article, material, still, utensil, implement or apparatus in respect of which the alleged offence has been, or is likely to be committed,

(Chapter IX.—Detection, Investigation and Trial of Offences; and Procedure.—Sections 70-74.)

Power to search without a warrant.

70. Whenever a Collector, or any Excise Officer not below such rank as the Local Government may, by notification, prescribe, has reason to believe that an offence punishable under section 46, section 48, section 52 or section 53 has been, is being, or is likely to be, committed, and that a search-warrant cannot be obtained without affording the offender an opportunity of escaping or of concealing evidence of the offence,

he may, after recording the grounds of his belief, at any time by day or night enter and search any place, and may seize anything found therein which he has reason to believe to be liable to confiscation under this Act; and

may detain and search, and, if he thinks proper, arrest, any person found in such place whom he has reason to believe to have committed any such offence as aforesaid.

Information and aid to Excise Officers.

71. (1) Every officer of the Police, Salt, Customs, Opium and Land-revenue Departments, and every officer employed by the Commissioners for the Port of Calcutta, shall be bound, subject to any rules made under section 85, clause (*l*), to give immediate information to an Excise Officer of all breaches of any of the provisions of this Act which may come to his knowledge.

(2) Every officer referred to in sub-section (1), and every village chaukidar and daffadar, shall be bound, subject to any rules made under section 85, clause (*l*), to give reasonable aid to any Excise Officer in carrying out the provisions of this Act, or of any rule, notification or order made, issued or given under this Act, upon request made by such Officer.

Duty of owners and occupiers of land and other persons to give notice of unlicensed manufacture.

72. Whenever any exciseable article is manufactured, or any hemp plant (*Cannabis sativa*) is cultivated, or any portion of the hemp plant (*Cannabis sativa*) from which an intoxicating drug can be manufactured or produced is collected, on any land, in contravention of this Act,

all owners and occupiers of such land, and their agents, and all panchayets, village-headmen, patwaris, sarbarakars, chaukidars and daffadars of the village,

shall, in the absence of reasonable excuse, be bound to give notice of the fact to a Magistrate or an officer of the Excise, Police or Land-revenue Department, as soon as the fact comes to their knowledge.

What Excise Officers may investigate offences.

73. (1) A Collector may, without the order of a Magistrate, investigate any offence punishable under this Act which a Court having jurisdiction over the local area within the limits of the Collector's jurisdiction would have power to inquire into or try under the provisions of Chapter XV of the Code of Criminal Procedure, 1898, relating to the place of inquiry or trial. (V of 1898.)

(2) Any other Excise Officer specially empowered in this behalf by the Local Government in respect of all or any specified class of offences punishable under this Act may, without the order of a Magistrate, investigate any such offence which a Court having jurisdiction over the local area to which such Officer is appointed would have power to inquire into or try under the aforesaid provisions.

Powers and duties of Excise Officers investigating offences.

74. (1) Any Collector, or any Excise Officer empowered under section 73, sub-section (2), may, after recording in writing his reason for suspecting the commission of an offence which he is empowered to investigate, exercise—

(a) any of the powers conferred upon a Police Officer making an investigation, or upon an officer in charge of a police-station, by sections 160 to 171 of the Code of Criminal Procedure, 1898, and, (V of 1898.)

(Chapter IX.—Detection, Investigation and Trial of Offences, and Procedure.—Section 75.)

(*b*) as regards offences punishable under section 46, section 48, section 52 or section 53 of this Act—any of the powers conferred upon Police Officers in respect of cognizable offences by clause *first* of sub-section (*1*) of section 54 and by section 56 of the said Code;

and the said portions of the said Code shall apply accordingly, subject to any restrictions or modifications prescribed by the Local Government by rule made under section 85, clause (*o*).

(*2*) Subject to any restrictions prescribed by the Local Government, a Collector, or an Excise Officer empowered under section 73, sub-section (*2*), may, without reference to a Magistrate, and for reasons to be recorded by him in writing, stop further proceedings against any person concerned, or supposed to be concerned, in any offence which he or any Excise Officer subordinate to him has investigated.

(*3*) For the purposes of section 156 of the Code of Criminal Procedure, 1898, the area to which an Excise Officer empowered under section 73, sub-section (*2*), is appointed shall be deemed to be a police-station, and such Officer shall be deemed to be the officer in charge of such station. V of 1898.

(*4*) As soon as an investigation by a Collector or by an Excise Officer empowered under section 73, sub-section (*2*), has been completed, if it appears that there is sufficient evidence to justify the forwarding of the accused to a Magistrate, the investigating officer, unless he proceeds under sub-section (*2*) of this section or under section 65 of this Act, shall submit a report (which shall, for the purposes of section 190 of the Code of Criminal Procedure, 1898, be deemed to be a police-report) to a Magistrate having jurisdiction to inquire into or try the case and empowered to take cognisance of offences on police-reports. V of 1898.

Security and bail.

75. (*1*) Whenever a Collector issues a warrant under this Act for the arrest of any person,

he shall direct, by endorsement on the warrant, that, if such person executes a bond with sufficient sureties for his attendance, before the Collector or before an Excise Officer empowered under section 73, sub-section (*2*), to investigate the case, at a specified time and thereafter until otherwise directed by the Collector or an Excise Officer empowered as aforesaid, the officer to whom the warrant is directed shall take such security, and shall release such person from custody.

(*2*) The endorsement shall state—

(*a*) the number of sureties,

(*b*) the amount in which they, and the person for whose arrest the warrant is issued, are respectively to be bound, and

(*c*) the time at which such person is to attend as aforesaid.

(*3*) Whenever security is taken under this section, the officer to whom the warrant is directed shall forward the bond to the Collector or to an Excise Officer empowered as aforesaid.

(*4*) Whenever any person is arrested under this Act, otherwise than under a warrant, and is prepared to give bail, he shall be released on bail, or, at the discretion of the officer releasing him, on his own bond.

(Chapter IX.—Detection, Investigation and trial of Offences, and Procedure.—Sections 76-78.)

(*5*) Any Excise Officer not below such rank as the Local Government may, by notification, prescribe, may release persons on bail or on their own bond.

(*6*) Bonds taken under this section from persons arrested otherwise than under warrant shall bind such persons to appear before the Collector or an Excise Officer empowered under section 73, sub-section (*2*), to investigate the case.

(*7*) The provisions of sections 498 to 502, 513, 514 and 515 of the Code of Criminal Procedure, 1898, shall apply, so far as may be, in every case in which bail is accepted or a bond taken under this section.

V of 1898.

Production of articles seized and persons arrested.

76. (*1*) Articles seized under the warrant of the Collector, and, unless security for their appearance before the Collector be taken, persons arrested under such a warrant, shall be produced before the Collector.

(*2*) Articles seized under section 66, section 67 or section 69, and persons arrested under this Act by persons or officers not having authority to release arrested persons on bail or on their own bond, shall be produced before or forwarded to—

(*a*) the Collector or an Excise Officer empowered under section 73, sub-section (*2*), to investigate the case, or

(*b*) the nearest Excise Officer who has authority to release arrested persons on bail or on their own bond, or

(*c*) the officer in charge of the nearest police-station,

whoever is nearer.

(*3*) When a person arrested is produced before an Excise Officer who has authority to release arrested persons on bail or on their own bond, or before an officer in charge of a police-station, such officer shall forward such person to, or take security for his appearance before, the Collector or the Excise Officer empowered under section 73, sub-section (*2*), to investigate the case.

(*4*) When any articles seized cannot conveniently be conveyed before an officer referred to in sub-section (*1*) or sub-section (*2*), as the case may be, the person making the seizure shall dispose of them in some place of safety and forthwith report the seizure to such an officer.

Custody by Police of articles seized.

77. (*1*) All officers in charge of police-stations shall take charge of and keep in safe custody, pending the orders of a Magistrate, or of the Collector, or of an Excise Officer empowered under section 73, sub-section (*2*), to investigate the case, all articles seized under this Act which may be delivered to them; and shall allow any Excise Officer who may accompany such articles to the police-station, or who may be deputed for the purpose by an official superior, to affix his seal to such articles and to take samples of and from them.

(*2*) All samples so taken shall be sealed with the seal of the officer in charge of the police-station.

Reports of arrests, seizures and searches.

78. When any Excise Officer below the rank of Collector, or any officer in charge of a police-station, makes, or receives information of, any arrest, seizure or search under this Act, he shall, within twenty-four hours thereafter, make a full report of all the particulars of the arrest, seizure or search, or of the information received, to the Collector, and to the Excise Officer (if any) empowered under section 73, sub-section (*2*), within the local limits of whose jurisdiction the arrest, seizure or search was made.

(Chapter IX.—Detection, Investigation and Trial of Offences, and Procedure.—Sections 79-83.)

Execution of Collector's warrant.

79. Any warrant issued by a Collector may be executed by any officer selected by the Collector for the purpose :

Provided that no warrant issued by the Collector for execution in that part of the Calcutta district in which the administration of the police is vested in the Commissioner of Police shall be executed by any Police Officer who is subordinate to the said Commissioner, unless it be endorsed by a Police Officer duly empowered in that behalf under section 7, clause (*d*).

Maximum period of detention.

80. (*1*) No person arrested under this Act shall be detained in custody for a longer period than under all the circumstances of the case is reasonable ; and such period shall not exceed twenty-four hours, exclusive of the time necessary for the journey from the place of arrest to the place where a Collector or an Excise Officer empowered under section 73, sub-section (*2*), to investigate the case may be, and thence to the Court of a Magistrate having jurisdiction to inquire into or try the case.

(*2*) A Magistrate to whom an accused person is forwarded under section 167 of the Code of Criminal Procedure, 1898, by a Collector or an Excise Officer empowered under section 73, sub-section (*2*), may exercise the powers conferred upon a Magistrate by the said section 167.

V of 1898.

Application of certain provisions of the Code of Criminal Procedure, 1898.

81. (*1*) Save as is in this Act otherwise expressly provided, the provisions of the Code of Criminal Procedure, 1898, relating to arrests, detentions in custody, searches, summonses, warrants of arrest, search warrants and the production of persons arrested shall apply, so far as may be, to arrests, detentions and searches made, summonses and warrants issued, and the production of persons arrested under this Act.

V of 1898.

(*2*) For the purposes of the said provisions of the said Code, a Collector shall be deemed to be a Court.

(*3*) Officers to whom a Collector's warrant is directed or endorsed, and officers (other than Collectors) making arrests, searches or seizures under this Act, shall, for the purposes of the said provisions of the said Code, be deemed to be Police Officers.

Magistrates having jurisdiction to try offences.

82. No Magistrate other than—

(*a*) a Presidency Magistrate, or

(*b*) a Magistrate whose powers are not less than those of a Magistrate of the second class, or

(*c*) a Magistrate of the third class specially empowered by the District Magistrate in this behalf,

shall try any offence punishable under this Act.

Initiation of certain prosecutions.

83. No Magistrate shall take cognizance of an offence referred to—

(*a*) in section 46, section 48, section 52 or section 53, except on his own knowledge or suspicion, or on the complaint or report of an Excise Officer or an officer empowered in this behalf by the Local Government; or

(*b*) in section 54, section 58, clause (*d*) or clause (*e*), or section 59, except on the complaint or report of the Collector or an Excise Officer authorized by the Collector in this behalf.

(*Chapter IX.—Detection, Investigation and Trial of Offences, and Procedure.—Chapter X.—Miscellaneous.—Sections 84, 85.*)

Bar to transfer of trial on application of accused.

84. The provisions of section 191 of the Code of Criminal Procedure, 1898, shall not apply in any case in which a Magistrate (not being the Collector) takes cognizance of an offence under this Act on the report of any officer referred to in clause (*a*) or clause (*b*) of section 83.

V of 1898.

CHAPTER X.—MISCELLANEOUS.

Power of Local Government to make rules.

85. (*1*) The Local Government may make rules to carry out the objects of this Act or any other law for the time being in force relating to the excise-revenue.

(*2*) In particular, and without prejudice to the generality of the foregoing provision, the Local Government may make rules—

(*a*) for prescribing the powers and duties of officers of the Excise Department;

(*b*) for regulating the delegation of any powers by the Board, the Commissioner of a Division, the Excise Commissioner or Collectors under section 7, clause (*g*);

(*c*) for declaring in what cases or classes of cases and to what authorities appeals shall lie from orders, whether original or appellate, passed under this Act or under any rule made hereunder, and for prescribing the time and manner for presenting, and the procedure for dealing with, such appeals;

(*d*) for regulating the import, export or transport of any excisable article;

(*e*) for regulating the periods for which licenses for the wholesale or retail vend of any excisable article may be granted, and the number of such licenses which may be granted for any local area;

(*f*) for prohibiting the grant of licenses for the retail sale of any excisable article at any place or within any local area described in the rules, or for defining the places in the vicinity of which shops for the retail sale of any excisable article shall not ordinarily be licensed;

(*g*) for prohibiting the grant to specified classes of persons of licenses for the retail sale of any excisable article;

(*h*) for declaring, either generally, or in respect of areas described in the rules, the persons or classes of persons to whom any excisable article may or may not be sold;

(*j*) for regulating the procedure to be followed and prescribing the matters to be ascertained before any license for the wholesale or retail vend of any excisable article is granted for any locality;

(*k*) for restricting the exercise of any of the powers conferred by sections 66 and 67;

(*l*) for declaring the Excise Officers to whom, and the manner in which, information or aid should be given under section 71

(*Chapter X.—Miscellaneous.— Section 86.*)

(*m*) for the grant of expenses to witnesses;

(*n*) for the grant of compensation for loss of time to persons released by any Excise Officer under this Act on the ground that they have been improperly arrested, and to persons charged before a Magistrate with offences punishable under this Act and subsequently acquitted; and

(*o*) for prescribing restrictions or modifications in the application to Excise Officers of the provisions of the Code of Criminal Procedure, 1898, relating to powers of Police Officers which are referred to in section 74, sub-section (*1*), of this Act. V of 1898.

(*3*) The powers conferred by this section for making rules are subject to the condition that the rules be made after previous publication:

Provided that any such rules may be made without previous publication if the Local Government considers that they should be brought into force at once.

Power of Board to make rules.

86. The Board may make rules—

(*1*) for regulating the manufacture, supply or storage of any excisable article, and in particular, and without prejudice to the generality of this provision, may make rules for regulating—

(*a*) the establishment, inspection, supervision, management and control of any place for the manufacture, supply or storage of any excisable article, and the provision and maintenance of fittings, implements and apparatus therein;

(*b*) the bottling of liquor for purposes of sale;

(*c*) the cultivation of the hemp plant (*Cannabis sativa*);

(*d*) the collection of portions of the hemp plant (*Cannabis sativa*) from which intoxicating drugs can be manufactured or produced, and the manufacture or production of intoxicating drugs therefrom;

(*e*) the tapping of *tari*-producing trees and the drawing of *tari* from trees;

(*f*) the marking of *tari*-producing trees in areas notified under section 14, sub-section (*1*), and the maintenance of such marks;

(*2*) for fixing the strength, price or quantity in excess of or below which any excisable article shall not be supplied or sold, and the quantity in excess of which denatured spirit shall not be possessed, and for prescribing a standard of quality for any excisable article;

(*3*) for declaring how spirit manufactured in British India shall be denatured;

(*Chapter X.—Miscellaneous—Section 86.*)

(*4*) for causing spirit so manufactured to be denatured through the agency or under the supervision of Government officers;

(*5*) for ascertaining whether any spirit so manufactured has been denatured;

(*6*) for regulating the deposit of any excisable article in a warehouse established, authorized or continued under this Act, and the removal of any excisable article from any such warehouse or from any distillery or brewery;

(*7*) for prescribing the scale of fees or the manner of fixing the fees payable in respect of any exclusive privilege granted under section 22 or any license, permit or pass granted under this Act, or in respect of the storing of any excisable article;

(*8*) for regulating the time, place and manner of payment of such fees;

(*9*) for prescribing the restrictions under which or the conditions on which any license, permit or pass may be granted, and in particular, and without prejudice to the generality of this provision, may make rules for—

(*i*) prohibiting the admixture with any excisable article of any article deemed to be noxious or objectionable,

(*ii*) regulating or prohibiting the reduction of liquor by a licensed manufacturer or licensed vendor from a higher to a lower strength,

(*iii*) prescribing the nature and regulating the arrangement of the premises in which any excisable article may be sold, and prescribing the notices to be exposed at such premises,

(*iv*) prohibiting or regulating the employment by the licensee of any person or class of persons to assist him in his business,

(*v*) prohibiting the sale of any excisable article except for cash,

(*vi*) prescribing the days and hours during which any licensed premises may or may not be kept open, and providing for the closing of such premises on special occasions,

(*vii*) prescribing the accounts to be maintained and the returns to be submitted by licensees, and

(*viii*) regulating the transfer of licenses;

(*10*) for prescribing the particulars to be contained in licenses, permits or passes granted under this Act;

(*11*) for the payment of compensation to licensees whose premises are closed under section 26 or under any rule made under sub-clause (*vi*) of clause (*9*) of this section;

(*12*) for prescribing the time, place and manner of levying duty on excisable articles;

(*13*) for providing for the destruction or other disposal of any excisable article deemed to be unfit for use; and

(*14*) for regulating the disposal of things confiscated under this Act.

Explanation.—Fees may be prescribed under clause (*7*) of this section at different rates for different classes of exclusive privileges, licenses, permits, passes or storage, and for different areas.

(*Chapter X.—Miscellaneous.—Sections 87-93.*)

Powers of Board exercisable from time to time.

87. Any power conferred by this Act on the Board may be exercised from time to time as occasion requires.

Publication and effect of rules and notifications.

88. All rules made, and notifications issued, under this Act shall be published in the Calcutta Gazette, and on such publication shall have effect as if enacted in this Act.

Recovery of dues.

89. (*1*) The following moneys, namely,—

(*a*) all excise-revenue,

(*b*) any loss that may accrue when a grant has been taken under management by the Collector or transferred by him under section 45, and

(*c*) all amounts due to the Government by any person on account of any contract relating to the excise-revenue,

may be recovered from the person primarily liable to pay the same, or from his surety (if any), by distress and sale of his movable property, or by the process prescribed for the recovery of arrears of revenue.

(*2*) When a grant has been taken under management by the Collector, or has been transferred by him, under section 45, the Collector may recover, in any manner authorized by sub-section (*1*), any money due to the grantee by any lessee or assignee.

(*3*) When any money is due, in respect of an exclusive privilege, to a grantee referred to in section 23, from any person holding under him,

such grantee may apply to the Collector, and the Collector may recover such money on his behalf in either of the ways provided by sub-section (*1*) :

Provided that nothing in this sub-section shall affect the right of any such grantee to recover any such money by civil suit.

Power of Local Government to exempt excisable articles from provisions of Act.

90. The Local Government may, by notification, either wholly or partially, and subject to such conditions (if any) as it may think fit to prescribe, exempt any excisable article from all or any of the provisions of this Act, either throughout Bengal or in any specified local area, or for any specified period or occasion, or as regards any specified class of persons.

Bar of certain suits.

91. No suit shall lie in any Civil Court against the Secretary of State for India in Council or any Excise Officer for damages for any act in good faith done or ordered to be done in pursuance of this Act or of any other law for the time being in force relating to the excise-revenue.

Limitation of suits and prosecutions.

92. No Civil Court shall try any suit against the Secretary of State for India in Council in respect of anything done, or alleged to have been done, in pursuance of this Act,

and, except with the previous sanction of the Local Government, no Magistrate shall take cognizance of any charge made against any Excise Officer under this Act or any other law relating to the excise-revenue, or made against any other person under this Act,

unless the suit or prosecution is instituted within six months after the date of the act complained of.

Repeal.

93. The enactments mentioned in the first column of the Schedule are hereby repealed to the extent specified in the third column thereof.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 27th August, 1909:

No. 7 of 1909.

A Bill to provide for the prevention of the spread of Dourine.

WHEREAS it is expedient to provide for the prevention of the spread of dourine; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Dourine Act, 190 .

(2) This section extends to the whole of British India: the rest of this Act extends only to such areas as the Local Government may, by notification in the local official Gazette, direct.

Definitions.

2. (1) In this Act, the expressions "inspector" and "veterinary practitioner" mean, respectively, the officers appointed as such under this Act, acting within the local limits for which they are so appointed.

(2) The provisions of this Act relating to entire horses shall apply also to entire asses used for mule-breeding purposes.

Registration of horses.

3. The Local Government may, by notification as aforesaid, make such orders as it thinks fit directing and regulating the registration of entire horses maintained for breeding purposes.

Appointment of inspectors and veterinary practitioners.

4. (1) The Local Government may, by notification as aforesaid, appoint any persons it thinks fit to be inspectors, and any qualified veterinary surgeons to be veterinary practitioners, under this Act, and to exercise and perform, within any area prescribed by the notification, the powers conferred and duties imposed by this Act upon such officers respectively.

(2) Every person so appointed shall be deemed to be a public servant within the meaning of the Indian Penal Code.

Powers of inspector.

5. An inspector may—

(a) enter and search any building, field or other place for the purpose of ascertaining whether there is therein any horse which is affected with dourine; and

(b) prohibit, by order in writing, the owner or keeper of any horse, which in his opinion is affected with dourine, from using such horse for breeding purposes, pending examination by the veterinary practitioner.

Duties of inspector.

6. An inspector issuing an order under section 5, clause (b), shall forthwith forward a copy of such order to the veterinary practitioner.

Inspection of horses.

7. A veterinary practitioner receiving a copy of an order forwarded under section 6 shall, as soon as possible after receipt of such copy, examine the horse mentioned therein, and may for such purpose enter any building, field or other place.

Powers of veterinary practitioner.

8. A veterinary practitioner may—

(a) cancel any order issued under section 5, clause (b); or,

(b) if on microscopical examination he finds that any horse is affected with dourine, order—

(i) in the case of an entire horse, that it be castrated,

(ii) in the case of a mare, that it be branded in such manner as he may direct, or, with the previous sanction of the Commissioner or such other officer as the Local Government may appoint in this behalf, that it be destroyed.

Compensation for horse destroyed, etc.

9. When any horse is castrated or destroyed under any order made under section 8, the market value of such horse immediately before it became affected with dourine shall be ascertained; and the Local Government shall pay as compensation to the owner thereof—

(a) in the case of a mare which has been destroyed, or of an entire horse which has died in consequence of castration, such market-value, and,

(b) in the case of an entire horse which survives castration, half the amount by which such value has been diminished owing to infection with dourine and castration.

Settlement of compensation.

10. The amount of compensation to be paid under section 9 shall be decided by a veterinary practitioner.

Committees for hearing appeals.

11. (1) The Local Government shall, by rules published in the local official Gazette, constitute a committee or committees for the hearing of appeals from decisions under section 10.

(2) Such rules shall provide that not less than one member of any committee constituted thereunder shall be a person not in the employ of Government or of a local authority.

Appeals.

12. Any owner may, within three months from the date of a decision under section 10, appeal against such decision to the committee constituted in that behalf by rules made under section 11, and the decision of such committee shall be final.

Compensation for mare branded.

13. When any mare is branded under an order made under section 8, the Local Government may pay to the owner thereof such compensation as it thinks fit.

Rules.

14. (1) The Local Government may make rules for the purpose of carrying into effect the provisions of this Act.

(2) All such rules shall be published in the local official Gazette, and, on such publication, shall have effect as if enacted in this Act.

Penalties.

15. Whoever uses or permits to be used for breeding purposes—

(a) any horse which has not been registered in accordance with the requirements of a notification under section 3, or

(b) any horse in respect of which an order under section 5, clause (b), is in force, or

(c) any mare which has been branded in pursuance of an order made under section 8, clause (b),

shall be punishable with fine which may amount in the case of a first conviction to fifty rupees or in the case of a second or subsequent conviction to one hundred rupees.

STATEMENT OF OBJECTS AND REASONS.

THE object of the Bill is to prevent the spread of dourine, a contagious disease of horses which is spread by coition. The existence in India of this obscure disease was first brought to the notice of Government in 1903. As it was reported to constitute a serious menace to the horse-breeding industry in this country, precautionary measures were at once taken executively to check the spread of the disease, especially in the horse-breeding districts of Northern India. In the following year attention was again drawn to the importance of the subject, and as the result of a report by the present Inspector General of the Civil Veterinary Department, further executive action was taken. After consulting Local Governments it was eventually decided that, in order effectually to combat the disease, legislation was necessary.

2. The Bill, which is self-explanatory, has been drawn up on the model of the Glanders and Farcy Act, XIII of 1899. It is permissive in character and has been drafted so as to allow the widest discretion to Local Governments as regards the registration of stallions maintained for breeding purposes.

3. Dourine cannot be diagnosed except by bacteriological examination, and sub-clause 8 (b) accordingly makes proof of the disease by microscopical examination a necessary preliminary to further action under that clause. It is considered advisable to enlist the co-operation of horse-owners as much as possible in dealing with this obscure and dangerous disease, and liberal provision has been made in clause 9 for the payment of compensation when necessary.

Issue of currency notes for certain gold coin or gold or silver bullion or securities held by Secretary of State.

14. If the Secretary of State for India in Council consents to hold in gold coin or bullion, or in silver bullion or in securities of the kinds mentioned in section 22, the equivalent in value to notes issued in India as a reserve to secure the payment of such notes, the Governor General in Council may from time to time direct that currency notes shall be issued to an amount equal to the value of the coin, bullion and securities so held by the Secretary of State for India in Council.

Currency Notes where legal tender and where payable.

[ib., s.]

Currency notes where legal tender.

15. A universal currency note shall be a legal tender at any place in British India, and

any other currency note shall be a legal tender at any place within the circle from which the note was issued,

for the amount expressed in the note in payment or on account of—

(a) any revenue or other claim, to the amount of five rupees or upwards, due to the Government of India, and

(b) any sum of five rupees or upwards, due by the Government of India, or by any body corporate or person in British India:

Provided that no currency note shall be deemed to be a legal tender by the Government of India at any office of issue.

Currency notes where payable.

16. A currency note shall be payable at the following offices of issue, namely:—

(a) a universal currency note at any office of issue,

(b) a currency note other than a universal currency note at any office of issue in the town from which it was issued: [Cf. Act 1905, s.] Provided that any such note issued before the commencement of this Act shall also be payable,

(i) in the case of a note issued from the office at Cawnpore or Lahore, at any office of issue in Calcutta, and

(ii) in the case of a note issued from the office at Karachi, at any office of issue in Bombay.

The Indian Paper Currency Bill.

(Currency Notes where legal tender and where payable. Reserve. Private Bills payable to Bearer on Demand.)

[Act III, 1905, s. 16.] 17. For the purposes of sections 15 and 16 currency notes issued from any currency agency shall be deemed to have been issued from the town appointed under section 5 to be the place of issue in the circle of issue in which that agency is established.

Currency notes issued from currency agencies where deemed to be issued.

[New.] 18. Where an office of issue is closed, the Governor General in Council shall, by notification in the Gazette of India, direct that, with effect from the date of the closing of such office, all currency notes issued therefrom shall, for the purposes of sections 15 and 16 be deemed to have been issued from such other office as may be specified in such notification.

Provision in case of closure of office.

Reserve.

[Act III, 1905, s. 17.] 19. The whole amount of currency notes at any time in circulation shall not exceed the total amount represented by the sovereigns, half sovereigns, rupees, half rupees and gold bullion, and the sum expended in the purchase of the silver bullion and securities, which are for the time being held by the Secretary of State for India in Council and by the Governor General in Council as a reserve to provide for the satisfaction and discharge of the said notes, and the said notes shall be deemed to have been issued on the credit of the Government of India as well as on the security of the said coin, bullion and securities:

Reserve coin, bullion and securities to be equal to amount of currency notes in circulation.

Provided that, for the purposes of this section, currency notes which have not been presented for payment, in the case of notes of any denominational value not exceeding one hundred rupees within forty years, and in the case of notes of any denominational value exceeding one hundred rupees within one hundred years, from the first day of April following the date of their issue, shall be deemed not to be in circulation:

Provided further that all notes which are declared under the first proviso to this section not to be in circulation shall be deemed to have been issued on the credit of the Government of India and shall, if subsequently presented for payment, be paid from the revenues of the Government of India.

[Act III, 1905, s. 18.] 20. Subject to the provisions of section 19, the Governor General in Council may at any time, if he thinks it expedient, convert any of the coin or bullion for the time being held by him as a part of the reserve into coin of any of the kinds mentioned in section 11 or into gold or silver bullion.

Power to dispose of coin and bullion in reserve.

[Ib., s. 19.] 21. If any coin or bullion held by the Secretary of State for India in Council or by the Governor General in Council as part of the reserve is transmitted by the Secretary of State for India in Council to the Governor General in Council or by the Governor General in Council to the Secretary of State for India in Council, it shall be deemed during the period of transmission to remain part of the reserve referred to in section 19.

Coin and bullion to remain part of reserve during transit between England and India.

[Act II 1905, s. 20] 22. The securities mentioned in section 19 shall be securities of the United Kingdom of Great Britain and Ireland or of the Government of India, or securities issued by the Secretary of State for India in Council under the authority of Act of Parliament and charged on the revenues of India, and the value of them at the price at which they are purchased shall not exceed one hundred and twenty millions of rupees:

Nature and value of securities which may form reserve.

Provided that the value at such price as aforesaid of such of the said securities as are not securities of the Government of India shall at no time exceed twenty millions of rupees.

[Ib., s. 21.] 23. The securities purchased by the Governor General in Council shall be securities of the Government of India, and shall be held by the Head Commissioner and the Master of the Mint at Calcutta, or of such other Mint as the Governor General in Council may direct in this behalf, in trust for the Secretary of State for India in Council.

Trustees of Indian securities purchased under Act.

[Ib., s. 22.] 24. (1) The Head Commissioner may, at any time, when ordered so to do by the Governor General in Council, sell and dispose of any of the securities held under section 23.

Power to sell and replace Indian securities.

(2) For the purpose of effecting such sales, the Master of the Mint at Calcutta or of such other Mint as aforesaid shall, on a request in writing from the Head Commissioner, at all times sign and endorse the securities, and the Head Commissioner, if so directed by the Governor General in Council, may purchase securities of the Government of India to replace such sales.

[Ib., s. 23.] 25. An account showing the amount of the interest accruing on the securities held as part of the reserve under this Act, and the expenses and charges incidental thereto, shall be rendered annually by the Head Commissioner to the Governor General in Council, and published annually in the Gazette of India.

Account of interest on securities.

Private Bills payable to Bearer on Demand.

[Ib., s. 24.] 26. No person in British India shall draw, accept, make or issue any bill of exchange, hundi, promissory note or engagement for the payment of money payable to bearer on demand, or borrow, owe or take up any sum or sums of money on the bills, hundis or notes payable to bearer on demand, of any such person:

Prohibition of issue of private bills or notes payable to bearer on demand.

Provided that cheques or drafts, payable to bearer on demand or otherwise, may be drawn on bankers, shroffs or agents by their customers or constituents, in respect of deposits of money in the hands of those bankers, shroffs or agents and held by them at the credit and disposal of the persons drawing such cheques or drafts.

The Indian Paper Currency Bill.

(Private Bills payable to Bearer on Demand. Supplementary Provisions.)

[Act III, 1905, s. 25.]

Penalty for issuing such bills or notes and institution of prosecutions.

27. (1) Any person contravening the provisions of section 26 shall, on conviction by a Presidency Magistrate or a Magistrate of the first class, be punishable with a fine equal to the amount of the bill, hundi, note or engagement in respect whereof the offence is committed.

(2) Every prosecution under this section shall be instituted by the officer in charge of the circle of issue in which the bill, hundi, note or engagement is drawn, accepted, made or issued.

Supplementary Provisions.

[Ib., s. 26.]

Abstracts of accounts.

28. An abstract of the accounts of the Department of Paper Currency, showing—

(a) the whole amount of currency notes in circulation,

(b) the amount of coin and bullion reserved, distinguishing gold from silver, and showing separately the amount of coin or bullion held by the Secretary of State for India in Council, or in transit from or to India, or in the custody of the Mint Master during coinage, and

(c) the nominal value of, and the price paid for, the securities held as part of the reserve, showing separately those held by the Secretary of State for India in Council and those held in India under section 23,

shall be made up four times in each month by the Head Commissioner, and published, as soon as may be, in the Gazette of India.

[Ib., s. 27.]

Power to make rules.

29. (1) The Governor General in Council may make rules to carry out the purposes and objects of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(a) fix the denominational values (not being less than five rupees) for which currency notes shall be issued ;

(b) provide for the alteration of the limits of any of the circles of issue ;

(c) declare the places at which currency notes shall be issued ; and

(d) fix and notify the conditions upon which lost or mutilated currency notes may be paid at offices of issue.

(3) Every such rule shall be published in the Gazette of India, and on such publication shall have effect as if enacted in this Act.

[Act III, 1905, ss. 28 and 29.]

Repeals.

30. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the last column thereof :

Provided that all securities purchased and notes issued under the Indian Paper Currency Act, 1905, or any Act thereby repealed shall, if undisposed of or in circulation at the commencement of this Act, be deemed to have been respectively purchased and issued under this Act:

III of 1905.

Provided also that all currency notes, which under section 29 of the Indian Paper Currency Act, 1905, are to be deemed to have been issued from the office of issue in the town of Cawnpore, shall still be deemed to have been issued from that office.

THE SCHEDULE.

ENACTMENTS REPEALED.

(*See section 30.*)

Year.	No.	Short title.	Extent of repeal.
1905	III	The Indian Paper Currency Act, 1905.	So much as has not been repealed.
1909	II	The Indian Paper Currency (Amendment) Act, 1909.	The whole.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is the amendment of the Indian Paper Currency Act, 1905, in two directions as described below :—

Firstly,

(a) by declaring currency notes of the denominational values of rupees ten and fifty to be "universal" (as currency notes of the value of five rupees already are), that is to say, to be legal tender in any part of British India and payable at any currency office ; and

(b) by taking general power to make a similar declaration regarding currency notes of other denominations, as may from time to time be found expedient.

Secondly,

(a) by abolishing the existing sub-circle arrangements, under which currency notes other than universal notes are at present payable not only at the office of issue, but also at the Presidency-town in which the office is situate ; and

(b) by establishing independent circles of issue at Cawnpore, Lahore and Karachi and abolishing the Calicut sub-circle office.

As the attainment of this object involves considerable amendment of the existing Act, it has been thought advisable to take the opportunity of consolidating the law on the subject. The present Bill is, therefore, introduced as a consolidating Bill repealing and replacing Act III of 1905.

The annexed notes on the various clauses of the Bill explain the amendments proposed, other than petty verbal changes such as the reference to the present Indian Coinage Act instead of to that of 1870 in clauses 11 and 13.

GUY FLEETWOOD WILSON.

The 26th August 1909.

Notes on Clauses.

Clause 2 contains a definition of the term "universal currency note."

Sub-clause (*a*) provides for the immediate universalisation of the ten and fifty rupee notes, and sub-clause (*b*) is designed to obviate further amendment of the law if experience should show that other notes can beneficially be universalised.

Clause 4.—The latter part of section 3 of the existing Act is rendered unnecessary by the changes proposed in clauses 5 and 6, and has accordingly been omitted.

Clause 5.—Section 4, clause (*a*), of the existing Act has been altered to provide for the new circles of issue; and the retention of clause (*c*) is rendered unnecessary by the abolition of sub-circles.

Clause 6.—In view of the abolition of sub-circles, it is considered unnecessary to retain the distinction between Deputy Commissioners and Commissioners of Paper Currency. Henceforward all will be Commissioners.

Clauses 7, 9 and 10.—The changes made in sections 6, 8 and 9 of the Act are rendered necessary by the proposed abolition of the post of Deputy Commissioners of Paper Currency.

Clauses 15 and 16.—The sections concerned with "legal tender" and the encashment of notes have been modified to provide for the universal notes.

Provisos (i) and (ii) in clause 16 continue the privilege of double encashment (at the local office and at the head office of the circle) to sub-circle notes of what will hereafter be separate circles issued prior to the passing of the Bill.

Clause 18.—This is a new clause, designed to provide, particularly, for the future treatment of notes issued from Calicut and now current, and, generally, for any future case in which it may be found necessary to close an office of issue.

Clause 29 (d).—Power has been taken to make rules, such as are already in force under executive instructions, for dealing with the encashment of lost or mutilated notes.

Secretary to the Government of India.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE POLICE DEPARTMENT FOR THE YEAR 1908.

POLITICAL DEPARTMENT—POLICE.

Calcutta, the 1st September 1909.

RESOLUTION—No. 3017P.

READ—

The Report on the Administration of the Police Department for the year 1908.

Read also—

The Report for the year 1907 and the Resolution of Government thereon.

Mr. A. V. Knyvett, C.I.E., whose long and meritorious service in the Bengal Police has been previously acknowledged by Government, held the office of Inspector-General for the first quarter of the year under report, and was succeeded by Mr. L. F. Morshead, I.C.S., who held charge for the remainder of the year. The report, which is full and interesting, has been compiled by Mr. R. T. Dundas during Mr. Morshead's absence on leave.

Political crime.

2. The year under review was marked by an outbreak of political crime of a very serious character. It began in December 1907 with the attempt to wreck the Lieutenant-Governor's special train, and culminated in February 1909 in the murder of Babu Ashutosh Biswas, the Public Prosecutor at Alipore. Apart from murderous attacks on individuals, the incidents of greatest significance were the discovery of alleged conspiracies directed against the Government, the head-quarters being at Maniktolla and in Midnapore. As regards the first of these, proceedings are still pending in appeal before the High Court, while in respect of the latter a special enquiry is being conducted by the Commissioner of the Division. Comment must therefore be reserved for the present. The greatest difficulty with which the police have had to contend has been the reluctance of the public to co-operate with them in the detection and prosecution of crime. In part this may be due to terrorism, but it is also attributable to the deficient standard of public spirit which unhappily prevails in this country, and which leads numbers of people, including too often those whose education and intelligence might have guided them aright, to shirk a public duty because it is irksome or attended with personal risk. So long as this spirit prevails, it is hopeless to expect that police work will attain to the same level of efficiency as it has reached in other countries. In view of the special difficulties which this and other causes have thrown in their way, the Lieutenant-Governor considers that the police of Bengal have achieved no small measure of success in grappling with political crime; while the staunchness and courage that have been exhibited by many of the officers and men are deserving of all praise.

Professional crime.

3. A considerable measure of success was achieved by the Criminal Investigation Department, which is specially charged with the duty of dealing with professional crime. A number of dangerous gangs of professional convicts and thieves were broken up; and it is not too much to say that the organization of this Department under Messrs. Knyvett and Plowden has for the first time placed the police in a position to cope successfully with this form of crime. The figures speak for themselves, for out of a total of 405 persons prosecuted, no fewer than 382, or nearly 94 per cent., were convicted.

His Honour desires that special efforts should be devoted to the compilation of an index of political and professional criminals, which should contain full particulars regarding the identity of each criminal, the crimes he is known or reasonably suspected to have committed, and his life history. Such a catalogue, if continuously maintained in communication with the Superintendent of the district in which the criminal resides or in which his crimes are committed, should prove of the greatest value to all officers employed in the detection of crime. The publication of the *Criminal Intelligence Gazette* is a useful step in the same direction, while the finger-print bureau continues to afford increasing assistance in the identification of professional criminals. His Honour has read with satisfaction the commendation of Mr. Corbett's work in this Department.

Ordinary crime.

4. The introduction into the report of a summary of the state of crime in each district is a useful innovation, and an analysis of the facts reported indicates that administration has been successful in 16 districts, while it has been inefficient in 11 others; the remaining six districts call for no remark. The Lieutenant-Governor notices with pleasure the praise which the Inspector-General is able to award to Messrs. Cox, Swaine, Kelso, Simpson and G. C. Mukharji for their successful administration. The results seem to have been least satisfactory in the districts of Sambalpur, Shahabad, Purnea and Jessore, and it is to be hoped that there will be an improvement in those districts in the present year. His Honour is pleased to observe the efforts which were made in Bhagalpur, Ranchi, Saran and in some other districts for the prevention as opposed to the detection of crime. No fact emerges more clearly from a study of the crime history of individual districts than this, that success in controlling professional crime depends entirely upon the vigour and persistency with which a policy of prevention is followed. The circulation of extracts from an index of

criminals should go far to acquaint the local police with the *personnel* and life history of the more dangerous criminals, and no efforts should be spared to keep such offenders under control by close observation of their movements and the institution of prosecutions under section 106, Criminal Procedure Code, should they again engage in crime.

The results of the investigation of crime, especially in the case of burglaries, indicate the need for improvement in detective work, and this is a matter to which closer attention should be directed in future reports.

The Inspector-General should examine the system of road patrol which has been introduced in Saran, and consider whether it might not be given a trial in areas where dacoities and burglaries are numerous. The percentage of refusal to enquire into cognizable cases in the Orissa Division is still too high, with the result that the control over professional crime is inevitably weakened.

Cognizable crime.

5. Cognizable crime shows an increase of 8 per cent. over last year's returns. The whole of this occurred under the heads of burglary and theft, and is to be attributed principally to the high price of food.

The number of cases declared to be maliciously false remains very great. In the 24-Parganas, out of 180 false cases only one conviction under section 211, Indian Penal Code, was secured; and in Hooghly and Hazaribagh, where the false cases numbered 84 and 92, respectively, there were only two convictions in each. It is necessary once more to draw special attention to the failure to deal with this class of crime. District Magistrates should personally scrutinize these cases with a view to satisfy themselves that complaints which are merely exaggerated are not recorded as maliciously false, and that in cases which properly fall under the latter category prosecutions are instituted whenever they afford a reasonable prospect of success. Remands are still excessively numerous, and this is a subject to which the special attention of District Magistrates has frequently been invited. They should satisfy themselves in the course of their inspections that postponements are not allowed except for good and sufficient reasons; and in the annual character reports of their subordinates they should bring to notice any persistent tendency to grant unnecessary remands. The number of absconders continues to be large. The attention of Magistrates is directed to the provisions of sections 59 and 78 of the Criminal Procedure Code, in accordance with which the services of zamindars, dafadars and chaukidars can be utilised for the arrest of proclaimed offenders.

Police Reforms.

6. The reforms in the Bengal Police, which were sanctioned by the Secretary of State in 1906, were estimated to involve an annual addition to the cost of the force of Rs. 24 lakhs, of which 4½ lakhs were to be spent in improving the pay and prospects of the superior ranks, and 19½ lakhs on the rank and file. Of the former figure, recurring expenditure to the amount of nearly three lakhs had been incurred up to the 31st March 1908, while 12¼ lakhs had been spent on the inferior ranks. Of the balance of 8½ lakhs, for which provision had still to be made, the reforms introduced during 1908-09 involved an expenditure of Rs. 73,000, so that about two-thirds of the scheme has been completed. The remainder of the programme will be carried into effect as rapidly as financial exigencies permit.

Recruitment of Investigating Officers.

7. The Inspector-General recommends that for the next few years the proportion of promotions of Head-constables to direct recruitments to the post of Sub-Inspectors should be doubled. This is a proposal which should be separately brought forward, and which requires close examination, as it must be remembered that the men who are now being recruited as Sub-Inspectors are of a superior class to those of whom this grade has hitherto been composed. The present officers may be young and inexperienced, but it is probable that they make up for their deficiencies by their energy and intelligence. The majority have already received adequate training; and they should be free from the traditions which, it is to be feared, experienced Head-constables, who are promoted to this class, may retain. The Inspector-General

remarks, in the concluding paragraphs of his report, that it is generally recognized that the whole tone of the Inspectors and Sub-Inspectors has improved, and this improvement must be due, to a large extent, to the modern system of recruitment.

Town Patrol.

8. His Honour notices with pleasure the improved patrol system which Mr. Swain has devised for the Bengal Town Police. The Inspector-General reports that its introduction has been attended with success everywhere, and it is to be hoped that it will result in the diminution of crime in municipal areas.

Panchayats.

9. The Lieutenant-Governor notes the remarks of the Inspector-General in paragraph 102 of his report on the new panchayats, and they will receive careful attention when the subject comes under the consideration of Government.

The failure to reward chaukidars adequately for services rendered is a matter to which Sir Edward Baker directs the special attention of District Magistrates and of the police. It is very regrettable that these funds, which are under the direct control of Magistrates, should not be utilized to encourage good work, for experience shows that rewards are no less effective than punishments as an incentive to special effort. Nevertheless, in spite of the attention which has repeatedly been drawn to this matter, the balances of the funds have steadily increased. This progressive increase indicates a waste of power, and the Lieutenant-Governor desires that in future Magistrates and Superintendents shall make full use of the funds at their disposal. Trying Magistrates should recommend rewards in all cases where chaukidars have rendered efficient service either in the arrest of criminals or by giving prompt information at the thana of anticipated breaches of the peace; and District Magistrates and Superintendents of Police should see that rewards are presented in as public a manner as possible.

The health of the force largely depends upon the manner in which the officers and men are housed, and improvement is urgently needed in this respect and should be carried out as soon as practicable.

General condition of the Police force.

10. The Lieutenant-Governor is glad to learn of the improvement that has been effected in the smartness and efficiency of the police. The appointment of European Armed Inspectors and the improved instruction in drill at the Police Training College are largely responsible for this result, while the attention paid to athletics will render the general tone of the force more wholesome and manly, and promote sympathy between officers and men. In paragraph 124 of his report the Inspector-General claims that the reforms suggested by the Police Commission are already beginning to bear fruit. With this view His Honour concurs, and in the face of the facts which the Inspector-General can produce, neither the mistakes and misconduct of individual members of the Department nor the criticism so freely levelled against it can obscure the general progress which has been made. The Lieutenant-Governor considers it beyond the possibility of doubt that there is a steady and continuous improvement in the honesty and efficiency of the whole force, and he desires to thank Mr. Morshead for his careful administration of the Department. He is pleased to notice also the names of those whom the Officiating Inspector-General, Mr. Dundas, has mentioned, and in particular to record his thanks to him as well as to Messrs. Plowden and Denham for the good work which they accomplished during the year.

ORDER—Ordered that copies of the Resolution be forwarded to the Inspector-General of Police, the Commissioner of Police, Calcutta, and all Commissioners of Divisions for information.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

C. G. H. ALLEN,

Offg. Chief Secy. to the Govt. of Bengal.

THE following report is published for general information.

C. G H. ALLEN,

The 31st August 1909. *Offg. Chief Secy. to the Govt. of Bengal.*

ADMINISTRATION REPORT OF THE METEOROLOGIST, CALCUTTA, FOR THE YEAR 1908-09.

Mr. C. W. Peake was in charge of the Alipore Meteorological Office from April the 1st 1908 to March the 23rd 1909 when he proceeded home on combined leave for nine months. I took over charge of the post of the Meteorologist, Calcutta, on March the 24th. Virtually, therefore, the Alipore Office was in charge of Mr. Peake during the whole of the past year.

2. The total number of observatories under the control of the Meteorologist, Calcutta, on the 31st of March 1909 was 72, including 1 second class, 50 third class, 19 fourth class and 2 voluntary observatories. The increase in the number of the third class observatories is due to the establishment of an observatory at Cox's Bazar and another on board the Pilot Vessel "*Lady Fraser*" at the Sandheads. The Observatory at Cox's Bazar, which is in charge of the Assistant Surgeon of the place, is situated close to the sea and its observations have been found to be of much value. The observatory was started on the 15th of April 1908. Advantage was taken of the addition of a second pilot vessel, the "*Lady Fraser*" (for duty at the Sandheads) for the establishment of an observatory on board the vessel. This pilot vessel also has arrangement for sending telegrams by wireless telegraphy and thus the continuity of meteorological observations at the Sandheads, which was not possible before owing to the "*Fraser*" being called away to Calcutta for coaling and other purposes, has been secured.

VOLUNTARY OBSERVATORIES (2).

Cooch Behar.	Fraserganj.

4. Self-recording aneroids (barograph) are in use at Cuttack, Burdwan, Balasore, Saugor Island, Hazaribagh and on board the pilot vessel "*Fraser.*" An anemograph is in use at Saugor Island.

5. *Awards for special observations.*—The observers at Arrah, Barisal, Bishnath, Burdwan, Chaibassa, Chittagong, Daltonganj, Dam Dim, Darbhanga, Dikom, Doom Dooma, Faridpur, Jorehat, Kalchini, Monghyr, Nagrakatta, Narayanganj, Panighatta, Purulia, Ranchi and Salona were granted special awards by the Director General of Observatories for storm observations, earthquake reports, etc.

6. *Inspection of Observatories.*—The following observatories were inspected during the year under review:—

Name of station.	Dates of inspection.
Arrah	20th to 22nd February.
Balasore	1st to 3rd July.
Barisal	28th March.
Bhagalpur	16th to 18th February.
Buxar	18th to 21st June.
Chapra	23rd to 29th June and again 18th to 20th January.
Darbhanga	24th to 26th February.
Darjeeling	23rd February.
Gaya	22nd to 24th January.
Jalpaiguri	25th February.
Motihari	4th and 5th March.
Muzaffarpur	28th February to 2nd March.
Narayanganj	19th and 20th March.
Purnea	27th February.

7. The inspection reports show that the observatories at the time of inspection, were, speaking generally, in good condition.

8. *Jalpaiguri.*—The work done at Jalpaiguri has for a long time past been unsatisfactory and all efforts made to improve it were unsuccessful. At the time of Dr. Simpson's inspection on the 25th of February 1909 the observatory was found to be in good condition and the observer seemed to know his work. He ascribed the faulty observations to mere carelessness.

9. *Gaya.*—The chief object of the visit to the Gaya Observatory was to remove the barometer from the Honorary Magistrate's Court where it had been for many years past. The barometer was removed to the Gaya Pilgrim Hospital on the afternoon of January the 23rd 1909.

10. *Purnea.*—Dr. Simpson, Imperial Meteorologist, visited the observatory on the 27th of February 1909. His report of inspection is quoted below to show what difficulties the Meteorological Department have had in the matter of keeping the barometer near the thermometer shed at Purnea.

"The observatory was originally at the Jail. Owing to extension of the Jail the room containing the barometer and on which the wind instruments are fixed is to be removed. As there is no suitable site for the instruments at the Jail it was decided in March last (1908) to remove the barometer and wind instruments to the Hospital, a mile away from the Jail. Mr. Gaetane removed the barometer on 28th March 1908 and the Public Works Department were asked to remove the wind instruments but they have not yet done so.

The removal of the barometer alone has been unfortunate in that the observer has had to walk a mile between taking his thermometer readings and his barometer readings and then has had to walk back a mile to the telegraph office.

* * * *

After talking the matter over with the Civil Surgeon and the observer, I have come to the conclusion that instead of moving all the instruments to the hospital it will be better to build a small tower to contain the wind instruments and barometer near to the Jail. In this way there will be the least amount of change and the normals will not be affected.

* * * *

I have to-day returned the barometer to the Jail (but to a new position) so that from to-morrow the observations may be taken at the proper time as was the case before the 28th of March 1908."

11. *Motihari.*—Owing to the removal of the Motihari hospital and the Civil Surgeon's office to a new building about 3 miles from the site of the observatory it was necessary to transfer the meteorological instruments to a building near the hospital as the Civil Surgeon's clerk found it difficult to take observations at a place so far away from his office. A thermometer shed was erected near the new hospital and the thermometers were removed on the 19th January 1909. The wind instruments were removed from the cutchery building and fixed to the roof of the new hospital. The barometer was removed from the Magistrate's private room to the Civil Surgeon's office on 19th October 1908.

12. Under the existing arrangement of supplying raingauges and measure glasses to the rain registering officers in Bengal, 7 raingauges, 6 measure glasses and 5 glass bottles (for use with raingauge) were issued during the past year from the stock kept in this office.

13. *Daily Weather Report.*—The Calcutta Daily Weather Report was issued throughout the year, Sundays and holidays included. The number of stations included in the report was 87 on the 31st of March 1909 as against 85 on the same date in the previous year. The increase is due to the addition of Cox's Bazar and Kyaukpyu to the list of stations which send weather telegrams for the Calcutta Weather Report.

14. The Monthly Meteorological Table for Bengal and Eastern Bengal and Assam was regularly published in the *Calcutta Gazette.*

15. The supplementary weekly Meteorological and Rainfall Table containing temperature and rainfall observations recorded at 19 stations in Bengal and Eastern Bengal and Assam was issued on every Wednesday throughout the year. For purposes of comparison, temperature and rainfall observations recorded during the corresponding week of the previous year were added to the report.

16. The daily flag signal message, was sent to Saugor Island throughout the year and to Elephant Point from April the 1st 1908 to January the 14th 1909 only. This message was also sent to the Port Officer, Rangoon, during the period January the 15th to March the 31st.

17. The following officers were supplied with the flag signals and the daily weather telegram from 1st April 1908 to 14th January 1909 :—

Port Officer, Rangoon.
Secretary, Port Commissioners, Rangoon.
Port Officer, Cocanada.
Port Officer, Cuddalore.
Ditto, Negapatam.
Port Conservator, Porto Novo.
Deputy Port Conservator, Madras.

18. The following officers received the daily weather telegram only during the period mentioned above, *viz.*, from 1st April 1908 to 14th January 1909 :—

Port Officer, Moulmein.
Ditto, Akyab.
Ditto, Gopalpur.
Ditto, Vizagapatam.

19. The Port Officer, Chittagong, received the daily weather telegram and the flag signal message from 16th May to 15th November.

20. The telegram was also sent to the Port Conservator, Calingapatam, on Sundays, Wednesdays, and Thursdays.

21. The following officers were added to the list of officers receiving warning telegrams during bad weather or cyclonic storms on the Madras coast:—

Executive Engineer, Tinnevelly Division, Palamcottah.
Ditto, Madura ,, Madura.
Superintending Engineer, I Circle, Vizagapatam.

22. Warnings of expected storms and heavy rainfall were sent during the past year to the officers mentioned below :—

The Secretary to the Government of Bengal, Irrigation Department.
The Collector of Cuttack.
The Superintending Engineer, Orissa Circle.
Ditto, South-Western Circle.
The Executive Engineer, Cossye Division.
Ditto, Balasore Division.
The Proof Officer, Balasore.
The Superintendent of Telegraphs, Madras Division.
Ditto, East Coast Division.
The Superintendent of Telegraphs, Madras Office.
The Chief Engineer for Irrigation, Madras.
The Assistant Superintendent of Telegraphs, Madras Sub-Division, Madras.
The Traffic Manager, Madras Railway, Madras.
The Chief Engineer, Madras Railway, Rayapuram.
The District Traffic Superintendent, Madras Railway, Waltair.
The District Engineer, Madras Railway, Godavari.
The Superintending Engineer, Sone Circle, Arrah.
The Executive Engineer, Eastern Sone Division, Bankipur.
Ditto, Arrah Division, Arrah.
Ditto, Buxar Division, Buxar.
Ditto, Godavari Eastern Division, Dowlaishweram.
Ditto, Godavari Western Division at Chettipet *via* Nidadavol.
Ditto, Godavari Conservancy Division, Rajahmundry.
Ditto, Kistna Eastern Division, Bezwada.
Ditto, Nellore Division, Nellore.
Ditto, Cauvery Division, Tanjore.
Ditto, Madura Division, Madura.
Ditto, Tinnevelly Division, Palamcottah.
Collector of Guntur.
Ditto of Godavari, Cocanada.
Ditto of Kistna, Masulipatam.
Ditto of Tanjore.
Ditto of Trichinopoly.
Ditto of Nellore.
Ditto of Bakarganj, Barisal.
The Sub-Engineer, Dehri Workshops, Dehri.

23. There was no addition to, or alteration in, the code of storm signals.

24. In connection with the proposed extension of the storm-warning system to stations in the Bakarganj and Noakhali districts as also to stations in the Sunderbans, referred to in paragraph 31 of Mr. Peake's Administration Report for 1907-08, the Collector of Bakarganj was regularly informed of bad weather likely to affect his district.

25. The Government of Eastern Bengal and Assam selected the Joint Agent of the Rivers Steam Navigation Company as the person responsible for the hoisting and lowering of storm signals in the port of Barisal. Orders to hoist and lower storm signals were, therefore, sent to that officer during the past year, but it was subsequently reported that the flagstaff for the exhibition of the signals was not ready and hence no action was taken on the telegrams beyond sending warnings to the vessels in the port.

26. Arrangements are also being made for the exhibition of storm signals at Noakhali and Morelganj.

27. The duty of hoisting and lowering of storm signals at Narayanganj had hitherto been entrusted to the Station Master of that place. The Government of Eastern Bengal and Assam have, however, transferred this duty to the Steamer Agent, Narayanganj.

28. The dates of the principal storms and barometric depressions occurring during the past year are given in the following table :—

Table giving a brief statement of the storms which affected the Bay of Bengal Coasts during the year 1908-09.

Number of storm.	Period of depression or storm.	Character of depression or storm.	Coast affected.
1	9th and 10th May .	A shallow depression appeared over the Andaman Sea on the 9th. It gave a moderately heavy burst of rain in Tenasserim and the Andaman Islands and on the 10th crossed the coast near Moulmein.	Burma Coast.
2	16th and 17th June .	On the 16th there was distinct indication that the depression which existed in the Bay for some days past had intensified and was in the neighbourhood of the Sandheads. It rapidly developed into a storm of moderate intensity, crossed the coast near Saugor Island on the 17th and drifted slowly in a northerly direction during the next four days. It gave remarkably heavy rainfall in its passage over Calcutta.	Bengal Coast.
3	23rd and 24th June .	A depression appeared to the north of Saugor Island on the 23rd. It moved in a westerly direction and was near Balasore on the 24th. It then drifted in a north-westerly direction and filled up in the Central Provinces on the 26th.	Orissa Coast.
4	30th June and 1st July	On the 30th June a shallow depression formed off the Circars Coast. It passed inland near Calingapatam on 1st July.	Circars Coast.
5	7th and 8th July .	Weather became disturbed on the 7th and a depression formed on that date with a centre near Faridpur. It caused stormy weather in the north-east angle of the Bay. It moved in a westerly direction on the 8th. The depression was a most important one because of the fact that it gave heavy rainfall on the 7th, 8th and 9th.	Chittagong Coast.
6	24th to 26th July .	A shallow depression appeared off the Circars Coast on the 24th. It moved in a north-westerly direction and was near Puri on the 25th. It, however, filled up without giving rise to disturbed weather.	Orissa Coast.
7	31st July and 1st August.	A fairly well marked depression moved from the Bay into Orissa on the 1st and occasioned general and moderately heavy rainfall in its neighbourhood.	Orissa Coast.

Number of storm.	Period of depression or storm.	Character of depression or storm.	Coast affected.
8	10th to 13th August .	A shallow depression appeared off the Ganjam Coast on the 10th. It continued to develop for the next two days without moving appreciably. On the 12th it moved in a northerly direction and its centre at 8 A.M. was near the Sandheads. On the 13th it curved to west and crossed coast near Balasore.	Orissa Coast.
9	25th to 27th August .	A depression formed in the Andaman Sea on the 25th and conditions remained disturbed till the 27th after which weather improved in that region.	Tenasserim Coast.
10	27th to 29th August .	Conditions indicated the formation of a depression in the north of the Bay on the 27th. On the 28th it appeared to be approaching the Orissa Coast. It passed inland between False Point and Puri at 6 on the morning of 29th.	Orissa Coast.
11	7th and 8th September	A depression appeared off the South Coromandel Coast on the 7th but it did not develop and disappeared by the morning of the 8th.	Coromandel Coast.
12	12th to 15th September.	On the 12th conditions indicated that a low pressure area had formed over the Bay and on the next day a shallow depression was shown off the Circars Coast. It developed slightly and then disappeared by the 15th without crossing the coast.	Coromandel Coast.
13	19th to 25th September.	A depression entered the Andaman Sea from the east on the 19th; it developed into a cyclonic storm and moved almost due west to the coast of the Circars which it crossed near Cocanada on the afternoon of the 25th.	Circars Coast.
14	6th to 9th October .	A depression began to form in the north of the Bay on the 6th. It was most marked on the 7th and developed into a storm on the 8th crossing the coast near Cox's Bazar on the 9th.	Chittagong Coast.
15	15th to 23rd October	A shallow depression which existed in the Andaman Sea for some days past appeared to be approaching the Andaman Islands on the 16th. It subsequently developed into a cyclonic storm and travelled across the south of the Bay passing inland near Pamban on the 23rd.	Coromandel Coast.

Number of storm.	Period of depression or storm.	Character of depression or storm.	Coast affected.
16	23rd to 25th October	On the same date when the storm noticed above passed inland, *viz.*, 23rd October, another depression formed between Port Blair and the Coromandel Coast. It moved in a northerly direction crossing the coast between Masulipatam and Nellore on the 25th.	Coromandel Coast.
17	31st October to 6th November.	A shallow depression was shown in the south-west of the Bay on the 31st October, which developed into a storm during the next 48 hours. On the 3rd November the storm appeared to be moving in a northerly direction and after curving to the north-east and diminishing rapidly in intensity was shown to be approaching the Arakan coast on the 5th. Further development of the storm was, however, checked by the formation of another depression further south.	Coromandel and Arakan Coasts.
18	9th to 11th November.	On the 9th a disturbance was shown to the south-west of Diamond Island. This proved to be a small, but rather intense, cyclonic storm which moved initially in a north-westerly direction and then curved rapidly to the east passing over Akyab on the night of the 11th, doing considerable damage to the town and the harbour of Akyab.	Arakan Coast.
19	20th to 22nd December.	Very disturbed weather prevailed in the south-west of the Bay on the 20th and 21st and a cyclonic storm appeared to have crossed the coast to the south-west of Ceylon.	Ceylon Coast.
20	28th December to 1st January.	Weather was slightly disturbed in the south of the Bay from the 24th and by the 28th the disturbance had developed considerably. It continued to develop and by the 30th had intensified into a well-marked cyclonic storm moving towards the south Coromandel coast. The storm was a short distance north-east of Trincomalee on the 31st. It crossed the coast between Pamban and Negapatam on the 1st January.	Coromandel Coast.
21	13th to 15th February	Conditions suggested the existence of disturbed weather in the south-west of the Bay on the 13th. On he 14th a disturbance was shown moving towards Ceylon, but on the 15th the unsettled weather disappeared.	Ceylon Coast.

29. The following table shows the action taken by the Meteorological Office, Alipore, in warning the coasts affected by the storms enumerated in the previous table :—

Storm Number.	HOISTING OF STORM SIGNALS.			WARNING OF PORTS BY CAUTIONARY TELEGRAMS.	
	Ports ordered to hoist signals.	When hoisted.	When lowered.	Ports warned by cautionary telegrams.	Time and date of despatch of cautionary telegrams.

31. I know that I am expressing the views of Mr. Peake as well as my own, when I offer the thanks of the department to the Managers and Superintendents of Tea Estates who have been in charge of the fourth class observatories in the Duars and in Assam. In every case they have shown keen interest in the work of the observers and it would have been impossible to maintain the observatories in an efficient condition without their cordial help.

32. My thanks are also due to the Telegraph Department for the help they have always given in the matter of rapid delivery of the daily weather telegrams and for their hearty co-operation with the Meteorological Department in various other matters.

33. *Office Establishment.*—I am able to report that the office has worked satisfactorily during the past year. Babu Jati Lal De has again earned the thanks of Mr. Peake and of myself for his careful supervision of the Daily Weather Report Section. Babu Satis Chandra Ghosh continues to prove himself reliable.

REPORT ON THE ROAD AND PUBLIC WORKS CESS OPERATONS IN BENGAL DURING THE YEAR 1908-1909.

NOTIFICATION.

No. 255T.—Cess.—The 3rd September 1909.—The following extracts from the Report of the Board of Revenue on the Road and Public Works Cess operations in Bongal for the year 1908-1909 are published for general information.

H. WHEELER,
Secretary to the Govt. of Bengal.

No. 2933A., dated Calcutta, the 23rd August 1909.

From—E. LISTER, ESQ., Officiating Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

THE HON'BLE MR. F. A. SLACKE, C.S.I.

I AM directed to submit the Board's Report on the administration of the Road and Public Works cesses for the year 1908-1909.

* * * * *

Rate, land revenue demand and gross rental.

3. During the year both cesses were as before levied in the 30 districts at the full rate of one anna in each rupee of the annual value of lands or annual net profits of mines and other immoveable properties. The current land revenue demand for these districts was Rs. 2,85,42,251 and the valuation or gross rental amounted to Rs. 13,33,01,239. The percentage of the former to the latter is 21·4.

Demands, collections, balances and remissions.

4. * * * * The table below is an abstract of the demands, collections, balances and remissions of the year in comparison with those of the former two years :—

Year.	Demand.			Collections.	Percentage of total collections on current demand.	Balance.	Percentage of the balance on the total demand.	Remissions.
	Current.	Arear.	Total.					
	Rs.	Rs.	Rs.	Rs.		Rs.		Rs.
1906-1907 ...	70,11,936	12,70,766	82,82,702	69,56,766	99·2	13,48,585	16·2	1,12,743
1907-1908 ...	71,20,946	13,51,726	84,72,692	71,97,473	101·07	12,83,266	15·1	67,756
1908-1909 ...	73,92,311	12,83,289	86,75,600	73,17,693	98·9	13,58,529	15·6	98,306

As compared with 1907-1908, the current demand of the year under report increased by Rs. 2,71,365. The increase is particularly noticeable in Burdwan (Rs. 1,39,731) and Manbhum (Rs. 99,788) and was chiefly due to the annual valuation of the existing mines and to the first assessment of new mines which were opened in consequence of the recent development of the coal industry. The growth of the cess demand from Rs. 7,974 to Rs. 29,698 in the Sonthal Parganas was the result of valuations recently completed.

5. In some of the districts, notably in Bankura (Rs. 5,497), Hooghly (Rs. 9,871), Darbhanga (Rs. 5,981) and Singhbhum (Rs. 1,959), there were counterbalancing decreases in the current demand. The decrease in Bankura was the effect of the recent revaluation completed in 1907-1908. In Hooghly it was due to the transfer of a number of rent-free lands to Burdwan for amalgamation with the estates borne on its revenue roll. In Darbhanga it was partly due to the transfer of an estate to Muzaffarpur and mostly to the general revaluation of the district by which a more correct assessment was obtained, based on the settlement records. In Singhbum it was due to the annual revision of assessments of mines and forests.

6. Simultaneously with the increase in the current demand, the collections increased by Rs. 1,20,220. The year was, however, generally unfavourable to the voluntary payment of cesses, and the provincial percentage fell from 101·07 to 98·9. The balances were larger than in the past two years, and the percentage of the balance rose slightly above that of the previous year. The difference of Rs. 33 between the closing balance of 1907-1908 and the opening balance of the year under report was due to a subsequent adjustment of accounts.

7. The largest remissions were granted in Burdwan (Rs. 47,662), Hooghly (Rs. 11,320), Bankura (Rs. 7,912), Manbhum (Rs. 6,758) and Gaya (Rs. 5,275). The bulk of the remissions in Burdwan and Hooghly was due to the amalgamation of rent-free lands and was therefore nominal. It was also due to some extent in Burdwan to the transfer of estates to other districts, the cancellations necessitated by double assessments, and the revision of assessments of coal mines. In Gaya the remissions were due to the correction of mistakes and to the elimination of double assessments of rent-free lands. In Manbhum, Rs. 2,235 were reduced by the amalgamation of rent-free lands with their parent estates at the last revaluation; Rs. 1,358 were remitted by the Deputy Commissioner on appeal; and a further reduction of Rs. 3,165 was sanctioned by the Commissioner in exercise of his revisional powers under section 93 of the Cess Act.

Working of the certificate procedure.

10. The number of certificates filed for the realisation of cess arrears was 83,736 as against 80,502 of the previous year. There was a noticeable increase in the number of institutions in Bankura (998), Nadia (752), Patna (1,768), Muzaffarpur (1,582) and Darbhanga (1,177). In Bankura it was due to the fact that certificates had to be issued for the realisation of arrear cesses for rent-free lands, which had been amalgamated with their parent estates, and also for the speedy recovery of some petty arrears, which would otherwise have been time-barred. In Nadia and Patna, the issue of a larger number of certificates was rendered necessary owing to the unpunctuality of the proprietors in paying cesses at the close of each kist. The increase in Muzaffarpur and Darbhanga was practically due to the more prompt issue of certificates within the year. The decrease in the number of institutions is most marked in Burdwan (677), Hooghly (779), the 24-Parganas (803) and Bhagalpur (580). In Burdwan it was due to the fact that a large number of rent-free and *chaukidari chakran* lands, the holders of which are habitual defaulters, were amalgamated with the parent estates. The decrease in Hooghly was due to the transfer of some rent-free lands to Burdwan for amalgamation. The decrease in the 24-Parganas was explained to be due to the increase of voluntary payments on the part of the cess-payers as a result of better harvests in the district. In Bhagalpur, the decrease is reported to be due to the fact that in 1907-1908 many certificates for sums below Rs. 5 had to be issued in order to prevent petty arrears being barred by limitation; that certificates in the case of a comparatively large number of revenue-free estates were issued in 1907-1908; and that during the year under report more vigilance was exercised in the case of big proprietors, and prompt payments were enforced in communication with the local agents.

11. Including 20,829 certificates pending from the previous year, the total number of certificates aggregated 104,565. Of these, 83,524 were disposed of during the year, leaving 21,041 cases pending, as against 2,829 at the close of the previous year. The percentage (20·1) of pending cases to the total number for disposal was almost the same as in the past year.

* * * * *

Objections against certificates.

12. The objections against certificate cases and disposals of the objection were less than in the previous year, being 5,259 and 5,190, as against 5,455 and 5,356, respectively. In 1,380 cases, as against 941 of the previous year, the certificates were cancelled on account of such normal causes as the death and desertion of judgment-debtors, non-traceability of the actual holders, double assessments, the

exemption of lands lying within municipal limits, non-registration of the names of rent-free holders who pay cesses to the Collector, and errors in the land registration registers and the cess ledgers. The number of cases in which reductions were made in the certificate demand was 119 as against 146 of 1907-1908.

Stage of procedure at which demands were satisfied.

13. The mere issue of preliminary notices under the Certificate Act was sufficient to secure payments in 23,531 cases. Notices for the sale of the defaulters' moveable and immoveable properties induced payment in 33,168 and 13,832 cases, respectively. In 1,779 cases only (as against 1,893 of 1907-1908) was recourse had to actual sales before the demands were satisfied. Of these sales, 878 (as against 932 of 1907-1908) were set aside under sections 20 and 21 of the Certificate Act.

Valuations and revaluations.

14. During the year valuations or revaluations, partial or complete, were in progress in 14 out of the 30 districts to which the Act is applicable. * * *

15. It is worthy of notice that the annual valuation of profits derived by owners and occupiers of coal miners in the Asansol subdivision of Burdwan has resulted in an increase of Rs. 1,13,011 in the cess demand. Satisfactory results were also obtained by the annual assessments of mines and forests in the Chota Nagpur Division.

* * * * * *

Gross rental.

19. * * * The gross rental of the province shows an increase of Rs. 45,44,379 over that of the previous year. This increase was mainly confined to Burdwan (Rs. 22,34,784), the Sonthal Parganas (Rs. 5,72,773) and Manbhum (Rs. 15,06,608).

* The report is for the week ending the 30th August 1909.

GENERAL SUMMARY.—The rainfall during the week was general all over the Province. The fall was very heavy in Darjeeling. It was heavy also in parts of Lower Bengal and in Gaya, the Sonthal Parganas and Singhbhum. In the rest of the Province it was generally moderate. The heavy rain in Lower Bengal caused floods in several districts. Damage to autumn crops and winter paddy is apprehended in Burdwan, Midnapore, Hooghly, Howrah, Murshidabad and Jessore. Some injury is also reported from excessive rain in Shahabad and by cyclonic weather in Champaran. Insects have damaged *gora* paddy and *gondli* to some extent in Ranchi. The moderate rainfall received during the week in Bihar and Orissa has been beneficial, and the condition of the standing crops in these tracts is good. The price of common rice has risen in Patna and Champaran, and has fallen in Burdwan, Gaya, Shahabad, Darbhanga, Monghyr, Purnea, Balasore, Angul, Puri, Sambalpur, Hazaribagh, Ranchi and Palamau. Cattle-disease is reported from Nadia, Khulna, Patna, Shahabad, Champaran, Muzaffarpur, Darbhanga, Bhagalpur, Balasore, Angul, Puri, Sambalpur, and from Chota Nagpur excepting in Singhbhum. The supply of fodder and water is sufficient throughout the Province.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF JULY 1909.

THE month opened under ordinary monsoon conditions, with light or moderate rain fairly general and a steep pressure gradient in the north of the Bay. Towards the end of the first week rainfall diminished considerably and the mean temperature was slightly above normal. These changes were associated with the formation of depression at the head of the Bay.

On the 10th, the amount of rain received in Assam increased somewhat and by the 15th rain was again nearly general over the two provinces.

Towards the middle of the month mean temperature was in defect over the whole area, and the pressure was above normal.

At the beginning of the third week the barometer fell below its average value in regions to the south-west of Bengal and remained thus until the end of the month. There was a reduction in the amount of rain received by Orissa and Chota Nagpur owing to the existence of a shallow depression over the Central Provinces. Another depression in the Bay at the end of the month was responsible for a general increase in the rainfall in Bengal, Bihar and Eastern Bengal associated with a mean temperature below normal.

On the whole month the amount of rain received was less than usual.

The defect was 5 per cent. in Bihar,
13 per cent. in Assam,
19 per cent. in Bengal,
22 per cent. in Chota Nagpur,
31 per cent. in Eastern Bengal.

The amount of cloud was less than usual in Eastern Bengal and Assam.

Humidity was practically normal throughout the month.

Summary of temperature.—The highest temperature recorded was 97·9° at Gaya and the lowest 69·9° was recorded at Ranchi.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Eastern Bengal and Assam and of Bengal for the month of July 1909:—

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; t, thunder; d, drizzling rain; p, passing temporary showers.

(2) the burning of lime or charcoal;
(3) the collection or subjection to any manufacturing process, or removal of any forest produce;
(4) the breaking up or clearing for cultivation, for building, for herding cattle or for any other purpose, any land.

Sambalpur.

No. 1814T.R.—The 9th September 1909.—In exercise of the powers conferred by section 31 of the Indian Forest Act, 1878 (VII of 1878), and with the sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules for the Protected Forests in the district of Sambalpur:—

1. No person shall cut, convert or remove trees or timber, or collect or remove forest produce, or pasture cattle except as provided by these rules.

2. Subject to the restrictions imposed by rules 6 to 13, any cultivator of the village may do any of the following acts, free of charge, on any waste land within the village boundaries, namely:—

(1) take any forest produce in reasonable quantities for his own private use within the village, but not for sale, gift or barter; and
(2) pasture any cattle which are *bonâ fide* his own property, or are in his charge for the purposes of his own cultivation:

Provided as follows:—

(*a*) before any timber is cut from any area which has been set apart as a village forest reserve the permission of the village Panchayat shall be obtained, both as regards species and amount;
(*b*) no trees growing on a village site shall be cut green without the permission of the Panchayat.

3. The Panchayat may authorise any non-cultivator resident in the village to take any forest produce, subject to the conditions prescribed in these rules in the case of cultivators.

4. The Deputy Commissioner may permit any person to remove forest produce free of charge, for a public purpose, and may permit any cultivator of a village to remove forest produce to another village for his own private use, but not for sale, gift or barter:

Provided as follows:—

(1) before the grant of any such permission, the Panchayat of the village from which the forest produce is to be taken shall be given an opportunity of objecting and their objection (if any) shall be considered;
(2) a pass shall be issued in each case showing—
 (*a*) the nature and amount of forest produce;
 (*b*) the villages from and to which it is to be removed;
 (*c*) the period for which the pass is current;
(3) a copy of each pass issued shall be forwarded forthwith to the Divisional Forest Officer.

5. (1) Any land which has not been recorded in the village papers, as village forest or fodder reserve, may be cleared or broken up for cultivation, for building or for any other purpose in accordance with the conditions of the *wajib-ul-arz*.

(2) The person clearing such land may cut self-sown trees of any reserved species whose girth at four feet from the ground is less than two feet, excepting mango (*Mangifera indica*), mahua (*Basia latifolia*) and kusum (*Schleichera trijuga*), and may cut seedlings of any reserved species of less than two years' growth; and shall be entitled to take for his own private use, within the village, but not for sale, gift or barter, all reserved trees so cut and any other trees which he may find it necessary to fell in course of such clearing, but shall be bound by the restrictions imposed by rule 6.

(3) Any such trees which are not required by such person shall be distributed by the Panchayat to such residents of the village as may require them for their own private use, but not for sale, gift or barter.

6. Except with the written permission of the Deputy Commissioner, no tree shall be cut within a distance of 20 yards on either bank of a stream or *nala* in which water ordinarily remains until the month of January.

7. Any person who fells a green tree under these rules shall cause the same to be cut as nearly level with the ground as may be possible.

8. Any person may lop, for the collection of *lac*, any green tree of a species reserved under section 29 of the Indian Forest Act, 1878, provided the branch cut is not over nine inches in girth.

9. In cutting bamboos, all culms of less than two years' growth must be kept in the clump.

10. The digging up of roots is prohibited:

Provided that such roots of the *palas* (*Butea frondosa*) as are not over nine inches in girth may be dug up for fibre if the person digging them up fills in the holes so as not to leave the remaining roots exposed.

11. No person who is authorized by these rules to cut, convert or remove trees, timber or other forest produce, shall injure or wastefully use any tree, whether in the course of collecting forest produce or in any other way:

Provided that this prohibition shall not extend to the lopping of trees for the collection of *lac* by the residents of the village in which they stand.

12. No person shall use fire in the collection of forest produce, whether for the improvement of pasturage land or for any other purpose.

13. Nothing in these rules shall authorize any person to cut, convert or remove any tree, timber or forest produce from any land in the direct occupation of the Government or of the District Council, as roads, camping-ground or otherwise, or shall limit the rights of persons as recognized by the *wajib-ul-arz* over trees planted by them; and nothing in rules 7 to 12 shall apply to land which is being cleared for cultivation or other purposes in accordance with rule 5.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 3755.—The 8th September 1909.—The following is published for general information:—

No. 2831—42.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

FORM OF CERTIFICATE OF IDENTITY.

DECLARATION.

Manbhum.

No. 1843J.D.—The 13th September 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Gobindpur siding, Katras-Khanudih extension of the Jharia Branch, East Indian Railway, lying between mile 178 furlong 4 feet 146 and mile 178 furlong 6 feet 6, and whereas coal mines are situate under the said land, and whereas the South Gobindpur Collieries, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 11 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said South Gobindpur Collieries, Limited, have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said South Gobindpur Collieries, Limited, in the manner and subject to the restrictions below specified, viz :—

(a) Three pairs of galleries only shall be driven as shown approximately by red centre lines upon the plan ;

(b) The galleries shall be not more than 10 feet wide by 8 feet high having as a roof a hard shale found in the seam ;

(c) Manholes not exceeding 8 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901 ;

(d) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay ;

(e) The above restrictions apply to No. 11 seam only and to the area edged with pink on the plan and the South Gobindpur Collieries, Limited, shall give notice under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area or to work coal under any other area of acquired land ;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 139, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

OFFICE MEMO.

IT is published for general information that rule 18 of the Rules for the working of the Text-Book Committees in Bengal has been revised to read as follows:—

The publisher or the author of a book which it is proposed to use as a text-book or as a prize-book or as a library book, should, in the first instance, submit an application to the Director of Public Instruction with one copy of the book stating whether the book is submitted for approval as a text-book or as a book suitable for school prizes or for school libraries. The particulars noted on the margin must invariably be stated on the cover or title page of the book and in the application. It should also be stated if the book has been previously submitted for examination and approval, and if so, with what result.

(a) Name of the author.
(b) Name of the publisher.
(c) Address of the author or of the publisher.
(d) Price.

CALCUTTA UNIVERSITY NOTICE.

THE Senate will proceed in the month of August 1910 to the election of a Tagore Professor of Law for the term of one year, to commence on the 1st of August 1911.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

(i) Codification in British India.

(ii) The History of Moslem Legal Institutions with special reference to the law of *Wakf*.

(iii) Compulsory Sales in British India.

The salary of the Professor shall be paid in twelve equal monthly instalments, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st May 1910, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief Synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will not, later than the month of August following his election, forward to the Registrar a complete copy (manuscript or typewritten) of the Lectures which he proposes to deliver. The copy will be referred to a Committee of the Faculty of Law consisting of not more than three members to be chosen by the Faculty, who will examine the same and before the 1st November report to the Faculty whether the work is complete and ready for the press. If upon such report the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures in the month of December, and complete the delivery thereof in the following February. The copy of the Lectures delivered will remain in the custody of the Registrar, and will be sent to press as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of the Lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

LAND SALE NOTICES.

Advertisement for Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 23rd September 1909 corresponding to 7th Aswin 1316 B.S.

The purchaser will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale is subject to the existing leases and to the rights conferred by the settlement proceedings, and to the laws in force; and purchaser to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, the one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the succeeding day the sale is to be cancelled (the sum deposited being forfeited to the Government), and the estate to be put up to sale again at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Bhagalpur, will be put up to sale at the Bhagalpur Collectorate on Friday, the 15th October 1909, corresponding with 16th Assoen 1317 Fasli.

The purchasers will be subject to the following conditions of sale—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force: and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defulting purchaser, after issue of advertisement, as in the case of original sale.

PROCLAMATION OF SALE.

(Section 287 of the Code of Civil Procedure.)

DISTRICT HOOGHLY.

In the Court of the Certificate Officer, Hooghly Collectorate at Chinsura.

EXECUTION CASE No. 255 OF 1902-03.

Secretary of State for India, decree-holder, against Quazi Bashir-ar-Rahman, of Govindapur, a pati of Furfura, thana Krishnanagar, judgment-debtor.

NOTICE is hereby given that, under section 284 of the Code of Civil Procedure, an order has been passed by this Court for the sale of the attached property mentioned in the annexed Schedule, in satisfaction of the claim of Rajapur Drainage, cost due to the decree-holder in the suit mentioned in the margin, amounting with costs and interest up to date of sale to the sum of Rs. 20,903-2-4 (Rupees twenty thousand, nine hundred and three, annas two and pies four only).

Suit No. 255 of 1902-03 decided by the Certificate Officer of Hooghly in which the Secretary of State for India was plaintiff, and Quazi Bashir-ar-Rahman was defendant.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the sale Schedule. The sale will be of the property of the judgment-debtors above named, as mentioned in the Schedule below; and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the Schedule against each lot.

In the absence of any order of postponement, the sale will be held by the Certificate Officer at the monthly sale commencing at 12 o'clock on the 23rd September 1909 at Chinsura Court. In the event, however, of the debt above specified and of the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorized agent. No bid by, or on behalf of, the judgment-creditors abovementioned, however, will be accepted; nor will any sale to them be valid without the express permission of the Court previously given. The following are the further

Conditions of sale.

1. The particulars specified in the Schedule below have been stated to the best of the information of the Court, but the Court will not be answerable for any error, mis-statement or omission in this proclamation.
2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.
3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the Court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.
4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of section 291 of the Code of Civil Procedure.
5. In the case of moveable property, the price of each lot shall be paid for at the time of sale or as soon after as the officer holding the sale directs, and in default of payment the property shall forthwith be again put up and sold.
6. In the case of immoveable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and sold.
7. The full amount of the purchase-money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.
8. In default of payment of the balance of purchase money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, shall be forfeited to Government, and the defaulting purchaser shall forfeit all claim to the property, or to any part of the sum for which it may be subsequently sold.

Given under my hand and the seal of the Court, this 4th day of September 1909.

SYAMA KUMUD MUKERJEE, Certificate Officer.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN BENGAL DURING THE YEAR 1908-09.

NOTIFICATION.

No. 275T.—S.R.—The 9th September 1909.—The following extracts from the Report of the Commissioner of Excise on the administration of the Excise Department in Bengal during the year 1908-09, and from the letter from the Board of Revenue reviewing the Report, are published for general information.

H. Wheeler,
Secy. to the Govt. of Bengal.

No. 4627B., dated Calcutta, the 28th August 1909.

From—Shio Pal Bhattacharji, Esq., M.A., B.L., Secretary to the Board of Revenue, L. P., Miscellaneous Revenue Department,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
The Hon'ble Mr. W. C. Macpherson, C.S.I.

I am directed by the Board of Revenue to submit the Report of the Commissioner of Excise, Bengal, on the administration of the Excise Department during the year 1908-09.

2. *Administrative changes.*—Among the administrative changes which took effect during the year may be mentioned the extension of the distillery areas in the districts of Monghyr, Bhagalpur and Muzaffarpur, the introduction of the distillery system into a portion of the district of Ranchi, the abolition of passes for the transport of imported liquor, the increase of the rate of duty on country spirit during the year in 11 districts or parts of districts, the abolition of 16 country spirit shops in Calcutta, the reduction of the limit of retail sale of country spirit from 12 bottles to 6 bottles in Calcutta, and the reduction of the strength of spirit issued from the Russa distillery from 17° U.P. to 20° U.P. The three reforms last mentioned were carried out on recommendations made by the Committee which sat in 1907-08 to examine questions relating to the number and location of shops licensed for sale of spirituous liquor in Calcutta and the suburbs. Local Committees were also appointed in February and March 1909 in 28 large towns to advise Collectors with regard to the licensing of liquor shops for the current year. The working of these Committees is noticed in the next paragraph.

The revised Excise Bill was introduced in the Bengal Council in January 1909 and was referred to a select Committee in March last. It has since passed through the Council and is awaiting the assent of His Excellency the Governor-General.

3. *Local Advisory Committees.*—The Government of India directed that the action taken with regard to consulting and recording local opinion in the matter of the number and location of liquor shops, the number of towns in which local Committees have been set up for the above purpose, and the extent to which non-official opinion is represented in such Committees should be specially noticed in the Excise Administration Report for 1908-09. This subject should be more fully noticed by the Commissioner in future reports. It has been ascertained that local Committees were appointed in 28 municipal towns to consider and advise with regard to the number and sites of liquor shops to be licensed; but it is understood that in six of these towns, the Committees did not meet and the Excise Commissioner reports that in several instances there was want of interest in the proceedings. According to the instructions of Government, the Committee in each case was composed as follows:—(1) The Collector of the District, Chairman; (2) the Superintendent of Police; (3) the Chairman of the Municipality, and in towns where the Collector is the Chairman, the Vice-Chairman of the Municipality; (4) one Municipal Commissioner nominated by the Municipal Commissioners for each ward in which liquor shops were to be licensed. The Committees were formed on these lines; and the settlement proposals for the current year, so far as related to the municipal areas, were referred to the Committees for advice. Objections were considered with regard to 4 imported liquor shops (including a restaurant), 17 country spirit shops, 2 *pachwai* shops and about 109 *tari* shops. The objections in respect of 2 imported liquor shops (including a restaurant), 12 country spirit shops and 101 *tari* shops were accepted; and the objections in respect of 2 imported liquor shops, 2 country spirit shops, and 3 *tari* shops, in the town of Burdwan, and 2 country spirit shops and 2 *pachwai* shops in the town of Bankura, were held over for consideration at next year's settlements. One new imported liquor shop was opened in Santipur in accordance with the Committee's recommendation. The results of the large reduction made in the number of *tari* shops (93 to 20) in the town of Bhagalpur, at the instance of the local Committee, should be stated in the report for the current year.

The Board think that it is premature to give an opinion as to the usefulness of the work done by the local Committees.

In Calcutta no local Committee was appointed to consider the settlement proposals for 1909-10, as a Committee had advised in the previous year with regard to the licensing in Calcutta and the suburbs. The Calcutta Committee, as has been previously reported, made useful recommendations, which to a large extent, have been carried into effect.

4. *Revenue.*—The total receipts of the year inclusive of advance collections amounted to Rs. 170 lakhs against Rs. 170¾ lakhs in the preceding year, showing a decrease of three quarters of a lakh of rupees. The license

fee collections for the year showed an increase of Rs. 1,23,229 and the receipts from duty, distillery fees and miscellaneous sources were better by Rs 10,757; but the advance collections made in 1908-09 on account of 1909-10 showed a decline of Rs. 2,11,272, so that the net decrease on the total collections of the year amounted to Rs. 77,286, as pointed out in paragraph 4 of the report. Deducting the advance collection (Rs. 13,74,886) for 1909-10 and adding the revenue (Rs. 15,86,158) for 1908-09, which was collected in advance in 1907-08, the net receipts on account of 1908-09 were Rs. 1,72,12,059, against Rs. 1,68,76,320 of the preceding year after similar adjustment. Country spirit, *ganja* and opium gave 89¾ lakhs, 28 lakhs and 27½ lakhs or 53 per cent., 16 per cent., and 16 per cent., respectively, of the total revenue of the year. The receipts from *ganja* and opium show an increase of 1½ lakhs and 1 lakh or 5·7 and 3·8 per cent., respectively, while the receipts from country spirit show a falling off of 4¼ lakhs or 4·5 per cent. During the year under report, the incidence of taxation per gallon of L. P. spirit under the contract and central distillery systems taken together was Rs. 5·7 against Rs. 5 in the previous year, and the average fee for each outstill was Rs. 2,148 against Rs. 2,393 in the preceding year.

5. *Result of Settlements.*—There was a heavy decrease in the total license fees at which country spirit shops have been settled for the current year. The decrease in Monghyr (Rs. 1,70,136), Purnea (Rs. 1,61,904) and Bhagalpur (Rs. 74,502) is due to the conversion of outstills into distillery shops on the introduction of the contract system from the 1st April 1909. A similar reason contributed to some extent to the decrease in Patna (Rs. 1,31,316) and Ranchi (Rs. 69,281) where the central distillery system has been extended from the current year to a portion of the outstill area.

6. *Country Spirit.*—Consumption decreased by 92,998 gallons L. P. in the contract and central distillery areas, but there was an increase of Rs. 2,63,667 in the total revenue derived from country spirit in these areas. This is a satisfactory result. In the case of Calcutta where there was a decrease of 65,533 L. P. gallons in the consumption of country spirit accompanied by a falling off of Rs. 1,34,216 in the revenue, the Excise Commissioner considers that the high price of food-grains and the increased price of country spirit forced the consumer to restrict his consumption or to resort to other intoxicants, *viz.*, imported liquor, opium and *ganja*. The figures appear to the Board to show that there was some substitution of imported plain spirit for country spirit in the case of Calcutta consumers; but it is doubtful whether the increased price of country spirit caused consumers to take to opium and *ganja*. The increased sales of opium are without doubt due to the operations of smugglers who purchased for the Burma traffic. With regard to *ganja* it is to be noticed that the high prices paid to the *ganja* cultivators at Naugaon led to decreased consumption during the last two years. The recent fall in the wholesale price of *ganja* may have stimulated consumption of the drug by the classes addicted to it without bringing it into competition with country spirit.

The heavy decrease in the outstill revenue of the district of Gaya and the considerable decreases in Palamau and Hazaribagh no doubt represent decreased consumption and were due, as the Commissioner reports, to scarcity, continuance of high prices, failure of the *mahua* crop and depression in the lac and mica trade. In Gaya the decrease succeeded to the considerable increase in 1907-08, and it appears to have been specially due to the failure of the *mahua* crop.

7. *Sites.*—Special attention appears to have been paid during the year to the location of liquor shops. Revised rules have been recently issued by the Board in accordance with the orders of the Government of India passed on the recommendations of the Indian Excise Committee as to selection of sites of liquor shops.

8. *Convictions for drunkenness and action taken against licensees for permitting it.*—Convictions for drunkenness increased in Burdwan and Sambalpur. In the former district consumption is known to have increased, whereas in the latter district it decreased during the year. Only in two cases

was action taken against vendors on account of drunkenness on licensed premises. A condition has recently been inserted in liquor licenses prohibiting the vendor from selling liquor to drunken persons.

9. *New private distilleries.*—Of the two new distilleries equipped in modern method opened during the year, one is owned by an Indian manufacturer. Adequate areas have been allotted to each for supply of liquor under the contract system. The Excise Commissioner and the Board realise the importance of assigning such contracts as far as possible to native distillers or capitalists.

10. *Auction system.*—The Excise Commissioner makes certain observations in defence of the auction system of disposing of licenses. The Board need only say that the subject has been fully considered by the Government of India in connection with the recommendations of the Indian Excise Committee, and it has been decided that the system should continue.

11. *Denatured spirit.*—Nearly 93 per cent. of the imported spirit methylated in Calcutta was Java spirit, which on account of its cheapness now practically monopolises the market. It is satisfactory to notice that denatured spirit produced in a local distillery has for the first time been placed on the market.

12. *Tari.*—In paragraph 221 of their report the Indian Excise Committee remarked on the excessive number of *tari* shops in Bihar and recommended reduction of the number. Since then a substantial reduction appears to have been made in the number of *tari* shops, which has led to increased competition at the annual sales and to an increase of revenue in almost all the districts. The system of remittances of *tari* fees by money-order has been largely adopted in Bihar.

13. *Pachwai.*—The measures necessary for the better control of the consumption of *pachwai* were carefully examined during the year and the Board's proposals have since received the approval of Government. The action to be taken will come under review next year.

14. *Ganja.*—The report notices the existence of a large traffic in illicit *deshi* or indigenous *ganja*, which is smuggled into Sambalpur. The Deputy Commissioner of Sambalpur has proposed that in order to suppress this smuggling, Rajshahi *ganja* should be again introduced into the district. Rajshahi *ganja* was supplied to Sambalpur in 1906 07, but its supply was discontinued the following year as it was believed to be more potent and harmful than the Khandwa drug. Chemical analysis has, however, lately led to opposite conclusions.

15. *Opium.*—Smuggling of opium (chiefly of Excise opium) to Burma continues to be practised on a large scale. The supply of opium from the Treasury to shops licensed in Calcutta, the 24-Parganas and Howrah has recently been restricted in the hope of diminishing the facilities of smuggling. The check in consumption in the Orissa districts is satisfactory; but the Collectors have asked for increased preventive establishments to repress smuggling.

17. *Excise offences.*—There was a decrease in the total number of persons arrested for offences against the Excise and Opium laws as compared with the preceding year. The number of arrests for illicit distillation of country spirits showed a large decrease, which appears to have been mainly due to the scarcity of the *mahua* crop. The number of persons arrested for smuggling of illicit opium and illicit possession of opium also showed a decrease, though in view of the prevalence of smuggling to Burma an increase might have been expected under these heads. On the other hand, there was an increase in the number of comparatively minor offences detected, such as unlicensed sale of country spirit and *tari* and illicit possession of *tari*, cocaine, *madak* and *chandu*. A considerable number of arrests was made in Orissa for the possession and smuggling of Garhjat or indigenous *ganja*.

The Excise Commissioner again notices the want of co-operation on the part of daffadars and chaukidars in the prevention of Excise offences and says

that, generally speaking, the village police either actively abet or conveniently ignore illicit practices. Provision has been made in the Excise Bill as passed in Council imposing statutory obligation on village chaukidars and daffadars to report serious Excise offences and aid Excise officers.

The Excise Commissioner again brings to notice a number of instances in which the sentences passed by the trying magistrates appear to be *primâ facie* inadequate. Under the existing laws the offence of illicit distillation is punishable with a fine which may amount to five hundred rupees, and illicit possession, transport or sale of opium, is punishable with imprisonment for a term which may extend to one year, or with fine which may extend to one thousand rupees, or with both. A small fine for the commission of such offences cannot deter offenders from repeating the offences. Attention of Magistrates has been drawn in past years to the principle that the penalties inflicted should be regulated with some reference to the value of revenue imperilled by the habitual commission of the offence.

No. 44E., dated Calcutta, the 31st July 1909.

From—The HON'BLE MR. E. GEAKE, I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Board of Revenue, L. P.

I HAVE the honour to submit the following report on the administration of the Excise Department in the Province of Bengal for the year 1908-09. Mr. B. Foley was in charge of the Department from the 1st April 1908 to the 27th February 1909, on which date I resumed charge.

* * * * * * *

Total Revenue and charges.

4. The Excise revenue and charges of the Province for the last five years are shown below:—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	
1904-05 ...	1,41,98,334	6,80,021	1,35,18,313	4·78
1905-06 ...	1,53,18,436	6,90,480	1,46,27,956	4·50
1906-07 ...	1,60,79,779	7,35,356	1,53,44,423	4·57
1907-08 ...	1,70,78,073	7,76,514	1,63,01,559	4·54
1908-09 ...	1,70,00,787	7,97,679	1,62,03,108	4·69
Difference of the past two years	—77,286	+21,165	—98,451	+·15

The net revenue shows a decrease of Rs. 98,451 or ·6 per cent. as compared with that of the previous year.

Final estimates compared with total receipts and charges.

5. The receipts and the disbursements both fell short of the final estimates by Rs. 2,49,213 and Rs. 2,321 respectively.

* * * * * * *

Revenue under different heads.

9. Decreases occurred under the heads of country spirits, rum, *pachwai*, miscellaneous and denatured spirits. The largest increase was under *ganja*, being Rs. 1,54,767, opium comes next with an increase of Rs. 1,00,337 followed by *tari*, imported liquors, *siddhi* and beer which yielded increases of Rs. 57,175, Rs. 25,770, Rs. 9,684 and Rs. 5,277, respectively. The largest decrease (Rs. 4,15,541) is to be found in country spirits. The fluctuations in the revenue from different exciseable articles are discussed in detail under each head.

* * * * * * *

Taking the population of Bengal according to the last census at 51 millions, and making an allowance of 7 per thousand per annum, which represents the average annual growth of population, the incidence of the excise revenue is 5 annas per head.

Result of settlements up to 31st May 1909.

11. There was a decrease of Rs. 6,57,667 which is shared by all the Divisions except Burdwan and Presidency.

SECTION II.—COUNTRY SPIRIT.

Systems.

12. The manufacture and sale of country spirit are carried on under three systems, viz., the contract supply system, the central distillery system and the outstill system. The central distillery system is now confined to Russa, whence the shops in Calcuttta and the immediate vicinity draw their supplies.

Consumption of contract and distillery spirits.

13. The total consumption of contract and distillery spirits was 996,519 gallons L. P. against 1,089,517 gallons L. P. in the previous year, showing a decrease of 92,998 gallons. The decrease was large in Calcutta (65,533 gallons L. P.), Patna (31,948 gallons L. P.), Sonthal Parganas (22,889 gallons L. P.), Gaya (18,973 gallons L. P.), Saran (9,468 gallons L. P.), 24-Parganas (4,656 gallons L. P.), Darbhanga (2,356 gallons L.P.), Sambalpur (1,938 gallons L. P.), Nadia (1,358 gallons L. P.), Hazaribagh (1,291 gallons L. P.), Howrah (1,256 gallons L. P.) and Murshidabad (1,093 gallons L. P.). Several causes have affected consumption in Calcutta. The trade has been disturbed by continuous enquiries and numerous administrative changes, such as the drastic reduction in the number of licenses, the reduction of the limit of retail sale and of the strength of liquor issued, and increase in the rate of duty. The long-continued high price of food-grains and general depression in trade and commerce have also affected the purchasing power of consumers. The principal cause, however, is the simple one of rise in price which has forced the consumer to restrict his consumption or resort to other intoxicants. The taxation on country spirit was Rs. 8·5 per gallon L.P., compared with Rs. 7·2 in the previous year. In addition to a rise in duty of 10 annas per L. P. gallon there was an increase of Rs. 26,313 in license fees. This made the taxation on country spirit quite equal to that on imported spirit. The enormous increase in the consumption of opium and the marked rise in ganja show how the demand for cheap intoxicants was met. Restrictions have now been placed on the consumption of opium and I do not think it will be rash to prophesy a marked rise in the consumption of ganja, and a considerable increase in the consumption of spirits during the current year. In Patna, Gaya, Saran and Darbhanga, the decrease was due to scarcity and also to the raising of duty in the urban areas. The only districts in which there was an increase of consumption were Manbhum and Burdwan. Here the increase was due to the opening up of new collieries with the consequent influx of labour and high wages. The apparent increase in Bhagalpur, Monghyr and Muzaffarpur is due to extension of distillery areas and abolition of outstills. In Ranchi the distillery system was introduced in a portion of the district during the year, and the consumption of distillery liquor amounted to 44,808 gallons L. P.

Revenue under the contract supply and distillery systems.

14. The total revenue under the contract and distillery systems was Rs. 56,95,309 against Rs. 54,31,642 in the previous year, showing an increase of Rs. 2,63,667. The increase was marked in Ranchi (Rs. 1,19,818), Manbhum (Rs. 1,07,248), Burdwan (Rs. 73,100), Bhagalpur (Rs. 47,839), Monghyr (Rs. 37,685), Darjeeling (Rs. 21,027), Purnea (Rs. 17,991), Hooghly (Rs. 14,473) and Muzaffarpur (Rs. 10,596). In Ranchi the increase was nominal, and was due to the substitution of distillery system for outstills in a portion of the district. In Bhagalpur, Monghyr and Muzaffarpur the distillery system was extended during the year. In Purnea outstills were abolished and contract

supply system has been introduced from 1st April 1909; Rs. 17,991 represent license fees and duty realized in March as advance under contract supply system. The increase in Manbhum and Burdwan was due to better settlement and increased consumption. In Darjeeling and Hooghly the increase was solely due to settlement of shops at enhanced fees. The decrease was heavy in Calcutta (Rs. 1,34,216), Patna (Rs. 41,703) and Gaya (Rs. 41,637). In Calcutta the decrease was due to decreased consumption noticed above. The decrease in Patna and Gaya was due to the settlement of shops at reduced fees on account of scarcity and also to decreased consumption.

Outstill revenue.

15. The outstill revenue was Rs. 32,90,225 against Rs. 39,69,433, showing a decrease of Rs. 6,79,208. The decrease was heavy in Gaya (Rs. 2,21,329), Palamau (Rs. 79,265), Hazaribagh (Rs. 47,992), Patna (Rs. 20,821), Angul (Rs. 17,074) and Darbhanga (Rs. 16,497). The decreases in other districts are mostly due to reduction in outstill areas and substitution of distillery systems. Scarcity, continuance of high prices, failure of the mahua crop, depression in the lac and mica trade are the reasons advanced for the falling off in revenue under this head. In Angul the decrease was due to a movement on the part of the Khonds to abstain from drink supplied by *Sunris*.

Total number of licenses.

16. The number of licenses for the sale of country spirit (contract, distillery and outstill liquor) was 2,997 against 3,039 in the previous year, showing a decrease of 42. In Sambalpur 21 outstills were abolished in pursuance of the policy of reducing the facilities for obtaining drink in this district. In Calcutta 11 country spirit shops were abolished in accordance with the recommendation of the local Excise Committee. In the Sonthal Parganas the number of country spirit shops was increased by 7 to check illicit practices and meet local demand.

Total country spirit revenue.

17. The total country spirit revenue was Rs. 89,85,534 against Rs. 94,01,075 in the previous year, showing a decrease of Rs. 4,15,541.

Local Excise Committee.

18. In accordance with Government Order No. 118S.R., dated the 9th February 1909, local committees were appointed in the following towns to consider and advise in the matter of licensing, number and situation of liquor shops:—

Burdwan.	Cuttack.	Chapra.
Bankura.	Balasore.	Bettiah.
Midnapore.	Puri.	Muzaffarpur.
Hooghly.	Ranchi.	Hajipur.
Baranagore.	Bankipur.	Darbhanga.
South Suburban Municipality.	Behar.	Monghyr.
Bhatpara.	Dinapur.	Jamalpur.
Santipur.	Gaya.	Bhagalpur.
Krishnagore.	Arrah.	Darjeeling.
	Sasaram.	

These committees were largely composed of non-official members. Generally speaking no objection was taken to the existing state of affairs. In Midnapore there was a suggestion that all the excise shops should be grouped together so as to centralise all noise and disturbance. In accordance with the recommendations of the Committees, a new shop was opened in Santipur, one was closed in Patna and three in Bhagalpur. In a few instances the sites of country spirit shops were objected to and changed, but objections were principally directed against "tari" shops. These are exclusively frequented by the labouring classes who are apt to become excited and noisy on very slight provocation and are thus a nuisance to respectable neighbours. In several instances there was not sufficient local interest in the subject to induce the members to attend and form a meeting.

Sites.

19. The location of liquor shops continued to receive attention and although the rules on the subject may be admitted to represent counsels of perfection, still an earnest endeavour was made in most districts to furnish no ground for the reproach that no honest attempt had been made to enforce existing rules. Special attention was given to areas inhabited by aboriginal tribes.

In Hazaribagh, the sites of 30 outstills were changed on account of their proximity to bathing places, hâts, post offices and other public places.

In Ranchi, 32 outstills were removed during the year from roadsides or the proximity of hâts, and at the time of settlement for the current year new and unobjectionable sites to which 22 more outstills and 3 distillery liquor shops are to be removed have been notified.

In Manbhum, new sites were selected by the Special Excise Deputy Collector in consultation with local influential persons for many shops which had hitherto been opened in objectionable sites.

Calcutta Excise Committee.

20. The following action was taken on the report of the Calcutta Excise Committee with regard to country spirit shops:—

(a) Sixteen country spirit shops were abolished, viz., 3 from the 1st April 1908, 8 on the 1st July 1908 and 5 on the 31st March 1909.

(b) The limit of retail sale was reduced from two gallons to one gallon during the year and the hour of closure was directed to be conspicuously noted on the signboards put up in front of the shops.

(c) The issue strength was reduced from 17° U.P. to 20° U.P.

Revision of wholesale price.

21. The wholesale price of liquor was raised from annas 14 to Re. 1-8 per gallon L. P. in September 1908 in the rural area of the Asansol subdivision in Burdwan, in Birbhum and in the Rajmahal, Pakour, Deoghur and Jamtara subdivisions with a view to checking consumption. In the Dumka and Godda subdivisions, the wholesale price was raised from annas 13 and annas 14-6 to Re. 1-7 and Re. 1-8-6 respectively, or by annas 10 per L. P. gallon, as difficulty was experienced in keeping the two distilleries open at the existing rates on account of the high price of mohua.

Rates of duty.

22. The rate of duty in Calcutta was raised from Rs. 5 to Rs. 5-10 per gallon L. P. and in the Dumka and Godda subdivisions of the Sonthal Parganas from Rs. 2 to Rs. 2-8 a gallon L. P. from the 1st April 1908. In Patna, Gaya, Saran, Champaran, Muzaffarpur and Darbhanga, the rate of duty in the urban areas was raised from Rs. 2 to Rs. 2 8 per L. P. gallon, the existing rate of duty being retained in the rural areas.

In the Katwa and Tamluk subdivisions duty was raised from Rs. 3-12 to Rs. 4-6 per L. P. gallon with effect from the 15th October 1908. In Sambalpur the duty was raised from Re. 1-4 to Re. 1-14 per gallon L. P. from the 1st July 1908. The increase was intended to check increasing consumption.

Fixed strengths and maximum prices.

23. Consumption in the contract areas was carefully watched throughout the year. When the duty or wholesale price was raised, the maximum retail price was also raised in proportion. In Murshidabad, where there was an increase in license fees, the maximum prices were raised from Re. 1 and 9 annas to Re. 1-2 and annas 10, respectively, for 20° and 50° U.P. liquor from the 15th October 1908. In the Giridih subdivision a considerable increase in the issues of liquor of high strengths was observed accompanied by decreased issue of low strengths, and in order to remedy the displacement of weak liquor by strong the maximum prices were increased in the case of 20° and 50° U P. liquor from annas 12 and annas 6 to annas 14 and annas 8, respectively, from the 1st August 1908.

Minimum prices.

24. After discussion in Conference, it was decided that minimum prices for country liquor should be fixed in industrial centres and in towns where the competition of different vendors might lead to the undue lowering of prices and consequent increase of consumption. With the concurrence of the Collectors concerned, minimum prices were fixed with effect from the 1st April 1909 in the town shops in the districts of Burdwan, Muzaffarpur, Cuttack and the Sonthal Parganas and in the distillery area of Sambalpur.

Convictions for drunkenness and action taken against licensees for permitting it.

25. In Burdwan drunkenness is reported to have slightly increased, the number of convictions increasing from 247 to 262. In Sambalpur, where the consumption fell off largely during the year, convictions for drunkenness rose from 17 to 55. This shows how little connection there is between visible drunkenness and actual consumption. There was no occasion to take any action against licensed vendors for permitting drunkenness in their premises, except in Khulna, where a country spirit vendor was fined Rs. 15 for allowing drunkenness in his shop. In Ranchi, in a case in which a man had died near an outstill, presumably from excessive drinking there, the outstill was kept closed for one week as a punishment to the licensee.

New private distilleries.

28. Two modern distilleries were opened—one in Saran and the other in Monghyr—by private parties for the supply of liquor under the contract system.

Extension of distillery and contract systems.

29. The distillery system has been extended to thana Fatwa of the Barh subdivision in the district of Patna and to an additional portion of the Ranchi district with effect from the 1st April 1909. The contract distillery system has also been introduced into the districts of Monghyr, Bhagalpur and Purnea from the same date.

Auction system of disposing of licenses.

30. Elsewhere in India this system has been attacked on the ground that the auction price of a shop is an absolutely ineffective weapon with which to fight increased indulgence in intoxicating drink, whereas an increase in direct duty is immediately and successfully operative. Whenever the latter method of taxation does not result in decreased consumption, it was urged that special causes must certainly account for the failure, but when increased license fees do not materially affect consumption or when consumption increases in spite of higher license fees, there appears to have been no attempt to search for such special causes. Experience in this province amply proves that higher license fees, if properly adjusted to local circumstances, will affect consumption just as infallibly as an increase in the fixed duty. It is merely a matter of imposing taxation in another form; the price is raised thereby and consumption decreased. Of course, if a shop with a low license fee is allowed to remain near, and in active competition with a shop that pays a high license fee, consumption may be stimulated instead of checked. The incidence of the license fees on consumption must be carefully assessed and bids accepted in accordance with the real value of the shop. It is thus essential that the officer who conducts the auction and settles the fees should know his business and use both discretion and common sense. An increase in consumption following an increase in license fees proves nothing except that the vendors speculated on increased custom owing to more favourable conditions and that their forecast proved correct. If the season fails to come up to their expectations they sustain a heavy loss, and license fees in the following year will show a corresponding fall. Taxation by means of auction thus adjusts itself automatically to the material condition of the people and is peculiarly suited to a country where prosperity so largely depends upon the character of the seasons. The only way in which a vendor can recover his increased outlay in license fees is by raising his prices or increasing his custom. It depends entirely upon comparative prosperity whether consumers pay the increased price or reduce their consumption In normal years consumption is determined by cost price and by that alone. Whatever may be said about pushing sales, hawking or advertisement in the case of exciseable articles, there is only one way of increasing consumption, and that is by lowering the price. No vendor will persist in selling at a loss; as his expenses rise, so much his prices, unless he can so increase his sales as to secure the same return from a smaller profit. One vendor might

succeed in doing this temporarily by attracting custom from other vendors, but this would not increase the total consumption. All the vendors cannot maintain a low level of prices in spite of an increase in license-fees. They have no option except to raise prices or reduce quality. The effect of license fees on consumption is susceptible of very easy proof. Reduce the license fees by one half in any district, retaining the same fixed duty, and see what the result will be. If such action results in a marked increase of consumption, surely the converse may be assumed, viz., that a rise in license fees will reduce consumption in the absence of extraneous causes. Reduction of fees during a famine will not cause an increase of consumption nor will the raising of fees in prosperous seasons bring about any marked fall in consumption. The * * figures show that enhanced taxation in the form of license fees cannot only reduce consumption just as effectually as a rise in direct duty, but if raised too high will practically extinguish licit consumption.

It may be conceded that when the article sold is issued to the vendor under Government supervision when prices and strengths are fixed and when the profit of the shop is thus susceptible of accurate calculation, the monopoly value can be secured without resort to auction. The difficulty lies in the selection of the vendor from among numerous candidates without creating any vested interest and without fostering improper practices and favouritism.

SECTION III.—COUNTRY RUM.

License-fees.

32. The receipts from license-fees amounted to Rs. 13,200 against Rs. 17,140 in the previous year, showing a decrease of Rs. 3,940. The decrease was due to resettlement at reduced fees and also to the fact that no advance collection was made in March last owing to the abolition of the four licenses.

Consumption and duty.

33. The consumption of Madras and Konnagar rum increased by 1,532 gallons and 210 gallons respectively while Shajehanpur rum declined by 1,063 gallons. The bulk of the Madras rum, *viz.*, 7,928 gallons L. P., was issued duty-free on account of Government. The revenue from duty shows a decrease of Rs. 5,389, due to the importation of larger quantities of duty-free rum for Government purposes.

SECTION IV.—IMPORTED LIQUOR.

Licenses.

36. The total number of licenses issued for the sale of imported liquor was 589 against 526 in the previous year, showing an increase of 63. The increase was mainly due to the issue of wholesale, retail and bar licenses to Messrs. Kellner and Co., Contractors of Railway Refreshment-rooms on the East Indian and Bengal-Nagpur Railways, to cover sales to outsiders, their Railway Refreshment-room licenses being restricted to sales to *bonâ-fide* passengers. In Calcutta 11 additional restaurant licenses were issued to those hotel-keepers who were carrying on a hotel and restaurant business combined, under the cover of the hotel license only.

Revenue.

37. The total receipts, which were derived from license fees alone, amounted to Rs. 2,94,058 against Rs. 2,68,288 in the previous year, showing an increase of Rs. 25,770. The increase was due to the issue of the additional licenses referred to above and also to the fact that in 1907-08 only ten months' fees were paid for subsidiary retail licenses in Calcutta, the remaining two months' fees having been paid previously in advance.

Importation.

38. The fall in imports of better-class spirits is attributed to the general depression and also to the fact that the imports in the previous year were exceptionally large, and heavy stocks had accumulated. The imports of other sorts of spirits which include plain spirits, however, show an increase of 24,178 gallons. It is evident that inferior foreign liquor is displacing country spirit in Calcutta. In the 24-Parganas also the cheaper brands of imported liquor bottled and capsuled in Calcutta compete with country spirit. In Howrah and Hooghly also the *Bhadrolog* class and the better paid coolies in the Mills evince a decided preference for cheap German spirits bottled in Calcutta. These spirits are not only competing with country spirits but also with Shajahanpur rum. It is stated that the more prosperous among the mill-hands show a preference for these liquors on account of their gaudy labels and attractive capsules. At present, there are no figures available showing the actual consumption of imported liquor in Calcutta. The subject of compiling statistics to show the quantity of imported liquor consumed in Calcutta and the quantity exported is under consideration. It is reported from Jessore that contract spirit is displacing imported liquor to an appreciable extent.

SECTION V.—METHYLATED SPIRIT.

Statistics.

42. The total quantity of methylated spirit passed out was 146,434 gallons against 161,377 in the previous year, showing a decrease of 14,943. The decrease is apparently due to decreased manufacture of shellac.

Fluctuations.

43. There was a decrease of 4,674 gallons in the sale of Madras spirit, while 3,400 gallons of Konnagar spirit were, for the first time, placed on the market. Spirit manufactured in this country cannot, however, compete in the matter of price with that manufactured in Java, which now practically monopolises the market for industrial purposes. The quantity of Java spirit issued was 132,188 gallons against 70,331 in the previous year. Only 53 gallons imported from the United Kingdom and 10,525 gallons from Hamburg were so issued. No spirit already methylated was imported during the year.

SECTION VI.—TARI.

Statistics.

46. The receipts were Rs. 12,39,376 against Rs. 11,82,201 in the previous year. There was a decrease of 1,032 in the number of licenses and an increase of Rs. 57,175 in revenue.

Fermented tari.

47. The number of licenses issued was 11,422 against 12,471 in the previous year, a decrease of 1,049. In Bihar a substantial reduction was made in the number of tari shops during the year. In Patna the number was reduced by 140, in Gaya by 273, in Shahabad by 167, in Saran by 99, in Champaran by 8, in Muzaffarpur by 254, in Darbhanga by 30, in Monghyr by 53 and in Bhagalpur by 18. The reduction had the effect of securing competition at the annual sales and there was an increase of revenue in almost all the districts. The increase is marked in Patna (Rs. 18,240), Gaya (Rs. 6,879), Shahabad (Rs. 5,698), Muzaffarpur (Rs. 5,012) and Bhagalpur (Rs. 5,301). Mr. Lang, Collector of Saran, writes as follows:—

"By reducing the number of licenses a keen competition is created among the pasis. The substantial pasis are growing into importance and insignificant ones are working under them as employés. On account of reduction of licenses during the last two years the

trees are not tapped so indiscriminately, hence the owners, who try to enhance the rents whenever a shop changes hands, cannot now insist upon the increase. Tari, however, is too cheap at present and is therefore drunk to excess. It is the exception to meet on the roads or in the shops men who have drunk too much country spirits, but intoxication from tari is unfortunately frequent."

This experience corroborates the view that much of the blame really due to tari is often wrongly imputed to the outstill in Bihar. With the abolition of outstills and consequent increase in price of country liquor, excessive indulgence in tari is likely to become still more noticeable. In the municipal towns of Muzaffarpur and Hajipur, where the population is more than 20,000, the number of tari shops has been reduced from 163 and 76 to 81 and 40, respectively, during the last two years. In the Bhagalpur town the number of tari shops has been reduced from 93 to 20 during the current year, at the instance of the local Excise Committee, which was convened to consider the number and location of liquor shops. Such drastic reduction seems to indicate that the consumers of tari and the pasis who sell it, being the poorest classes of the community, would receive but scant consideration if their interests were left at the mercy of influential local bodies. In Monghyr only 684 licenses have been settled during the current year, as against 792 in 1908-09, with an increase of Rs. 5,453 in demand. It is stated that applications for new shops in areas already congested were summarily rejected and the unsuccessful applicants generally found it to their interest to compete for existing shops rather than remain waiting for new ones. In Bihar the excessive number of tari shops was the subject of unfavourable comment by the Excise Committee, and since then a reduction of nearly two thousand licenses has been made. The increase of Rs. 14,437 in Calcutta was mainly due to the realization of two months' fees as advance instead of one month's fee, with a view to check reckless bidding at the auction sales and subsequent surrender of licenses. In Darbhanga there was a decrease of Rs. 4,855. The tari vendors in this district were allowed time to pay their fees in consideration of famine.

Fresh tari.

48. Licenses for the sale of fresh tari were taken out in 14 districts against 17 districts in the previous year. The number of licenses, however, rose from 180 to 197. In Calcutta there was an increase of 17 licenses; this indicates a slight revival of the demand for fresh juice which has, for several years past, been on the decline.

SECTION VII.—PACHWAI.

Statistics.

51. The total number of licenses issued for the retail sale and home-brewing of pachwai was 10,712 against 10,878 in the previous year, showing a decrease of 166. The receipts fell from Rs. 6,15,945 to Rs. 6,08,408, or by Rs. 7,537.

License for retail sale and revenue.

52. The revenue decreased from Rs. 5,93,732 to Rs. 5,85,506 or by Rs. 8,226. The decrease was heavy in Burdwan (Rs. 4,110), Birbhum (Rs. 4,029), Murshidabad (Rs. 2,384) and the Sonthal Parganas (Rs. 7,440), and was due to the settlement of shops at reduced fees on account of the high price of food-grains. In the Sonthal Parganas a remission of 40 per cent. on the license-fees was granted to all pachwai vendors during the months of June to September 1908 on account of the high price of rice. There was an increase of Rs. 8,968 in Manbhum, due to the settlement of shops at increased fees in the colliery tract on account of keen competition. The districts of Burdwan and Birbhum contributed Rs. 5,82,511 or nearly 63 per cent. of the total revenue, the Sonthal Parganas Rs. 50,542, Darjeeling Rs. 44,049, Bankura Rs. 27,412 and Murshidabad Rs. 20,668.

SECTION IX.—GANJA.

Retail licenses.

58. The number of licenses issued for the retail sale of ganja was 2,045 against 2,040 in the previous year. The license-fees realised were Rs. 12,49,972 against Rs. 11,76,621 in the previous year, showing an increase of Rs. 73,351. A heavy fall in the wholesale price of ganja at Naugaon caused the vendors to anticipate larger profits and so to bid more freely for the licenses.

Consumption.

59. There was an increase of 98 maunds in the quantity of ganja consumed within the province.

SECTION X—SIDDHI, SABZI OR BHANG.

Collection of *bhang* under Government supervision.

66. *Bhang* grows wild in most of the districts which lie to the north of the Ganges and east of the Bhagirathi. It is, however, collected under Government supervision in Monghyr, Bhagalpur and Purnea only. Two Sub-Inspectors with four peons are temporarily deputed each year for two months to supervise the collection, which generally takes place in May and June. The total quantity collected was 1,078 maunds against 871 maunds in the previous year.

Licenses.

67. The total number of licenses issued was 572 (500 for retail sale and 72 druggists' permits) against 477 (448 for retail sale and 29 druggists' permits) in the previous year. Calcutta is responsible for nearly the whole of this increase. Any *ganja* vendor who so desired was allowed to take out a license for the sale of *siddhi* and all took advantage of the concession. By this means a vexatious monopoly was broken up and separate shops for the sale of this drug ceased to exist, but the number of licenses issued rose from 20 to 63.

Consumption.

68. The consumption of *bhang* within the Province was 1,350 maunds against 1,320 maunds in the previous year. * *

Revenue.

69. The receipts from license-fees and duty amounted to Rs. 1,07,512 against Rs. 97,828 in the previous year. The increase of Rs. 9,684 is contributed both by license fees Rs. 8,717) and duty (Rs. 967). In Calcutta there was an increase of Rs. 5,157 in license-fees. The increase is, however, nominal as the previous year's receipts comprised the fees for 10 months only, the fees for the remaining two months having been paid in advance three years ago at the time of the triennial settlement.

Enhancement of duty.

70. Duty on *bhang* has been raised from 8 annas to 12 annas per seer in Patna, Gaya, Shahabad, the Sonthal Parganas and the Chota Nagpur Division and from 12 annas to Re. 1 per seer in Calcutta, Howrah, Hooghly and the 24-Parganas, from the 1st April 1909. In Birbhum and Bankura duty has been raised from 8 annas to 12 annas per seer, from the 1st July 1909.

SECTION XI—CHARAS.

Licenses.

71. The number of licenses issued was 56 as in the previous year.

Imports.

72. The total quantity of *charas* imported during the year was 43 maunds 27 seers against 44 maunds 28 seers in the previous year. The drug was imported direct from the Punjab into Calcutta, the 24-Parganas, Birbhum and Gaya. Other districts obtained their supplies from these districts.

73. *Charas* is principally consumed in the districts of the Burdwan and Presidency Divisions. Of the 32 maunds in round figures imported into Calcutta, 19 maunds were consumed locally and 13 maunds were transported to other districts, the corresponding figures in the previous year being 21 maunds and 11 maunds, respectively. The consumption of *charas* depends largely upon the price of *ganja* and as the price of the latter fell, the consumption of *charas* correspondingly decreased.

Consumption.

SECTION XIII.—OPIUM.

75. The total number of licenses issued for the retail vend of opium was 1,355 against 1,339 in the previous year, showing an increase of 16. Twenty-four new shops were opened in 13 districts to meet local demand and discourage illicit practices, while in six districts 8 shops which appeared unnecessary, or in which the sales were small, were closed.

Licenses for retail sale.

78. The revenue from license fees rose from Rs. 6,22,531 to Rs. 6,57,895 or by Rs. 35,364. The increase was largest in Calcutta (Rs. 9,586), where in spite of the restrictions imposed on the issues of opium to each shop, bids ran high at the last settlement.

License fees.

79. The consumption of opium within the Province was 2,333 maunds against 2,201 maunds in the previous year, showing an increase of 132 maunds. The increase was large in Calcutta (105 maunds 11 seers), the 24-Parganas (42 maunds 21 seers) and Patna (17 maunds 33 seers). The increase in Calcutta and the 24-Parganas was chiefly due to increased smuggling into Burma. The increase in Patna is attributed to the reduction in the retail price, but a case of smuggling of duty-paid opium from this district was detected. In Gaya there was an increase of 3 maunds 14 seers, which was due to some extent to smuggling of duty-paid opium into Burma. Three Chittagonians with 12 seers of Excise opium were arrested at the Gaya Railway Station by the Railway Police. With a view to check smuggling into Burma, the supply of opium to each shop in Calcutta and the adjoining districts of the 24-Parganas, Howrah and Hooghly has been limited to the estimated normal local demand. Power has been taken to cancel the license if there is reason to believe that it is used as a cloak for illicit sales, including sales to opium-smugglers. The register showing the quantity of opium issued to each shop is carefully examined every month and when any abnormal increase in any shop is noticed which cannot be satisfactorily explained, immediate action is taken. In Monghyr there was an increase of 1 maund 39 seers, due to the discontinuance of poppy cultivation in thana Kharagpur and portions of thanas Monghyr and Chakai. In Bhagalpur there was also an increase of 1 maund 38 seers, due to the abolition of poppy cultivation from the district.

Consumption and duty.

There was a decrease of 7 maunds 33 seers in Midnapore, due to restriction of supply to border shops whence opium was smuggled into Orissa. The abnormal consumption of opium in the Orissa districts has been temporarily checked. But smuggling is reported and increased preventive establishments are demanded by the Collectors. There was a decrease of 6 maunds in Cuttack, 13 maunds in Balasore and 10 maunds in Puri. In Balasore 6 more shops have been abolished during the current year and the majority of *hât* shops removed to a distance from the market places. A condition has been inserted in all opium licenses forbidding the employment of hawkers for the sale of opium. In Purnea one of the reasons assigned for decrease of consumption which amounted to 1 maund 29 seers, is that a good many opium eaters and smokers have been sent to jail in connection with bad

livelihood cases. Indulgence in these habits is usually brought forward as a proof of bad character. Two hundred and one maunds of opium were issued to Foreign and Feudatory States against 229 maunds in the previous year.

The receipts from duty increased from Rs. 19,96,676 to Rs. 20,61,649 or by Rs. 64,973.

Total receipts.

80. The total receipts amounted to Rs. 27,19,544 against Rs. 26,19,207, showing an increase of Rs. 1,00,337, Rs. 35,364 from license fees and Rs. 64,973 from duty.

Madak and Chandu.

81. The habit of opium smoking is prevalent throughout Orissa, Midnapore and also in those large towns of the Province where the population is largely composed of low-class Muhammadans, especially in Patna, Bhagalpur and Murshidabad, inhabited by descendants and adherents of formerly illustrious families. Mr. Lyall, Collector of Bhagalpur, writes as follows :—

"The abolition of the system of licensing Madak and Chandu shops in this district does not appear to have resulted in a diminution of the pernicious habit of opium-smoking, as was fondly hoped for by the reformers. Apart from the consumption by individuals in their homes, no less than nine smoking dens are known to exist in the town of Bhagalpur alone and although four of them have been successfully raided during the past 8 months or so, and some of the culprits are undergoing rigorous imprisonment, there has been no perceptible decrease either in the number of smokers or in the smoking habit. Information of the existence of smoking dens in the Subdivisional towns has also been received although they could not be run down within the year for want of a sufficient number of trained detective officers"

A special report on the subject was submitted in this office letter No. 6T.E., dated the 18th April 1909. It was suggested that all gatherings for the purpose of smoking and all manufacture of Madak and Chandu, save by an individual of a small quantity for his own consumption, should be declared illegal.

SECTION XIV.—COCAINE.

Licenses.

85. The total number of licenses issued was 260 against 245 in the previous year. It is difficult to restrict the number of licenses, as every so called chemist, who may require to dispense a prescription, represents that he cannot carry on business without a cocaine license. It will probably be necessary to enforce limitation by demanding some professional qualification before granting a license.

Abuses.

86. The number of persons convicted of illicit sale and possession of cocaine was 157, *viz.*, 123 in Calcutta, 19 in Bhagalpur, 7 in Hooghly, 4 in Purnea, 2 in the Sonthal-Parganas and 1 in each of the districts of Patna and the 24-Parganas. In Calcutta the quantity of cocaine seized was 53 oz. of pure cocaine and 19½ oz. of admixture of cocaine against 293 oz. in the previous year. It is evident that indulgence in the drug has been rendered more difficult, as illicit supplies are now very restricted and the cost materially enhanced.

SECTION XV.—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

Arrests and convictions.

89. There were 2,885 persons arrested against 3,045 in the previous year, a decrease of 160. The fall was most marked in Birbhum (106), 24-Parganas (109), and Sonthal Parganas (111).

Work of Excise and other officers.

90. The number of persons arrested by Excise officers fell from 2,365 to 2,133 or by 232 and those by other officers increased from 680 to 752 or by 72.

Number imprisoned.

91. The number of persons imprisoned during the year was 156 against 112 in the previous year.

Fines and rewards.

93. During the year the fines imposed and realized amounted respectively to Rs. 66,243 and Rs. 48,736 against Rs. 61,750 and Rs. 43,163 in the previous year, the percentage of realization being 73·6 against 69·9 in the previous year. * *

THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION, 1909

NOTIFICATION.

No. 3634.—The 28th August 1909.—The following prospectus and rules relating to the Industrial and Agricultural Exhibition to be held at Mysore in October 1909, are published for general information.

J. G. CUMMING,

Offg. Secy. to the Govt. of Bengal.

PROSPECTUS OF THE DASARA EXHIBITION OF 1909.

Introductory.—With the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following prospectus in connection with the exhibition of 1909.

2. *Opening of the Exhibition.*—This year the Exhibition will commence on Monday, 18th October 1909, and close on Sunday, 31st. The Cattle Show will begin on Monday, 25th October, and close on Thursday, 28th. It may be observed that the show generally offers a good opportunity for people desirous of purchasing good specimens of Mysore cattle.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, the artizan and the manufacturer by actual demonstration. But as the Exhibition of a single specimen may not afford full information, and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted.

Articles on sale versus *samples.*—Articles on a larger scale sent merely for sale will have to be kept in separate stalls and under the charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits, but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition grounds without a gate pass.

4. *Plan of the buildings.*—A plan of the Exhibition grounds showing buildings and the extent covered and open space available is appended to this prospectus. Those who desire to have special facilities for the sale of articles or demonstration of processes, are requested to place themselves in communication with the Secretary to the Exhibition Committee.

5. *Horticultural Show.*—The Horticultural Show comprising "class" and "group," etc., mentioned in the first section of the prospectus, will be held on the 25th October 1909, and kept open till the close of the following day.

6. *Lectures and demonostrations.*—Lectures will be delivered by competent persons in English and Kanarese on subjects connected with Industry, Agriculture, Health and Sanitation, the value of agricultural implements and machines, their cost, construction and repairs. Arrangements will also be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and processes connected therewith. The exact time and the place of the lectures and demonstration will be announced later on by handbills and notices.

7. *Donations.*—The Committee would thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of Agriculture or Industry.

8. *Classification of exhibits.*—The classification of exhibits will be according to the price-list subjoined to the prospectus and entries in several sections should be made in the application forms precribed.

9. *Open to all India.*—The Committee invite exhibits from all the districts in the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

10. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

11. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets will be issued at Re. 1 per head. These are not transferable, but books of eight single tickets may be had also at Re. 1 per book. If possible, return railway season tickets between Bangalore and Mysore at a reduced rate which will admit to the Exhibition for the whole season, will be arranged for.

RULES AND REGULATIONS.

1. *Noxious articles.*—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars re exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee, particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in the necessary entry form appended to this prospectus Forms may also be obtained from the District, Divisional and Taluk Officers or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up and separate sheets should be used for each section.

3. *Applications from exhibitors.*—Applications should reach the Secretary not later than 15th September 1909. Each application should contain a post-card on which the address and post town of the exhibitor are legibly written.

4. *Lists from taluks.*—Deputy Commissioners of districts with the District Committee, Subdivisional Officers and Amildars of Taluks are requested to convene, as early as possible, a meeting of the leading artizans, raiyats and merchants residing within their respective charges to explain to them fully the object and scope of the Exhibition, to carefully acquaint them with the rules and regulations drawing particular attention to such paragraphs as 2, 3, 10, etc., to distribute to them forms of applications to have them filled up by intending exhibitors compile them, and to forward them to the Secretary.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which can compete at the Exhibition. Articles not especially enumerated in the prize-list may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for exhibits.*—No fees will be charged for the admission or registration of exhibits or for the space allowed for them.

7. *Acceptance of exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance or rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of exhibits.*—Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by post or railway, and all Taluk and District exhibits should be sent through the Deputy Commissioners of districts.

9. *Payment of freight and transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor, will be accepted by the Committee.

10 *List of particulars*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor; in the case of exhibits in the agricultural section, essential particulars such as—

(1) The season of sowing.
(2) The soil on which they are grown.
(3) The quantity of seed per acre.
(4) The manure used.
(5) Whether any irrigation is required.
(6) The time required for the maturing of the crop.
(7) The average yield per acre.
(8) Any other interesting details regarding cultivation should be given.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the Mysore Exhibitions of 1906, 1907 and 1908 shall be precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. *Date of delivery of exhibits.*—Intending exhibitors are requested to send the exhibits so as to reach Mysore on the 25th September 1909, from which date the Committee will arrange to take charge of exhibits. BUT NO EXHIBITS WILL BE RECEIVED AFTER THE 5TH OCTOBER 1909.

13. *Belated exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the dates mentioned in paragraph 12, but shall not be entitled to compete for prizes.

14. *Perishable articles.*—Vegetables, fruits, and other perishable articles may, however, be delivered at the Exhibition Hall till 7 P.M., on the 24th October 1909.

15. *Admission of exhibits.*—No exhibits will be admitted without a pass signed by the Secretary or members of the Committee on duty at the Exhibition grounds.

16. *Responsibility of exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits and they must either personally or by their agents or servants superintend their reception and removal, in default of which, the

Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

17. *Committee accept no responsibility.*—No responsibility will be accepted by the Committee as to any damage or loss howsoever occurring.

18. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any processes of manufacture or the working of any implement or machinery and, if so, to state briefly the nature of the demonstration and any special facilities they require.

19. *Special arrangement to be made at the exhibitors' expense.*—If the exhibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their own expense, but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitors' expense. The expenses of demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made with the Committee.

20. *Valuable exhibits.*—All valuable exhibits must be forwarded under the charge of an attendant.

21. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

22. *Weighing of exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangements, it is not possible to weigh every consignment before taking delivery of it. So exhibitors are requested to take every possible precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignments should be weighed at the Railway Station before delivery, should intimate their wish to the Secretary in time and remit in advance a special fee of Re. 1 on each consignment to be thus weighed,

23. *Acknowledgment of exhibits*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitor duly signed by the Secretary. No other kind of receipt will be sent. Any differences between the list and the articles actually received will be noted in the duplicate list.

24. *Free pass to exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given.

25 *Free admission to* bonâ fide *raiyats and artizans.*—Raiyats and artizans unable to pay fees, belonging to the Mysore State or from outside, who produce certificates of identification signed by their respective Taluk Officers in Form B appended to this prospectus, will be admitted free.

26. *Space for exhibits on sale.*—Accommodation will be found within the Exhibition grounds, as far as possible, for articles intended for sale. But those who wish to send articles on a large scale would do well to have temporary booths put up at their own cost in the Exhibition grounds by previous arrangements with the Committee.

27. *Articles on sale.*—Articles on sale or those sold should in every case have cards attached to them notifying the same.

28. *Removal of exhibits.*—All exhibits must be removed within a week after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owner or purchasers within 24 hours after the opening of the Exhibition.

29. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or any of the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of articles.

30. *Exhibits belonging to departments of Government.*—Articles or cattle exhibited by any department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. This rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes if the exhibits are manufactured by themselves.

31. *Admission of live-stock.*—All cattle and sheep brought for this show will be located in a convenient place before the first selection and only such of the animals as are selected will be permitted to be picketed in the sheds provided at the show-yard according to breed, age and size, etc.

32. *Accommodation for cattle.*—Accommodation will be provided free of cost for about 150 head of cattle.

33. *Grant for fodder.*—A sum of 4 annas will be given for each head of cattle selected, per day, for the four days from 25th to 28th, both days inclusive.

34. *Admission to the show grounds.*—Only pass or ticket-holders will be allowed to the show grounds, while the cattle are judged.

35. *Practical test.*—Working cattle may, at the owners' option, be subjected to a practical test as to their powers of draught. They must be the *bonâ fide* property of the exhibitor.

Single bullocks will also be tested both for riding and draught purposes at the owners' option.

36. *Care-taker.*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

37. *Distribution of awards.*—Prizes and medals will be distributed at the close of the Exhibition. This year it is proposed to hold a distribution of prizes in the Exhibition grounds on or about the 30th October 1909.

38. *Number of Judges.*—The Judges in each class or group will not be less than three, but no prizes will be awarded unless in the opinion of the Judges the exhibits merit the reward. Judges cannot compete for prizes in classes or sections in which they are Judges.

39. *Photograph of articles exhibited.*—No article exhibited may be copied, photographed drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of the stalls may, however, be taken with the permission of the Committee.

40. *Committee's decision final.*—The Committee have full power to make rules for the conduct of the Exhibition under these Regulations and their decision is final in all cases.

41. *Acceptance of rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations and also of such other rules as the Committee may hereafter issue, not inconsistent with these regulations.

42 *Communications re the Exhibition.*—All communications regarding the Exhibition should be addressed to the Secretary to the Mysore Dasara Industrial and Agricultural Exhibition Committee, Mysore.

MYSORE,
The 28th April 1909.

G. SUBBUSWAMI IYER,
Secretary.

* The report is for the week ending 4th September 1909.

GENERAL SUMMARY.—Rain fell in all districts excepting Gaya, Monghyr and Palamau. In Puri the fall was heavy; in other districts light. More rain is wanted in parts of Shahabad, Saran, Purnea, Angul and Palamau for *aman* paddy. Harvesting of the autumn crops, including jute, is in progress. Transplantation of paddy continues in some districts. Winter paddy and sugarcane are doing well. Low-land crops have been considerably damaged by floods in parts of Burdwan, Hooghly, Howrah and Murshidabad. The price of common rice has risen in Hooghly, Saran, Puri and Sambalpur, and has fallen in Jessore, Shahabad, Champaran, Monghyr and Bhagalpur. The price of *makai* is falling owing to the full harvest already reaped in some districts. Rinderpest is reported from Murshidabad, Monghyr Balasore, and Sambalpur, and other cattle-diseases from Midnapore, Nadia, Khulna, Patna, Gaya, Saran, Champaran, Muzaffarpur, Angul, Puri, Hazaribagh, Ranchi and Palamau. Fodder is dear in parts of Burdwan owing to the recent floods. The water-supply is sufficient throughout the Province.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

d, drizzling rain; t, thunder; p, passing temporary showers; o, overcast.
